KATA-KATA ALUAN PENGARAH PELAJARAN SELANGOR

Saya terlebeh dahulu suka mengucapkan ribuan terima kasih kepada Guru Besar Sekolah Menengah Laki-Laki Methodist, Sentul, Kuala Lumpur kerana sudi menjemput saya memberi sepatah dua kata untuk dimuatkan ke dalam majallah sekolah keluaran tahun ini. Penerbitan sesebuah majallah berkehendakkan daya usaha dan kerjasama yang erat diantara Guru Besar, guru-guru, murid-murid dan ibubapa. Disamping itu murid-murid dapat melatih diri sendiri supaya bertanggung jawab untuk menjayakan penerbitan majallah sekolah mereka dengan menyumbangkan karya-karya mereka untuk dimuatkan ke dalam majallah ini. Sifat kreatif dan inisiatif ini dapat dipupuk di kalangan murid-murid semasa mereka di bangku sekolah supaya mereka boleh menjadi warga negara yang baik, berdisiplin dan bertanggungjawab.

Baik buruknya sesebuah sekolah adalah bergantung bukan sahaja kepada keputusan peperiksaan yang dicapai oleh sekolah itu bahkan juga kepada sikap dan kelakuan murid-murid semua. Tidak semestinya sekumpulan besar boleh menjatuhkan nama baik sekolah itu tetapi perbuatan oleh seorang murid sudah pun mencukupi seperti kata orang tua-tua 'Sebab nila setitik rosak susu sebelanga'. Oleh itu saya merayu kepada murid-murid semua mengawas-awasi antara satu sama lain tentang disiplin serta mengamalkan sikap mental yang sempurna terhadap pembelajaran, lebih-lebih lagi di zaman sains dan teknoloji ini iaitu zaman yang sungguh hebat dengan pengetahuan dan persaingan dalam bidang akedemik. Murid-murid semua adalah juga diharapkan supaya tidak mengecewakan harapan ibubapa, masyarakat dan Ibu Pertiwi terhadap mereka. Mereka mestilah mempunyai matlamat pencapaian dan bergiat untuk mencapainya. Janganlah hendaknya matlamat pencapaian ini sebagai impian kosong sahaja tidak dibuktikan dengan kenyataan.

Kepada guru-guru dan ibubapa, saya suka menyatakan bahawa kerjasama yang erat antara rumah dan sekolah sangatlah mustahak untuk mengasuh, mendidik dan mengajar anak-anak kita supaya menjadi seorang yang berguna kepada dirinya sendiri, kepada keluarganya, kepada masyarakatnya dan juga kepada negaranya.

Akhir sekali saya mengucapkan tahniah kepada sidang pengarang yang telah mengorbankan masa dan tenaga bagi mengeluarkan majallah keluaran tahun ini. Moga-moga majallah ini akan menjadi rebutan ramai apabila dikeluarkan nanti.

TAN TEIK BENG,
PENGARAH PELAJARAN,
SELANGOR.

MESSAGE FROM THE CHAIRMAN BOARD OF GOVERNORS

I am deeply gratified to be able to write a few words in the School Magazine.

I have been associated with the School for the past 38 years and quite naturally I share with many Old Boys and friends, the joy and satisfaction of seeing the School grow.

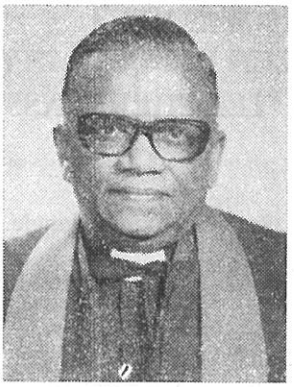

Recent review indicates that in the course of its growth, the School is not without its problems. It is therefore very timely that there is now in existence the Parent — Teachers Association.

In our community, the Parent — Teachers Association can play a major role in contributing towards the well-being of our students. Joint efforts by the Parent — Teachers Association, the Board of Governors and the Old Boys' Association, will go a long way to help the School to maintain its good name of which we must all be proud.

I therefore appeal to each and everyone connected with the School to be conscious of his or her responsibility so that together we will move onward, forward and upward for the betterment of the Sentul Methodist Boys' School.

CHAN WENG CHIU.

BISHOP'S MESSAGE

A former student of a Methodist School said that he would make any sacrifice to get his son into a Methodist School. On asking for his reasons I found that he placed the spiritual foundation of education as necessary along with the academic.

The soul of education is the education of the soul; and in the various attitudes and activities of our schools it is hoped that our students will not miss this very important aspect of training.

Seeking God's presence in prayer, knowing about some part of the religious history of mankind, searching for ideals to govern life, and the commitment of life and service to a Living God is part of building spiritual foundations.

The formulation of ideals has contributed largely to spiritual foundations; one exhortation worth knowing is a verse which was chosen as the motto of one Methodist School:

Whatsoever things are true, whatsoever things are honest;
Whatsoever things are just, whatsoever things are pure;
Whatsoever things are lovely, whatsoever things are of good report;
If there be any value, and if there be any praise;
Think on these things.

St. Paul who formulated it said he was only able to live the good life because of Christ who strengthened him.

May God inspire you with high idealism and endow you with the strength to practise the highest and best ideals in life.

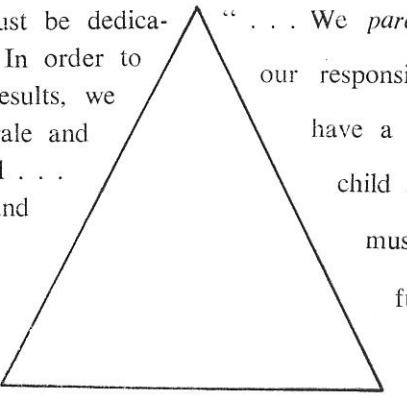

THEODORE R. DORAISAMY,
BISHOP,
METHODIST CHURCH.

7th March, 1974.

SPEECH BY CHAIRMAN, PARENTS TEACHERS ASSOCIATION

" . . . . We are like the sides of a triangle. Parents, teachers, students, we cannot be separated. For we are one.

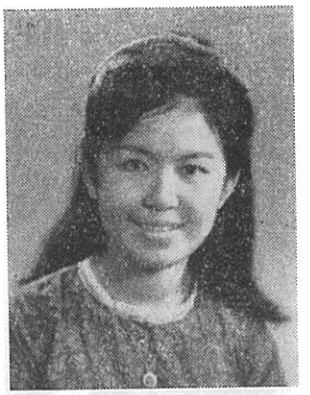

" . . . The *teachers* must be dedicated to their task . . . In order to obtain better M.C.E. results, we should have better morale and discipline in the school . . . With your dedication and guidance in techniques of studying . . . we can achieve better results . . . "

" . . . We *parents* too, must realise our responsibilities and we must have a closer watch on each child . . . We parents too must see that our children fulfill their responsibilities as students . . "

" . . . . To you children, as *pupils*, I call upon you to be proud of your school, respect your teachers and be obedient to them . . . Put your shoulder to the wheel, with all sincerity, willingness, loyalty and dedication to your studies. These are the keys to success . . . In your day to day living, in order to face up to this challenging world, you must develop yourself physically, intellectually and spiritually, and still more you should steer the course of your daily life with determination and inner power in such a way as to enable you to acquire your ideals and aspirations. I am sure with all these qualities you will be successful in life . . . ."

A TRIBUTE TO M.B.S., SENTUL

15th May, 1973 – a new recruit to the staff of the Methodist Boys' Secondary School, Sentul, entered the school gate.

Filled with a feeling of uncertainty, I began my classes that first day. Throughout, I was so obsessed with the idea of creating a serious atmosphere and of casting upon the pupils a stern impression, that anyone who took me for a "tyrannous slave-driver" would have been totally justified! In actual fact, I was all nervous and jittery inside and was jubilant when the last bell signified to me that the victory had been won! With each day that followed, my confidence grew and I began to realise that my anxiety and anticipation of the worse had been utterly uncalled for.

In the classroom, I am grateful to all my students who have given me the respect and co-operation to help me meet the challenge of teaching. To them as individuals I hold the same respect as they have for me.

I wish also to thank my colleagues and superiors for their invaluable advice which helped me to perform my tasks. Everybody has been exceedingly friendly and they made me feel a part of the "big family".

To all the students, I urge you to be confident and to do your best to achieve your aspirations. Everyone is endowed with potential in life. Any "miracle" to be performed is entirely up to you but make sure there will be no regrets after.

Finally, I wish to thank everyone in M.B.S. Sentul may it be my superior, colleague or student, for having made my stay such a delightful one, the memories of which I will forever cherish in my heart.

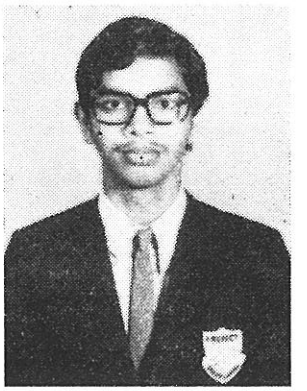

Best wishes and "Lots of Blue Skies"!

MISS CHOO HOOI SIN.
31ST MAY, 1974.

In questions of science, the authority of a thousand is not worth the humble reasoning of a single individual.

— GALILEO

Editorial

"The past is our foundation.
The present is our material,
The future is our hope and summit."

– SRI AUROBINDO

This year our magazine is built around this theme and the contents will thus be divided into 3 parts.

Part I – The past is our foundation illustrates the fact that nothing can be built without a good foundation. Our school's foundation and subsequent growth can be gleaned from the contributions of both Mr. Arthur Lee and some old boys of our school.

Part II – The present is our material spotlights our pupils' activities, thoughts and attitudes through their writings as well as society, house and games reports.

Part III – The future is our hope and summit — We send off our Form 5 and some Form 3 school leavers with the hope that their school life has equipped them to face life confidently, courageously and wisely.

It is the duty of every citizen to follow the path pioneered by great men, and to emulate the principles of the Ruku Negara, to build a more prosperous Malaysia.

A last thought
Hold fast to dreams,
For when dreams die,
Life is a broken winged bird,
That cannot fly.

R. GUNARATNAM.
(EDITOR).

The Past

is our Foundation,.....

The Past

is our Foundation....

HISTORY OF M.B.S., SENTUL

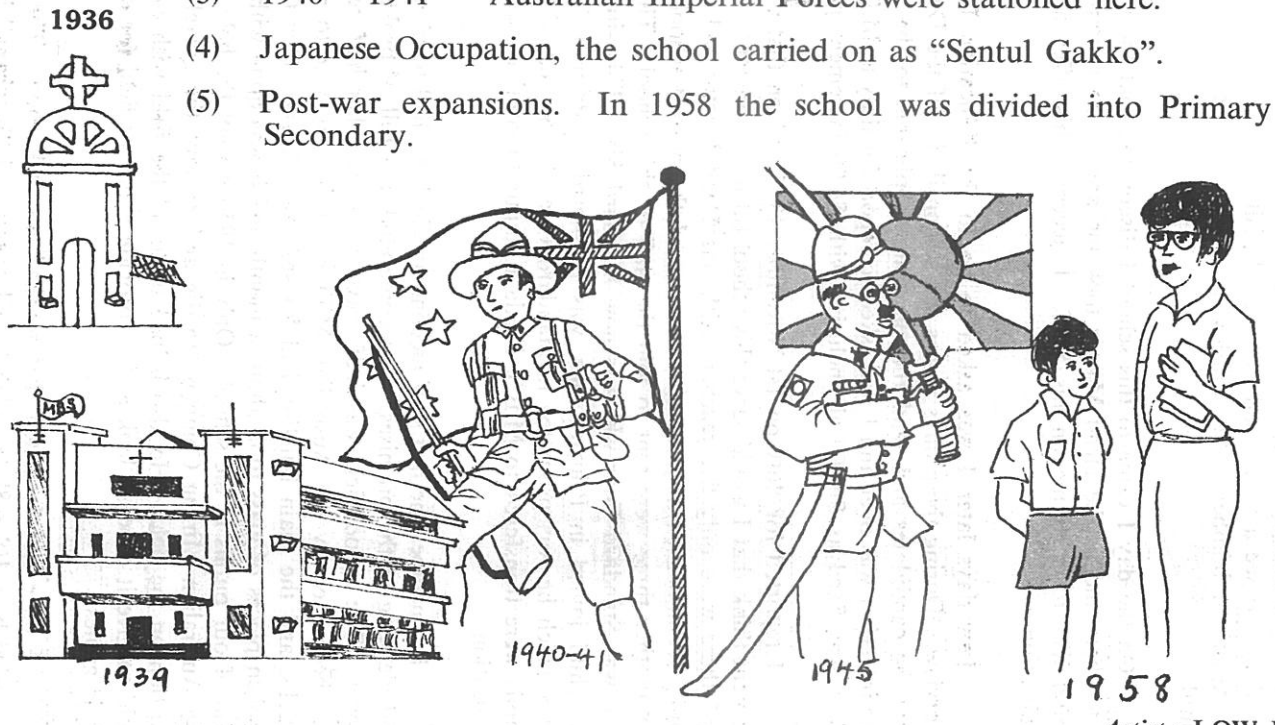

(1) 1936 — The school was started by Rev. P. L. Peach with only 7 pupils housed in a backroom of the Tamil Methodist Church.

(2) 1939 — Official opening. The school now had its own small building.

(3) 1940 – 1941 — Australian Imperial Forces were stationed here.

(4) Japanese Occupation, the school carried on as "Sentul Gakko".

(5) Post-war expansions. In 1958 the school was divided into Primary and Secondary.

Artist : LOW KIANG YIM.

RECOLLECTIONS BY ARTHUR G. LEE

October 20th 1945 was a day of decision for me. It was on this day I decided to be a teacher in this school. It was also my first visit to M.B.S. Sentul and my third visit to Sentul, once the suburb of Kuala Lumpur. My first visit to Sentul was to see a friend and my second visit was to see the damage caused by the American bombers. My third visit was to see the Head Master of M.B.S. Sentul.

On the day I came to this school I discovered that the school was in need of teachers and as the Head Master took me around he prompted to me that he would like to have me on his Staff. I accepted his offer and handed in my application.

Few days later I was asked to go to the Education Department for an interview. During these days it was the responsibility of the Department to interview the candidates and send the successful applicants to the respective schools. The interview was over and I was asked to report for duty at M.B.S. Sentul and the salary was fixed as $65.00 all inclusive with $5.00 increment per annum.

I reported for duty on 1st November 1945 and on that day I did not for a moment think that I would serve this school till my retirement. When I joined the staff there were only five teachers with one Head Master and approximately 300 pupils accomodated in seven class rooms and the present school hall. Along with me another three were sent to join the staff of this school. The highest standard then was Standard Four which is now Standard Six. This situation was because the child joined in Primary One. was promoted to Primary Two the next year after which he was promoted to Standard One. At the end of Standard Four the pupils were transfered to M.B.S. Kuala Lumpur to continue with their Secondary Education.

I remember the first staff meeting at which we had to plan the accomodation and cleaning of the premises. The compound was full of broken glass pieces and stones. The school field was half gravel with the other half cemented because it had been used by the Australian Military during the war to park their military trucks, and the main building had housed the soldiers. Our task to remove the broken pieces of glass took about a month and it was done with the full co-operation of our pupils in the school. Only in 1950 we got the help of the Manager of the Australian Mining Company to dig and remove the gravel and the cemented portion on the field. He also helped us to fill the field with earth and turfed the field to give it a better look and to provide a proper field for our boys to use for their games.

I have not forgotten that we had no tuck shop. The Jaga's house was extended by a 10' x 8' verandah to sell sweets and "katchang" but no drinks. We arranged with the Education Department Welfare Section to give us milk powder which we mixed in hot water and served to all the pupils free.

The total land space for our school was only boardering the present toilet and yet we had to provide accommodation for our school Jaga, the only one sweeper and two gardeners. The temporary building to 'house' them was built on the small space where we now have the basket ball court. However in 1954 the Principal Mr. K. V. Thaver negotiated with the State Government and got its permission to annex the adjoining vacant land and extend our school land to the present boundary. This in a way helped us to demolish the workers' temporary building and to erect new quarters for them at the back. The temporary attap roofed building of four classrooms was also demolished and replaced with the present Secondary three storey block with twelve classrooms and the present Office.

I had the privilege of serving under six experienced Principals and in 1960 Mr. Kwong Sea Khoon who was then the most senior teacher took over the administration. This was the first time in many years a Senior Teacher from the same school was promoted to take over the Headship; earlier it was always a case of bringing in an 'outsider'.

Mr. Kwong was fortunate as there were a number of 'old guards' still in the school to give him the co-operation and support during the initial stages of his responsible position; I do not wish to continue with the history of this school because I have written this earlier in the school magazine 1971.

With faith, hope and courage I joined this school. During my stay here I am glad I contributed to the best of my ability. I feel I gained much experience by serving in all sections of the school administration. A teacher's work does not end within the classroom only. He is needed as a counsellor, social worker and above all involve himself or herself in all aspects of the school with devotion and dedication.

I came, and I served the school to the day of my retirement. I wish the school success now and in the years to come.

ARTHUR G. LEE, P.J.K.

ON EDUCATION

Education makes people easy to lead, but difficult to drive; easy to govern, but impossible to enslave.

– HENRY PETER

Education is a social process . . . . . .
Education is growth . . . . . .
Education is not preparation for life; education is life itself.

– JOHN DEWEY

Upon the education of the people of this country the fate of this country depends.

– DIAOGENES

TRIBUTE TO AURTHUR GLADWIN LEE

This November, with a heavy heart, we say goodbye to Mr. Authur Gladwin Lee, our afternoon supervisor. He has had the distinction of teaching in Methodist Boys' Secondary School Sentul since 1954, and has witnessed the growth of our School from its establishment until this present day.

Arthur Gladwin Lee born 5th November, 1919, was the youngest child of an aristocratic family from Jaffna, Ceylon. He matriculated from one of Ceylon's leading colleges, the Jaffna College.

Mr. Lee had had ambitions of furthering his education but was unfortunately hampered by the Second World War. Just before the outbreak of the war and while awaiting his results, he arrived in Malaya for a short holiday. The sudden invasion of the Japanese of this country and several others around it, shattered his ambitions.

At that time it was the common practice for everyone regardless of race, creed or culture to grab whatever job was available, in order to survive. So it was with Mr. Lee. He was involved in several types of jobs through which he gathered various experiences. Two notable jobs which he held during that period were that of a Postal Clerk and that of a Lawyer's Clerk.

The war ended and in the scramble for jobs Mr. Lee joined the Staff of the Methodist Boys' Primary School, Sentul, as a Temporary Teacher on 1st November, 1945. Later he qualified as a Normal Class Trained Teacher. In 1956 he also underwent a One Year Course in the Teaching of Woodwork and Technical Drawing.

From the day he took up Teaching as a Career, to the present day, one cannot count the number of contributions that he has made at the expense of his time, his energy and even his health.

As a teacher, he was a disciplinarian. Old pupils still respect him even though he had terrorised them in and out of school. Many of them are grateful to Mr. Lee for what they are now. They know that he always had the pupils' welfare at heart. Now he is the honoured Patron of the M.B.S. Sentul, Old Boys' Association.

Mr. Lee has always been interested in the Welfare of the School. His untiring efforts and whole hearted co-operation with all the Principals with whom he has worked until now, has resulted in what the School is today.

His involvement in voluntary activities especially those of Social concerns should not go unrecorded. His active participation in the Adult Education Literary Campaign, Welfare work such as Flood Relief, Retarded Children's Association, Church work and such community services have made him a very respected man in and around Sentul. In recognition of his services, His Highness the Sultan of Selangor conferred on him the title of P.J.K. in 1970. In 1964 he was sent as a delegate to the I.L.O. conference which was held in Geneva.

To many a young teacher he acts as a Counsellor. He is ever willing to listen to one's problems, and you can be sure that he will come up with a solution most suitable to all concerned. This particular aspect of his character has made him a popular man.

We wish Mr. Aurther Gladwin Lee all the best in his days of retirement and we hope that good health will always enable him to lead an active and sacrificial life which has always been his heart's desire.

His Royal Highness the Sultan of Selangor congratulates Encik Arthur G. Lee after awarding him the honour of P.J.K.

RECOLLECTIONS OF SOME OUTSTANDING OLD BOYS OF M.B.S., SENTUL

Dear Editor, 14th June, 1974.

It is my pleasure to write an open letter to the magazine of my old School of which I have pleasant and fond memories.

After I left Methodist Boys' School Sentul in 1959 I went on to Methodist Boys' School, Kuala Lumpur, to do my sixth form and then obtained my B.Sc and M.Sc at the University of Malaya while studying on a federal scholarship. After that I went to Oxford on a Rhodes Scholarship to do my Doctorate research on Low Temperature Physics at the Claredon Laboratory Oxford. After completing my thesis in 1969 I returned home and became a lecturer in the School of Physics, University of Science in Penang where I have been lecturing ever since. I was recently away from the country for seven months on an attachment to the Atomic Energy Research Establishment, Harwell, England.

Looking back, the most influential part of my life has been the years I spent as a school boy in the Methodist Boys' School. I remember we used to be fairly active, taking part in most sports as well as trying to compete on the academic field. We used to have a good dialogue with the staff and never tried to let them down. I vividly remember the staff instilled in us a sense of responsibility, the willingness to be ambitious and adventurous, to always have hope and above all the willingness to work hard.

I have a great respect for an all-round student. Work hard on your class problems and class assignments but also participate in the sports field. It makes you a better man. You will develop a sense of sportsmanship, a give and take attitude willing to accept defeat and to prepare for victory.

Remember, success in life takes many forms but always be responsible and responsive and be highly motivated in your ventures.

Yours faithfully,

DR. R. RATNALINGAM,
(LECTURER IN PHYSICS),
UNIVERSITI SAINS MALAYSIA.

SCHOOL DAYS IN THE TIME OF "SENTUL GAKKO"

Early one morning in 1946, *a ten year old boy* was awakened by his aunty and, after putting on what was available in the form of a shirt and a pair of shorts, they walked to the M.B.S. Sentul where there were many more adults seeking *enrolment for their over-age children.* The process was simple and he was allotted a *"classroom" in an open air verendah* next to the main entrance of the school. There were about 20 students sitting in rows of five or so on long benches. This was how I was enrolled with many at the Methodist Boys' School Sentul. And I am sure this is the common experience of many other *children who were affected by the Second World War and the Japanese Occupation.*

The progress and growth of this school from then onwards is praiseworthy, with all concerned playing their parts-parents made donations towards the building fund and the community was urged to do likewise by teachers who visited homes in their spare time. Many other ways and means were engineered to collect funds for the progress and growth of the school and in *1954, M.B.S. Sentul achieved its first ambition of preparing the first group of 38 "Standard Nine" students for the first Senior Cambridge Examination for the School.*

This is my message to the present pupils – you have a wonderful school with highly dedicated, experienced and most helpful staff and teachers. Make full use of their expertise and take full advantage of the school's academic and extra-mural facilities which have been built up with patient and dedicated efforts.

The community judges a school from the academic and extra-mural success its student achieve. You know the pleasure and elated feeling that success brings and you as students play as important part in deciding whether the school and the community will share this pleasure from your successes this year.

SCHOOL DIARY

1974

PRINCIPAL'S REPORT 1974

STAFFING :

There are altogether 55 teachers on the staff, consisting of 28 men and 27 women teachers. Of these 10 are Honours Graduates, 5 Pass Degree Graduates, 8 Normal Class Trained, 25 College Trained, 1 Guru Ugama, and 6 Temporary Teachers.

Two teachers attended the Bahasa Malaysia course during the 1st Term; two during the 2nd Term, while 5 others are attending the course during the school vacations. Yet another will be attending it during the 3rd Term.

No. OF CLASSES AND ENROLMENT :

There are 37 classes with an enrolment of 1466 students, as against 36 classes and 1448 students last year. The school is running two sessions, with 19 classes in the morning and 18 in the afternoon. There are 6 classes in Form V, 5 in Form IV, 8 each in Forms III, II and I, and 2 in Remove.

L.C.E. EXAMINATION :

302 students sat for the L.C.E. Examination in 1973. Of these 145 qualified for promotion to Form IV. They represented a pass percentage of 48%, an improvement of 5% over last year. The outstanding pupils were :

(1) Lim Hwa Teong (5 distinctions).
(2) Hong Lay Chuan (4 distinctions).
(3) Low Aik Har (5 distinctions).

M.C.E. EXAMINATION :

220 students sat for the MCE Examination in 1973. Of these 10 were placed in Division I, 21 in Division II, 14 in Division III and 84 in Division IV. The pass percentage was 20%, an improvement of 10% over last year. An additional 65 students would have passed had they not failed in Bahasa Malaysia. In order to improve the standard of Bahasa Malaysia, our teachers voluntarily offered to teach the language on Saturdays. But, sad to say, the number of students attending such classes was not up to expectations.

From among the successful candidates that passed the M.C.E. last year, 8 were selected for admission to Sixth Form Science. The outstanding pupils were:

1. Kay Yew Kiang (6 distinctions).
2. Ong Say Kee (6 distinctions).
3. Lee Lai Keong (5 distinctions).

STUDENT ACTIVITIES :

For a report on sports please refer to the following:

(1) V. Segran (page 46).
(2) P. Bannerji (page 46).
(3) Harry Loo (page 49).
(4) School Volleyball (page 60).
(5) School Badminton Team (page 47).
(6) School Basketball (page 49).
(7) School Chess Team (page 80).

(Editorial Board)

IN THE SCHOOL ANNUAL CROSS COUNTRY RACE :

Held on 22nd March, Yellow House came first, followed by Green House, Red House, White House and Blue House, in that order. The Team Championship was won by White House. The following were the Individual Champions:

Class I: Vasudevan of Green House.

Class II: Krishnasamy of White House.

Class III: Mustapha of Red House.

In the School Annual Athletic Meet held on 25th May, Yellow House won the Peach Trophy. The Individual Champions are as follows:

Open Events: Tan Kim Chooi of Green House,

Class I: Mohd. Ibrahim of White House, and

Class II: Selvarajah of Green House.

Green House became the overall champions in the Inter-House Games Competition and is thus the holder of the Singam Trophy for 1974.

In the Dudley Shield Competition, the School beat the O.B.A. at Volleyball, Badminton, Table Tennis, Chess and Sepak Takraw, but lost at Tennis and Soccer. By winning five games out of seven, the School thus regained the Dudley Shield from the O.B.A. this year.

COMMUNITY SERVICE :

The Scouts worked for 3 days on the Bukit Nanas cable car project to help construct a Tourist Path by cutting and clearing the undergrowth. After 3 days' of hard work, the path was completed and the Scouts were given a free cable car ride in appreciation of their service.

During the Thaipusam Festival, the Scouts were there to help in running the stalls and controlling crowds.

On 7th July, the Scouts helped the 4-B Youth Club in the Anti-Aedes Mosquito Campaign in the Sentul District. Ten of our Scouts have been selected to attend the 3rd Malaysian Jamboree which will be held at Johore Bharu in August.

Our Prefects and some upper secondary students, too, have helped several charitable organizations to sell flags on many occasions.

SCHOOL DEVELOPMENT :

The conversion of two classrooms into Science laboratories is just nearing completion. We are grateful to the government for a grant of $4,000/- for this project which costs in all about $10,000/-. The Board of Governors has also decided to acquire the front block of this building, consisting of eight classrooms, from the Primary School, for the sum of $40,000/-. Plans are afoot to raise the necessary funds for this project.

Good behaviour and Morality that should be practised by Malaysian Youths

Good behaviour and morality form the foundation of society and contribute to the prosperity and well-being of any nation in the world. If Malaysia is to prosper in the near future, good behaviour and morality are qualities which should be present in Malaysian youths.

These two qualities — good behaviour and morality — must be cultivated and practised first in the home. Obedience to parents and elders is the first step towards morality. Our youths should not restrict their obedience to parents and elders only; they should also extend their obedience to neighbours and teachers who are striving to help us secure a place for ourselves in society and be successful in our future careers.

Malaysian youths should also possess the essential manners looked for in every student. On their journey to school in a bus, they should offer their seats to elderly people. Our youths should not rush for the bus and trample on smaller children. Rather they should ensure that orderly lines are set up and they themselves should bring up the rear.

Malaysia is a land of many races and creeds. If each race and creed keeps to itself and does not mix with the other races, then Malaysia will not make much of a headway in any field. It is up to our youths to cultivate goodwill between the various races so that a united country will emerge for it is in unity that there is strength – strength which will forge Malaysia into a modern, progressive and dynamic country, strength which will enable us to remain neutral in a time when the big powers are pushing each other to get our favours, and strength to enable Malaysia to take a more active and lively interest in the affairs of South-east Asia and the world.

The influence of the west has a lot to do with the thinking of our Malaysian youths. Our youths seem to have fallen victims to some unhealthy influence of the West. Take hippism as an example of how people in the west clamoured for the return to nature saying that life had become too mechanical. No one seems to have paid considerable attention to them. They expressed their frustration by growing long hair, wearing fancy clothing and keeping in a general state of filthiness. Some of our Malaysian youths have blindly followed the west in this case.

Western youths too started to take drugs first. All too often they are left all alone, without the maternal and paternal help and affection that is needed to sustain them during the teenage period. Turning to drugs is no way of fighting loneliness. Thrash it out with your parents. They will gladly help if only their eyes are opened to our predicament.

Nowadays our youths seem to have a lot of time on their hands. But our youths misuse this valuable time and roam about the city annoying people as well as being an eyesore with their bizarre clothes and hair styles. If our youths have spare time, they should join some voluntary organisations which do good by helping people. They are lots of these organisations in every school, for example the Interact Club whose motto is 'Service before Self'. A noble goal indeed for our youths to emulate. Other organisations are the Red Cross, The Boy Scouts and the Boys Brigade.

It has long been known that Asians have a high standard of morality and this morality has been preserved over the years. Those people who have indulged in streaking – sprinting or walking leisurely in the nude – in public places, have no regard for morality. This practice of streaking should be condemned by Malaysian youths.

The government too has been doing its share to preserve the high standard of morals which we have in Malaysia. It has introduced a new policy that will enforce all Muslim Girls to wear the baju kurong. This move was an answer to some parents who did not want their daughters' legs to be exposed. However, there has been a lot of criticism about the ruling. We youths should try to co-operate with the government in her efforts to promote morality.

Our loyalty too should lie in Malaysia and in our King. There are some fanatics who have avidly supported the country where their parents originally came from. These people do not deserve to call themselves Malaysians. Our youths should try to change this state of affairs. Our youths should also show respect for our king as he is the functional head of the government.

It is important then that good behaviour and morality be cultivated and practised by Malaysian youths for it is out of them that our future leaders will emerge, leaders whose leadership will affect our very lives. These efforts of cultivating good behaviour and morality should begin right now among school children.

A LUNATIC THAT NEARLY DESTROYED THE WORLD

(Prize — Short Story Section)

"We shall not hesitate to explode atomic bombs until and unless our demands are met. We demand the release of the ten political prisoners now held in the custody of the British government together with US $100 billion paid by world governments. We shall negotiate but we shall never compromise" announced Marshall Silver, leader of WAR (World Army Represented), to a solemn looking Mr. Anthony Kahn, U.N.'s Secretary-General.

Immediately Mr. Kahn called an emergency meeting in the U.N. headquarters in New York. All delegates representing their respective governments were present. Their faces bore signs of weariness and urgency. On the rostrum, over the mike, Mr. Kahn delivered his famous speech: "42 years ago our forefathers discovered atomic fission which generates tremendous energy. They dedicated it to the advancement of Science so that the next generation may benefit. But man has turned it into a destructive weapon – the atomic bomb. In Hiroshima and Nagasaki human beings have been annihilated. Now we are being threatened by this power mad, WAR organisation. They are maniacs and they carry out whatever they threaten". At this point, his voice quivered, but he continued, "Yet..... yet, for the sake of continuing man's existance we will go all out to win, to destroy WAR before they destroy mankind". There was a strong determination in his voice that bolstered confidence in the delegates.

Meanwhile, in WAR underground headquarters in Geneva, Marshall Silver was conducting his assembly attended by gangleaders from all over the world. About a thousand of them, Blacks and Whites, were packed inside the well-furnished hall. On the stage in front of them stood the distinguished features of Marshall Silver. The emblem of war – a phython coiling round a tiger was behind him. He addressed his assembly of gangsters, "Brothers, before we start our business today, let us toast to our victory."

"Yeah. Toast to our victory. Damn the U.N. Long live Silver," chanted the assembly in well versed manners.

"Now, let us go back to business", said Marshall Silver, raising his hands. "Our victory is only possible with the help of Professor Lunaratnam, our spy in the Nuclear Research Institute. Without his subtle espionage and brilliant work in making our own atomic bombs, we would not be gathering here now." Cheers rose from the assembly. "He is not with us now. However, he has promised to supply us with atomic bombs on condition that we give him our full support and co-operation, and a share in the ransom cash. We have nothing to worry about as long as he is helping us. So I appeal to all of you to stand united behind him."

At this moment, there was panic and terror throughout the world. Migration of the people from cities to the countrysides caused universal chaos. Crime flourished. Governments did their best to calm down the people through the mass media, but without success. Scientists were back in their laboratories trying to

create weapons to destroy WAR. Meanwhile, psychics and believers of the occult were out doing their part. Some tried to detect the leaders of WAR by the use of ESP. Religious people prayed hard and proclaimed that the world would end.

A week went by without any further news from WAR. Tensions were relaxed and people became calmer, but the situation in WAR and the U.N. grew tenser. WAR had lost contact with Professor Lunaratnam. Marshall Silver became so nervous that he ordered Professor Lunaratnam's apartment in Singapore to be checked. Professor Lunaratnam was nowhere to be found. His apartment was in a disorderly state. On his writing desk was a note. On it was written: Governments of the world. I have shown all of you how vulnerable the world is. I have also shown that even a single person bent on destruction can be dangerous to mankind. It is not my aim to prove this by killing millions and destroying cities. My aim was merely to make man realise this fact. Science can be dangerous if abused; a scientific utopia can never be realised; a world body should be formed to ensure the beneficial use of Science. It is my sincere hope that man will truly learn from this lesson.

Farewell.

Sincerely yours,
LUNA.

A similar note was received by Reuter, an international news agency. Next morning, the headlines of major newspapers around the world flashed, "Lunatic that nearly destroyed the world disappears, but his note remains".

A GHOST THAT FAILED

(Prize — Short Story Section)

The important thing is not to be afraid of the ghosts one meets. It is only man's fear that gives them their power. An instance is the case of a man named Tso Tz'u who once visited a friend in Yangchow. It was the height of summer and Tso Tz'u was delighted with his friend's cool and airy library. "What a pleasant place this is", he remarked. "I wonder if I might be permitted to have my bed made here by the window?"

"You are most welcome to use my modest library during the day", said his host, "but I am afraid I cannot allow this room to be used at night for sleeping". He did not want to give any reason for this, but Tso Tz'u at last persuaded him to explain: "My library, I am sorry to say, is haunted".

"Haunted!" exclaimed Tso Tz'u. "By What?"

"By the ghost of a maidservant who hanged herself from that beam many years ago." And his host pointed upwards. But Tso Tz'u's desire to sleep in the library was only increased by this fascinating news. His host gave way, and a bed was made by the window. That night Tso Tz'u read until late. He had hardly put down his book and turned in when the ghost appeared. Tso Tz'u was lying with his eyes directed towards the door. Through the slit between the door and the wall a shape appeared, no thicker than a sheet of paper. Before Tso Tz'u delighted eyes it spread out into the form of a girl. She moved to the centre of the room and stuck out her tongue at him. But it was no gesture of rudeness. Her head jerked, her mouth opened and the tongue came rolling down in the manner of one who has been hanged.

"That is an interesting trick", said Tso Tz'u. "Please do it again."

Seeing that she had failed to scare him, the ghost paused for a moment. Then she took off her head and put it on the library table.

"Since I am not afraid of you with your head on", said Tso Tz'u calmly, "Why should I fear you with it off?"

The ghost had obviously no more tricks left and disappeared. The next morning Tso Tz'u told the host all that had happened. His host smiled a little uneasily and begged him to remove his bed from the library and sleep elsewhere, but Tso Tz'u pleaded all the more to remain there.

That night, at midnight, the ghost appeared again as before. But as soon as she had taken shape in the middle of the room she saw that it was the same man lying there. The ghost spat on the floor and said in disgust, "Oh, it's that stubborn fellow again" and promptly disappeared!

TAN CHEE PHIN,
FORM 2-B.

THE POPULATION EXPLOSION

(Prize — Essay Section)

The present world population is three billion. By the end of the century, it will have risen to six billion according to present trends in the population increase. Just imagine — a three billion increase in twenty-six very short years. World population reached its first billion from 1650 to 1850. It took two centuries for the first billion. But now a rise of three billion is predicted in twenty-six years!

The most severely hit areas of the world will be Asia, Africa and South America. In the past five years, population figures in Asia rose by 12%, while in South America it was 15%. Compared to the rest of the world, developed countries have a smaller problem than the developing and under developed countries.

Let us try and trace the factors contributing to the population explosion. Advancements in science and medicine have enabled more people to live to an age when they can reproduce and have offspring. These offspring will live to have children who in turn will also contribute to the population. This is an endless and vicious cycle.

While the prodigious increase in population continues, food production does not increase at the same rate and so is insufficient to feed the masses of hungry, starving people. Only 10% of the earth's surface is land that can be cultivated. The rest consists of oceans, deserts and barren land. To make the problem worse the limited land space available to us is slowly being turned into barren deserts by ignorant farmers and outdated farming methods. Increased usage of land, fertilizers and major agricultural achievements are not likely to keep up with the increase of population.

Of course, the population does not just keep on increasing. Millions of people die each year of accidents and diseases. Unfortunately no extra food or space is created by the people who have died. This is because the birth rate exceeds the death rate. Far fewer people die each year than a century ago because of the great strides taken by science. Proper hygiene and distribution of medicines have ensured people of lengthened life spans. Ironic as it seems, the more people we save from death, the greater the population problem.

The population explosion could mean worldwide famine in areas which cannot support this overwhelming population. This leads to starvation and ultimately miserable deaths. Disease epidemics could run rampant and all we would be able to do is look on helplessly. Nation would fight nation to feed its hungry people.

Criminal acts and juvenile delinquency will also increase. Race riots could flare up in crowded areas. Traffic congestion and crowded urban areas could very well be offshoot problems of the population explosion.

In a crowded environment, people soon get indifferent to each other. Very often, personal identities are lost easily and there will be more air, water, and land pollution.

Another major possibility is that the population problem might trigger off World War Three and the use of nuclear bombs which could very well spell the extinction of the human race.

Has nothing been done to control this population explosion? Whatever has been done has not made an impact on the problem. Family planning programs have failed in under developed and developing nations. This failure is due mainly to religious prejudices against some methods of family planning, ignorance and just a plain lack of desire to control birth.

The figures above have been compiled from recent, reliable sources and are definitely NOT an exaggeration. The population explosion is not a problem of the future. It is lurking in our midst right now.

SOLOMON MORAIS,
FORM 5-D.

DEVELOPMENT OF SCIENCE BY THE YEAR 2000 A.D.

(Prize — Essay Section)

The 21st Century shall rightly be called the nuclear age, the age of electronics, the age of automation and the computer age. Therefore, all likely scientific development will be related to these few branches of Science.

Perhaps the most prominent and controversial changes might occur in the development of new fuels. The prevailing energy crisis has sent many scientist back to their laboratories to come out with a long term fuel. Can it be hydrogen? This is a possibility because hydrogen occurs abundantly in nature, in a chemical embrace with oxygen, forming water. Other sources include the harnessing of solar energy and atomic energy. It has been found that generating power from thermal plants is more economical. But, when the price of fuel used in thermal plants rises, governments have to depend on solar and atomic energy for their needs. The atomic energy is generated from breeder reactors, and these reactors may be available in fast developing countries like Malaysia. Power from controlled and sustained nuclear fission is also a possibility. Dosmectic power using electricity generated by thermal plants may be replaced by domestic generators such as aerosol generators. Solar energy may also be utilised for domestic consumption.

Another interesting aspect of modern technology is the development of the computer. The scope of the computer will expand together with its development, and probably will include a single national information file containing all personal information about every citizen. Computers can also be used in world wide communications, medical diagnosis, traffic and transportation control, automatic chemical analysis and weather forecast. By A.D. 2000 it may be possible to find a computer in every office and school. Industries will be greatly dependent on them. Likewise in the homes, robots doing household chores may replace domestic servants in the affluent homes. They may be programmed to do a dozen standard operations such as sweeping, dusting and washing.

Since the first prototype was developed in 1960, it has found many applications. It can be used for tunneling, in wartime as 'death rays' and in outer space communication. Laser also plays an important part in holography. The applications of holography that excites the most attention is in three dimension television and motion pictures. Soon, we may have 'feelies', a type of entertainment like film-shows, but which will provoke all the senses of the audience. With the use of holography, a microscope can also display directly the dimensional structure of proteins and other complex molecules.

The most beneficial or the most destructive developments to mankind will be in the field of medical research. In the year A.D. 2000, transplanting of human organs may become a common thing. Cure for the number one killers such as

cancer and cardiac failure will be found. Life expectancies will then be extended. Man may live as actively in their older age as in their youth because senility and arthritis will be reduced or eliminated before the year A.D. 2000. Scientists are still studying the functions of each chemical agent found in the brain. Once their functions are known, it may be possible for scientists to come up with a drug that can control the forgetfulness of the elderly, the helplessness of the mentally retarded patient and the distress of the schizophrenic patient. On the other hand such discoveries may lead to the controlling of the individual and the masses by a similar drug without the consent of the victims. Who, then, shall control the mind controllers?

One controversial question usually asked when considering the future in medical research is:— Is it possible to change the age old way of making babies? Many people have supported Aldous Huxley's test tube babies concept and the division of society into social classes. Scientist anticipating the dangers of this concept warn that the future ability to influence human heredity and to take a hand in man's own evolution may bring about a more profound revolution in human destiny than the first atomic explosion.

Other minor, but by no means unimportant medical developments include human hibernation for a short period, effective contraceptives and computerised hospitals. Human hibernation is invaluable for medical purposes. Effective contraceptives may mean that women in 2000 A.D. can remain infertile all their lives and can, at will, produce fertility for a specific period using a pill or an injection whenever desired. Computers can be used in hospitals to review patients' daily records and also to issue orders to nurses.

If scientific research has gone so far, then we can expect military weapons to be much more deadly then before. New types of warfare such as the chemical and bacterial warfare may be more effective than the current type of warfare. In the chemical and bacterial warfare, a teaspoon of the deadly bacteria called botulism introduced into water supply can wipe out the population in major cities of the world. Furthermore, there is the fear of the destruction of the earth by the explosions of atomic and hydrogen bombs in nuclear warfare.

We may ask ourselves:— Is all the above necessary for life? Can man achieve happiness and satisfaction by acquiring an advanced scientific knowledge? If scientific development continues to accelerate, will there be a point when there is nothing more to improve upon? Will man dehumanise h i m s e l f and create superman? Can man survive till the year 2000 A.D.? Endless questions may be asked, but none can be answered now. Man will have to find out the answers in the future. Meanwhile, let us treat science as a good servant but a bad master.

DEAR TEACHERS

(Prize — Poetry Section)

Gone are the happy days we had together,
Time flies so fast that it's now over;
The bell of separation has sounded goodbye,
But Memories of you will never die.
You have nurtured me since the beginning,
I've found comfort and friendship under your wings;
With love, guidance and other useful things,
I am groomed for future undertakings.
The words and advice that you uttered,
Will always be cherished and remembered;
In memories I see you still the same,
As long as I live, I'll remember your name.

A TRUE FRIEND

(Prize — Poety Section)

It is easy to be friendly,
When skies are blue,
It is not difficult to share,
Happiness with you,
But when dark clouds appear,
And troubles come in view,
Then may I be the kind of friend,
Who shares the burden too.

HERITAGE FROM THE SOIL

There is an old saying that you can't make a silk purse out of a sow's ear, which is one way of saying that a useful thing can't be made from a worthless one. But whoever originated the saying would be embarrassed to find that what he once considered plain truth has been proved false a thousand times by modern scientists.

Imagine the astonishment a person would feel if he were told that the handsome steering wheel of his car is made from soya beans, that the paste on the back of stamps and envelopes is made from sweet potatoes. Yet, these are only two examples of the countless hosts of things scientists have done to transform the

common products of agriculture into useful everyday things. Once we used to think of only three kingdoms. To the animal, plant and mineral kingdoms we must now add a fourth kingdom of synthetic products. Its laws of chemistry are dealt with by a scientist known as a 'Chemorgist'.

The chemorgist is a man who looks at a field of corn and says, "What can I do with this besides eating it or feeding it to pigs?" Then he takes it to his laboratory. Patiently he takes it apart and with the new parts he builds new things. The results? Wall boards, buttons, yarns, printing ink. Corn is used in the textile, laundry and rayon industries. It is found in soaps, perfumes and window shades.

The word 'synthetic' really means 'put together' and when a chemist makes a synthetic product, he is really putting chemical parts into new combinations.

Almost nothing the farmer produces has escaped the chemist's magic. From oats he has made soap and face powder. Honey goes into cosmetics and golf balls. Grape fruit oil is used in clothing to keep colours from fading. The soya beans become in the chemist's hand the source of splendid paints, plastics for making light switches, automobile panelling and countless household and industrial appliances.

Of all the raw materials we get from the soil, the most important is cellulose. Cellulose is responsible for an immense variety of things, from the rayon we wear to explosives. It goes into the making of fingernail-polish, safety glass and garden hoses. As one of the chief constituents for the whole plastic industry, it is used for making such different things as ash trays, airplane parts, toothbrush handles and typewriter ribbons. Stronger than most steel and only one-tenth as heavy, it can be used in building houses, tanks and automobiles.

Most people think of synthetic products as inferior substitutes, probably because some of the first synthetic materials were not as good as natural products. But, after a great deal of research, it is now as good and sometimes better than some natural products.

SATHASIVAM,
FORM 5-E.

LEISURE

The word 'leisure' means time at one's disposal or free time which is not filled by work. Nowdays not only the old, but all of us have the problem of how to use leisure profitably. One of the pleasures of life is to have leisure and to be able to use it intelligently, because however old or young we are, we have only one life, and time is most precious. It cannot be wasted.

The importance of these leisure time activities is for both mental and physical relaxation, after which you feel fresher, stronger and fitter. Leisure depends entirely on individual tastes and talents. An able sportsman will spend his free time playing the game he is fond of. Thus, a book lover will spend hours poring over books and so a music lover will either play his favourite instrument or attend a concert. Television meets the leisure needs of many.

Indoor workers are better served by engaging in outdoor activities and vice-versa. The more varied the interests of each individual, the more varied will be his use of leisure. It is wise for a young person to try to develop many interests outside his regular work in order to enrich his life. There is a vacuum indeed in the man who is unable to fill any of his leisure time with interesting and beneficial activities.

Therefore we have to be educated on how to use leisure so that however much free time we may have, and however old we are, we may always be able to fill it happily and profitably, giving us a life that is full and wholesome.

SATU PERISTIWA YANG BERSEJARAH

Satu peristiwa yang bersejarah yang hendak saya riwayatkan ialah revolusi Perancis. Pemberontakan ini timbul akibat kumusykilan rakyat Perancis akan kerajaannya. Revolusi itu lenyap dengan tergulingnya Raja Perancis.

Pada tahun 1661, raja yang menakluki negara Perancis ialah Louis IV. Dengan dasar baharu ini, semua kuasa adalah didalam tangannya. Raja itu telah mendapat modal berlebihan yang tidak disangka-sangka. Dengan wang itu baginda pun melancarkan beberapa serangan yang tidak wajar keatas negeri-negeri yang berdekatan untuk merampas negeri tersebut. Tetapi serangannya itu tidak berjaya. Akibatnya berjuta orang melayang nyawanya, sebaliknya wilayah-wilayah nya kena rampas dan banyak wang yang digunakan untuk membiayai serangan yang membazir itu. Perkara tersebut adalah menjadi salah satu sebab yang telah menanam bibit untuk menimbulkan revolusi itu.

Di Perancis, sebelum revolusi itu timbul, Parlimennya terbahagi kepada tiga parti. Parti yang mempunyai peluang terbanyak ialah Parti Kedetaan dan Parti Kaum Bangsawan. Orang-orang yang berkecimpung dalam parti-parti tersebut tidak payah membayar cukai kepada raja bahkan tidak payah menceburkan diri dalam hal ahwal peperangan. Mereka hidup bersenang lenang dan berpoya-poya serta tidak mengambil peduli akan sebarang pencerobohan yang berlaku keatas negaranya. Sebarang pekerjaan berat dilepaskan kepada anggota-anggota parti yang terendah sekali iaitu Parti Petani, kerana mereka menganggap kerja-kerja berat atau kasar seumpama itu adalah rendah dari maruah mereka – hina. Kaum ketiga ini yakni Parti Petani selalu didiskriminasikan. Mereka tidak diberi peluang untuk membuat sebarang pekerjaan yang berkenaan dengan kerajaan. Mereka dikenakan cukai yang berat. Untuk menggunakan jalan-jalan pun mereka dikenakan cukai. Mereka juga dipergunakan sebagai alat pengangkutan kerana pada ketika itu kereta-kereta belum dicipta lagi. Inilah sebab yang teristimewa sekali berlakunya revolusi tersebut.

Kaum Petani yang tertindas itu berasa tidak tertahan lagi. Mereka merasa hendak mengubah kerajaan yang tidak adil itu. Dikalangan petani-petani itu terdapatlah beberapa orang terpelajar yang telah menulis beberapa buku yang mengandungi bidasan-bidasan terhadap kerajaan dengan maksud hendak meningkatkan lagi aspirasi kaum tersebut memperjuangkan hak-hak mereka.

Faktur terpenting yang telah meninggikan semangat kaum tani itu berjuang ialah kerana keborosan isteri Louis VI. Oleh kerana keborosannya kerajaan Perancis pun telah menjadi miskin dalam tahun 1789.

Perdana Menteri pada masa itu Necker, telah merayu kepada raja agar diadakan mesyuarat ketiga-tiga parti untuk membincangkan perkara mengenai perubahan kerajaan. Akan tetapi raja itu telah menolaknya kerana diarah oleh isterinya. Anggota-anggota Parti Petani telah naik darah. Pada lusanya mereka telah berhimpun digelanggang tenis dan telah bermuafakat untuk melancarkan revolusi dibawah dasar yang ditetapkan oleh mereka iaitu kebebasan, perseimbangan dan perasaan persaudaraan.

Pada 11hb Julai 1789 mereka telah mengebom Istana Bastille dan membebaskan semua tawanan. Suasana huru-hara telah berlaku. Seluruh Perancis telah berada dalam keadaan kucar-kacir.

Raja Louis itu telah mengetahui yang dirinya telah menjadi seolah-olah seorang tawanan dinegaranya sendiri. Baginda telah mengambil keputusan muktamat iaitu menyamar diri lalu melarikan diri dari negara tumpah darahnya ketempat lain dengan diikuti oleh seisi keluarganya. Tetapi berita pelarian bagainda telah sampai ketelinga pemberontak. Baginda dengan seisi keluarga telah diberkas di Varennas. Ketika didalam perjalanan ke Paris, pemberontak-pemberontak tersebut telah meludah kearah isteri baginda dan menganggapnya sebagai pengkhianat.

Pada tahun 1792 kedua-dua baginda – Raja dan Permaisuri telah dipancung kepalanya dengan guillotine. Dasar pentadbiran negara yang lama telah dibasmi dan dari masa itu Perancis telah menjadi sebuah negara republik.

Akibat pemberontakan itu ialah semua rakyat Perancis telah berpeluang bekerja sama-sama, baik diperingkat pentadbiran mahupun diperingkat petani. Semangat revulusi itu telah merebak kenagara-negara lain.

MATHEW PHILIP,
TINGKATAN 3-A.

SAJAK : "KEGAGALAN MEMBAWA KESEDARAN"

Menyesal . . . . . daku menyesal,
Aku gagal . . . . . ya! gagal,
Kesilapan ku juga,
Apa nak di kata,
Nasi telah menjadi bubur,
Dahulu ku tidak bersungguh-sungguh,
Kini balasan telah diterima.
Tapi . . . . . ku berjanji dan bertekad,
Ya . . . . . lambaran baru akan ku buka,
Untuk menebus kesilapan yang lama,
Mesti mencuba sedaya upaya,
Hingga terkabul segala cita-cita,
Tidak lagi berkhayal,
Tidak lagi segan bertanya,
Segala masa'alah dibentang.
Agar hati-ku senang.
Oh! guru-guru ku,
Bantulah aku,
Pimpinlah aku,
Memburu cita-cita suciku.
Mari sahabat dan taulan,
Contoh ku buat tauladan,
Agar tak menyesal kemudian,
Selamat berjaya ku doakan

ABDULLAH MOHAMED,
TINGKATAN 5-C.

Didalam sesuatu masyarakat yang berbilang bangsa, yang perlu digalakkan ialah pembentukan kebudayaan nasional, bukan kebudayaan bangsa.

Masa'alah perkauman adalah satu masa'alah yang lazim diperbincangkan tetapi rumit untuk diselesaikan bagi negara-negara yang mana rakyatnya terdiri daripada pelbagai bangsa yang berlainan kebudayaan dan adat resam, yang datang dari pelbagai tempat, berasal dari berlainan rumpun bangsa dan bertutur dalam bahasa yang berbedza pula. Dengan adanya hal yang seumpama ini, masing-masing merasa dirinya terpisah dari bangsa yang lain, membaca berlainan akhbar, mendengar dan menuntun siaran-siaran (radio dan talivishen) yang berlainan, memakai pakaian yang berbeza dan berlainan dalam serba-serbi nya. Keadaan akan menjadi lebih teruk lagi sekiranya ada diantara bangsa-bangsa ini yang merasa dirinya lebih gagah dan lebih ramai bilangannya. Angguta-angguta bangsa ini akan cuba meninggikan martabat bangsa tersebut diatas bangsa-bangsa yang lain. Dalam usaha inilah pertikaian sering terjadi yang kadang-kadangnya sampai membawa kepada pertumpahan darah.

Dinegara kita pelbagai kegiatan telah diselenggarakan untuk menyatu-padukan bangsa-bangsa yang ada, umpamanya dengan menyatu-padukan sistem pelajaran bagi semua aliran bahasa, mengadakan 'Minggu Perpaduan Kebangsaan', badan-badan muhibbah, menggalakkan pengunaan Bahasa Malaysia, pertubuhan-pertubuhan kebudayaan nasional dan mengamalkan prinsip-prinsip rukunegara.

Dalam ertikata yang sebenarnya, 'Kebudayaan Nasional' bermaksud mencampur adukkan semua corak kebudayaan yang ada dan kemudian dileburkan dan akhir sekali ditempah kembali untuk dipadankan dengan 'selera' bangsa-bangsa yang ada. Dengan itu masing-masing akan tidak merasa terasing diatas kebesaran kebudayaan bangsa yang lain tetapi merasa bangga diatas nama 'Kebudayaan Nasional'. Itu berlainan perinya kalau tiap-tiap bangsa berusaha memperkembangkan kebudayaan mereka masing-masing. Jurang yang sememangnya telah renggang akan menjadi lebih renggang sekiranya tidak dapat disatupadukan bangsa-bangsa itu, maka dengan tersendirinya akan berterusan terpisah. Ini bererti jalan perpaduan tidak akan ditemui dan keadaan negara akan terus terancam.

Dengan mempunyai satu corak kebudayaan yang sama, diharapkan setiap rakyat kelak akan hidup dalam suasana aman, harmoni dan saling kasih mengasihi sebab mereka tidak memperlihatkan atau menonjol-nonjolkan ciri-ciri yang berbeza diantara satu bangsa dengan satu bangsa yang lain. Sebaliknya menekankan kepada persamaan hak sama rata dan sama rasa. Tegasnya Kebudayaan Nasional' dapat mengeratkan lagi rasa persefahaman yang utuh dan perpaduan bangsa yang teguh dikalangan rakyat Malaysia. Dengan adanya perasaan persaudaraan yang seumpama inilah, sesebuah negara itu dapat berada dalam satu pelan yang stabil dan mantap.

Mungkin sekiranya keadaan di Malaysia ini tidak diambil berat dan penyelesaiannya tidak dijalankan dengan sempurna, keadaan akan menjadi lebih mencemaskan dan peristiwa 13 Mei, 1969 akan berulang. Malaysia adalah satu-satunya negara yang terlibat dalam perkara-perkara begini. Seluruh 'mata dunia' menumpukan penuh perhatian mereka untuk melihat sejauh manakah Malaysia berjaya menyelesaikan masa'alah ini. Sama-samalah kita mengharapkan semuga cita-cita kerajaan kita untuk melahirkan satu rupa bangsa yang bersatu, aman dan makmur di Malaysia akan terlaksana dengan jayanya.

ABDULLAH MOHAMMED,
TINGKATAN 5-C.

PERANAN BELIA DALAM PEMBANGUNAN NEGARA

Hadiah — Rencana

Kaum belia ialah jenerasi muda yang terdiri daripada pemuda dan pemudi.

Dalam masa negara kita menuju kearah pembangunan, kerajaan memerlukan kerjasama kaum belia yang progresif dan dedikasi untuk melaksanakan projek-projek pembangunan. Mereka boleh diibaratkan sebagai kuasa penggerak dan pendorong supaya rancangan pembangunan itu berjaya.

Sebelum kaum belia menjayakan projek-projek pembangunan, mereka harus bersatu-padu dan berkerjasama walaupun mereka itu terdiri daripada berbagai kaum, kebudayaan dan ugama. Untuk mempereratkan lagi hubungan antara seorang belia dengan seorang belia yang lain dan antara satu pertubuhan dengan pertubuhan yang lain maka kerajaan mengadakan hari minggu belia. Dalam minggu belia ini semua pertubuhan-pertubuhan belia berkumpul dan menjalankan projek-projek pembangunan bersama-sama. Antara projek-projek yang dijalankannya ialah seperti bergotong-royong membuat jambatan, membersihkan kawasan kampung, pekan, bandar dan lain-lain lagi.

Dalam rancangan lima tahun Malaysia Kedua ini, kerajaan banyak mengusahakan projek-projek pembangunan terutama diluar bandar. Antara projek-projek itu ialah membuka tanah pinggir, membekalkan api letrik dan air paip, membina jalan, parit dan lain-lain lagi. Hampir tiga perempat projek-projek itu dibuat oleh belia. Ini dapat dibuktikan dengan adanya ramai buruh-buruh yang bekerja itu adalah terdiri daripada kaum belia. Mereka mempunyai tenaga yang lebih dan sanggup menerima cabaran-cabaran yang mereka hadapi misalnya dalam pembukaan tanah pinggir, kaum belia sanggup meredah belukar dan hutan rimba untuk ditebang dan dibersihkan serta diusahakan.

Pada zaman sains dan teknologi ini, kaum belia tidak ketinggalan mendalam lagi akan ilmu sains itu. Apabila ramai kaum belia yang pakar dalam lapangan tersebut, maka negara kita tidak akan memerlukan lagi bantuan pakar-pakar asing yang mengakibatkan negara kita mengeluarkan banyak wang untuk menggaji mereka. Ini lebih memudahkan lagi usaha menjadikan negara kita sebagai sebuah negara perusahaan. Dalam kilang-kilang perindustrian pula ramai kaum belia yang menjalankan jentera dan tidak ketinggalan juga pekerja-pekerjanya.

Sekarang ini kerajaan sedang menjalankan satu dasar iaitu dasar ekonomi baru. Dasar ini bertujuan hendak membasmi kemiskinan tanpa mengira kaum dan hendak memperseimbangkan jurang ekonomi antara penduduk luar bandar dengan penduduk dalam bandar disamping hendak menyatu-padukan seluruh rakyat yang terdiri daripada berbagai kaum ini supaya menjadi rakyat Malaysia yang tulin dan yang ta'at-setianya tidak berbelah bahagi. Dalam rancangan desar ini kaum belia diluar bandar turut mengambil peranan penting. Mereka digalakkan menceburkan diri dalam lapangan perniagaan dikawasan mereka masing-masing. Dengan berbuat demikian mereka dapat menambahkan ketinggian taraf hidup mereka disamping melaksanakan hasrat hendak membawa rakyat bumiputera kedalam lapangan perniagaan dan perindusterian sekurangkurangnya tiga puluh peratus dalam tempoh duapuluh tahun.

Untuk mendapatkan semua penduduk terutama kanak-kanak berpelajaran, maka ramai guru-guru yang terlatih diperlukan. Dalam lapangan pelajaran sahajalah masaalah kemunduran dapat diatasi. Untuk memperolehi ramai guru-guru, kerajaan melatih ramai belia-belia yang berpelajaran di maktab-maktab perguruan. Jika sekiranya belia-belia tidak memberi sambutan yang sepenuhnya maka tenaga kaum guru akan kurang dan murid-murid tidak akan dapat pelajaran yang sempurna. Belia-belia yang menjadi guru ini dapat mengajar kanak-kanak ini supaya mereka akan menjadi belia yang berpelajaran dan mempunyai kemahiran pada masa akan datang.

Bagi mempastikan yang projek-projek pembangunan berjalan dengan lancar dan licin maka keselamatan dan keamanan negara amat diperlukan. Kerajaan memerlukan ramai belia-belia menceburkan diri dalam angkatan tentera dan polis. Apabila ramai anasir-anasir jahat dan pengganas-pengganas menjalankan kegiatan mereka untuk melumpuhkan negara dan jika mereka tidak dihapuskan dengan segera nescaya projek-projek pembangunan akan tergendala. Pasukan-pasukan angkatan tentera dan polis yang jumlah besarnya terdiri dari kaum belia ini dikerah menghapuskan mereka. Kepentingan kaum belia dalam angkatan tentera dan polis memang tidak dapat dinafikan kerana dalam masa darurat dahulu merekalah yang bertanggung jawab menyelamatkan projek-projek pembangunan daripada tergendala oleh anasir-anasir jahat itu.

Ini memang jelas menunjukkan peranan belia dalam pembangunan negara adalah sangat penting. Ada cogan kata berbunyi "Pemuda harapan bangsa dan pemudi tiang negara" untuknya. Jika tidak ada kerjasama kaum belia tentu negara kita akan kucar kacir dan kacau bilau. Taraf hidup rakyat akan rendah dan kita tidak akan dapat menikmati suasana keamanan, kehidupan makmur dan harmoni. Adanya.

ZAINAL ABIDIN BIN HUSSAIN,
TINGKATAN 5-C.

KESAH KEMATIAN MICHELE MARCHIS

(Cerita Rekaan Semata-mata)

Hadiah — Bahagian Cerita

Kesah ini menceritakan bagaimana Tony Lee, seorang mata-mata gelap dari Malaysia dapat menyelesaikan kesah kematian Michele Marchis, seorang wanita yang sangat kaya di Negeri Peranchis.

Michele didapati mati tergantung lehernya oleh seutas tali di rumahnya oleh seorang kawannya. Setelah menyiasat, polis telah mengambil keputusan bahawa Michele telah mati membunuh diri. Tetapi adik simati tidak percaya dan telah meminta Tony Lee menolong menyiasatkan kes itu. Dengan bantuan seorang polis yang lain, dia pun melancarkan gerakan penyiasatannya dengan serta merta.

Kedua-duanya pun pergi ke rumah simati itu untuk mendapat bukti-bukti bagi menentukan benar atau tidak simati itu mati membunuh diri atau mati dibunuh orang. Beberapa perkara ganjil telah didapati oleh Tony Lee dan pembantunya yang bernama Milano itu. Dari bukti-bukti itu Tony Lee berpendapat simati telah dibunuh oleh orang.

Perkara pertama, Tony telah mendapat tahu daripada Milano bahawa pintu rumah simati itu terbuka sedikit sahaja tatkala simati itu dijumpai. Seseorang yang hendak membunuh diri tentu akan menutup pintu dan tingkap supaya tidak ada sesiapa pun dapat menghalang dia berbuat demikian. Tetapi mengapakah pintu itu terbuka?

Perkara kedua ialah kerusi yang digunakan untuk berdiri diatasnya supaya leher tergantung pada tali itu didapati tidak terjatuh. Agaknya tinggi simati itu adalah 5 kaki 6 inci dan tinggi kerusi tersebut 2 kaki sedangkan tinggi dari lantai ketali itu hanya 7 kaki 6 inci sahaja. Seorang yang hendak menggantung diri tentulah menendang kerusi itu jatuh supaya dia boleh tergantung pada tali itu.

Perkara ketiga, dilantai itu dijumpai bekas darah. Pihak polis dan makmal telah melapurkan bahawa darah itu bukannya darah simati. Ini menandakan tentu ada orang yang tercedera tatkala pembunuhan itu hendak dilakukan. Satu lagi perkara ialah bilik itu tidak kemas, barang-barang berselirak seolah-olah ada pergelutan disitu lalu menyebabkan bilik itu berkeadaan seperti itu.

Tony dan Milano juga terjumpa sebiji butang baju dan satu puntung cerut. Puntung cerut itu mestilah kepunyaan sipembunuh kerana simati tidak pernah menghisap rokok terutama sekali cerut. Butang baju itu juga tentulah kepunyaan sipembunuh. Ia munkin tanggal dari bajunya semasa pergelutan mereka berlaku. Beberapa helai rambut berwarna kelabu juga dijumpai. Rambut itu tentulah rambut sipembunuh sebab rambut simati adalah berwarna kuning. Tambahan pula bilik itu telah dibersihkan pada hari semalamnya iaitu sehari sebelum pembunuhan itu berlaku.

Setelah hari malam mereka pun pulang. Pada malam itu Tony tidak dapat tidur kerana memikirkan kes itu. Dia tidak puas hati atas penyiasatannya pada hari itu dan bercadang hendak melawat kerumah itu lagi pada pagi esoknya.

Pagi esoknya dia dan Milano pun pergilah kembali kerumah simati itu. Mereka periksa bilik itu sekali lagi. Tony pun berjalan menuju kekatil untuk memeriksanya. Tiba-tiba kakinya terbelit oleh sesuatu lalu dia terjatuh. Dia dapati seutas wayer yang membelit kakinya. Wayer itu terhubung kesebuah alat perakam suara yang tersembunyi dibawah sebiji bantal. Alat perakam suara itu belum ditutup lagi tetapi beterinya telah habis digunakan.

Dengan perasaan gembira, mereka pun pergi membeli empat biji beteri baharu lalu memasangkannya pada alat perakam itu. Bila dimainkan, terdengarlah suara seorang perempuan sedang menyanyi. Suara itu dapat dicamkan oleh Milano sebagai suara simati itu. Tiba-tiba kedengaran pintu bilik diketuk orang dan suara orang menyanyi itu pun terhenti. Kemudian kedengaran suara orang bercakap. Dua suara wanita dan satu suara lelaki. Kemudian bunyi suara itu bertambah bising dan agaknya suatu pertengkaran telah berlaku. Suara orang bergelut juga kedengaran dan kemudian terdengar suatu suara jeritan. Setelah itu suara itu pun senyap. Lepas itu kedengaran dua suara merancang bagaimana hendak menghapuskan mayat itu. Tony itu pun memberhentikan alat perakam suara itu lalu bertanya kepada Milano. "Awak tahukah siapa yang bercakap-cakap itu?" Jawab Milano, "Ya, suara itu adalah suara si mati, suara sepupunya, Maria dan suara yang satu lagi iaitu suara lelaki yang saya tak tahu". "Baiklah, mari kita pergi kerumah Maria itu," kata Tony.

Apabila mereka sampai ke rumah Maria, mereka terjumpa Maria dan seorang lelaki sedang masuk kerumah tersebut. Setelah mengenalkan diri mereka sebagai polis, mereka pun dipersilakan masuk oleh Maria kerumahnya.

Mereka pun berbual-bual tentang kematian sepupu Maria itu. Tony telah melihat baju Maria dan mendapati satu daripada bajunya telah kehilangan sebiji butang. Setelah membanding butang baju tersebut dengan butang yang dijumpai dahulu itu, didapati kedua-duanya itu serupa. Tiba-tiba lelaki itu, tunang Maria bertanya kepada mereka.

"Sukakah merokok?", sambil menghulurkan sebatang cerut kepada Tony dan sebatang kepada Milano. Tony berasa terkejut sambil memeriksa cerut itu dan terdapat cap pada cerut itu adalah serupa dengan cap yang ada pada puntung cerut yang di jumpai di bilik simati itu. Apa bila dia melihat rambut lelaki itu dia mendapati rumbutnya berwarna kelabu.

Dengan segera, Tony mengambil gari yang ada pada Milano lalu membelenggu tangan Maria dan tunangnya. Setelah itu dia pun memberi tahu kepada Milano bahawa Maria dan tunangnya itulah yang membunuh simati itu. Dia pun menerangkan bagaimana ia mengetahuinya ialah melalui cerut, butang, rambut dan juga suara kedua-duanya yang terakam di dalam alat perakam itu.

"Tetapi, mengapa mereka mesti membunuh simati itu? Tanya Milano kepada Tony.

"Dengan matinya dia, Maria nanti akan mewarisi segala harta simati. Itulah sebabnya Maria membunuh simati iaitu sepupunya," jawab Tony.

Maka dengan tertangkapnya pembunuh itu maka tamatlah 'kes kematian Michele Marchis' itu.

TEO WEE CHEE,
TINGKATAN 5-E.

PERGOLAKAN DUNIA

Hadiah — Bahagian Rencana

Dunia kita ini sentiasa bergolak. Walaupun begitu tidak ada satu masa pun dalam sejarah yang dapat menanding masa sekarang dalam hal kepesatan dan keterukan pergolakan dunia yang sedang dialami oleh manusia diseluruh dunia ini. Ada banyak faktur-faktur yang mengakibatkan pergolakan didunia ini.

Kekurangan bahan-bahan mentah boleh dianggap sebagai faktur yang penting. Kekurangan bahan-bahan keperluan dalam perindusterian telah menimbulkan keadaan inflasi. Diseluruh dunia harga barang-barang melambung naik beratus persin. Oleh sebab kenaikan harga barang-barang keperluan, pekerja-pekerja tidak mampu menyara keluarga mereka. Akibatnya ialah kegelisahan dalam gulungan pekerja-pekerja yang menghasilkan mogok secara besar-besaran seperti di Britain dan di Jepun.

Pertambahan penduduk didalam dunia ini adalah faktur yang menimbulkan masa'alah kekurangan bahan-bahan mentah. Sekarang ada lebih kurang 3.2 biliun orang di muka bumi dan bilangan ini akan bertambah hingga 7.5 biliun pada tahun 2,000. Sekiranya bilangan yang ramai ini terbiar hidup dimuka bumi, maka lama kelamaan mereka tidak akan dapat keperluan sehari-hari yang lumayan. Yang demikian pergolakan memburu dan merebut makanan tentu akan timbul dan mengakibatkan peristiwa-peristiwa dahsyat.

Kelakuan manusia pula memang boleh menyebabkan pergolakan dunia. Kelakuan-kelakuan manusia biasa seperti perasaan takbur, keinginan terhadap wang dan keinginan kemenangan sentiasa meledakkan peperangan. Beberapa peperangan telah meletus selepas peperangan dunia yang kedua misalnya: peperangan Korea, peperangan Vietnam, peperangan di Timur Tengah dan lain-lain lagi. Peperangan di Timur Tengah masih belum tamat dan perundingan sedang dijalankan untuk mencapai keamanan yang abadi disana. Pada masa sekarang, kita dapati peperangan secara gerila. Cara peperangan begini terdapat dimana-mana tempat, satu daripadanya ialah di Malaysia iaitu peperangan yang dijalankan oleh penjahat-penjahat kominis. Perkerakan secara gerila juga ada didapati dalam dunia ini seperti pergerakan "Black September", merampas kapal terbang kerana hendak membantah dasar sesebuah negara atau hendak mendapat kelulusan atas tuntutan mereka. Tidak dapat dinafikan bahawa cara peperangan ini sebanyak sedikit adalah berkesan.

Tabiat manusia yang amat menghairankan ialah keinginan melakukan perbuatan-perbuatan jenayah. Ini menimbulkan berbagai-bagai bentuk jenayah dilakukan manusia diseluruh dunia. Pembunuhan, rompakan, pencurian, pemadatan, perjudian dan persundalan bukanlah perkara-perkara yang asing lagi. Perbuatan jenayah ini tidak dapat ditahan atau dicegah oleh polis-polis sahaja kerana telah ada bukti-bukti yang menunjukkan bahawa mereka juga terlibat dalam skendal-skendal. Bukan polis sahaja yang terlibat bahkan pemimpin-pemimpin negara juga ada yang terlibat. Sebagaimana kita tahu melalui akhbar dan majallah bahawa Presiden Nixon telah terlibat dalam skendal Watergate. Dinegara Britain satu masa dahulu terdapat dua orang menterinya meletak jawatan kerana terlibat dalam skendal sek.

Selain daripada jenayah yang dilakukan oleh setengah-setengah pihak yang berkuasa, ada pula jenayah yang dilakukan oleh mereka yang membencikan bangsa lain. Oleh sebab kebencian Hitler terhadap kaum Yahudi, maka sejumlah 6 juta Yahudi dibunuh masa peperangan dunia yang kedua dahulu. Di Amerika Syarikat pula terdapat pembunuhan yang dilakukan kerana kebencian bangsa yang berkulit putih terhadap bangsa yang berkulit hitam atau pun sebaliknya. Beberapa pergerakan telah muncul disana yang ada hubungan dengan gerakan pembunuhan itu misalnya: pergerakan "Death Angis" atau "Zebra" dan "SLA".

Kini terdapat pula pemuda pemudi yang tidak menyedari nilai-nilai yang lama. Terdapat mereka tidak memperdulikan ajaran-ajaran ugama. Perikatan antara pemuda-pemudi dengan keluarganya sendiri pun sudah renggang. Pemuda-pemudi terutama sekali mereka yang menilai kehidupan secara Barat, telah didapati lebih suka meniru perbuatan secari hippy dan merayau-rayau ditepi jalan. Tiori yang ditimbulkan untuk menerangkan perbuatan atau kelakuan mereka itu ialah dengan mengatakan mereka telah bosan dengan kehidupan mereka. Mereka cuba mencari sesuatu yang tidak munkin dapat dicari. Oleh sebab itulah ada sebilangan besar pemuda-pemudi mengambil atau memakan dadah. Kegunaan dadah dikalangan pemuda-pemudi sudah menjadi satu masaalah umum bagi dunia moden ini.

Pakar-pakar sains dan lain-lain pakar telah mengemukakan perasaan kebimbangan terhadap perkembangan sains dan teknoloji. Mereka menginsafi akan bahayanya yang timbul dari alat sains sekiranya ia salah dipergunakan oleh manusia. Bom atum adalah bahaya yang utama. Lain-lain bahaya yang mengancam kehidupan manusia sendiri ialah pencemaran alam sebagai satu hasil perkembangan sains dan teknoloji. Struktur-struktur yang dibina oleh manusia pun akan mengancam penghidupan mereka kerana struktur-struktur ini mengacau kuasa alam semula-jadi. Penebangan pokok-pokok akan menyebabkan kekurangan oksijen kerana proses photosynthesis yang menghasilkan oksijen itu tidak dapat dijalankan lagi oleh tumbuh-tumbuhan.

Dengan hal yang demikian, saya berpendapat bahawa pergolakan dunia adalah hasil perbuatan manusia sendiri. Dan selagi manusia tidak berubah maka selagi itulah pergolakan didunia tidak akan dapat dicegah atau dihentikan. Walau bagaimanapun saya rasa jikalau manusia menginsafi bahayanya dan lekas bertindak mengatasinya maka tidaklah manusia akan lenyap dari muka bumi ini.

TRIBUTE TO AN OUTSTANDING ATHLETE — V. SEGRAN OF 5-B :

V. Segran of 5-B was presented with a track suit by the school in recognition of his outstanding atheletic achievements. Below is a record of his achievements.

Events	*Date*	*Place*	*Placing*
Selangor X country	17/2	Kajang	3rd
Combined School X country (K.L. Utara)	23/2	L. Gardens	1st
National X country	29/2	K. Trengganu	1st
M.S.S.S. X country	6/3	Klang	3rd
K.L. Utara Track Event ...	7-8/6	V. Institution	* 1st 500 m. R.T. 16 m. 14 s.
			1st 1500 m.
			2nd 800 m.
Junior Championship	9/6	Police deport	3rd 500 m.
M.S.S.S.	22-23/6	P. Jaya	* 1st 500 m. R.T. 16 m. 5 s.
			2nd 1500 m.

V. Segran was also selected:

M.S.S.S. Champion Athelete for Class 1 and will represent Selangor in the M.S.S.M. to be held at Kuantan on 28th July.

Well Done Segran! M.B.S. Sentul is proud of you!

"CRICKET STAR"

The school also boasts of another outstanding sportsman: —

Cricketer P. BANNERJI of Form 5-E.

Who (1) Represented Malaysia against H.K.

(2) Represented Selangor in the M.C.A. League.

(3) Represented R.R.I.R.C. in the local league.

To instill courtesy and discipline in its members.

Training : Weekly on Tuesday after school.

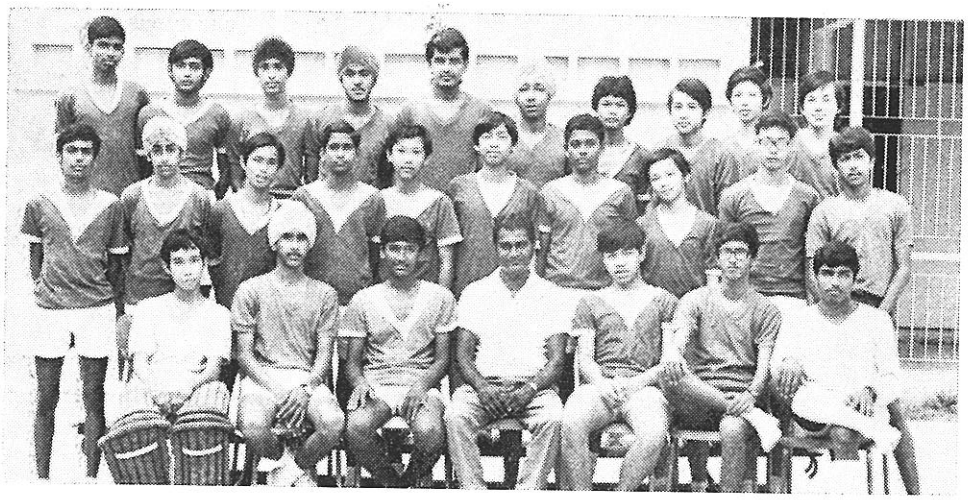

This club was started this year. We have highly competent instructors in our masters in charge, Mr. Low Thin Wing and Mr. Thevarajah.

On behalf of the members of the Gymnastic Club, I wish to take this opportunity to thank the masters, for their invaluable help in making this club a success.

I hope that in future, more boys will join the club.

REPORT BY
ONG ENG LUM.

HOCKEY

BACK ROW (LEFT TO RIGHT): Naiduseelan, Raymond, Inderjeet Singh, Ajeet Singh, Hariban Singh, Tharam Singh, Renaldo, Cheong Choon Ming, Lau Kok San, Ng, Kok Tiah.

MIDDLE ROW (LEFT TO RIGHT): Vickey, Pritpal Singh, Lam Choon Kiat, Mahmud Nazmi, Raymond, Gunaseelan, Seow Yoke San, Ho Kim Kong, Sivarajah.

FRONT ROW (LEFT TO RIGHT): Abdul Kadir, Bhupinder Singh *(Under-18 Captain)*, Anandarajah *(Under-15 Vice-Captain)*, Mr. Thevarajah *(Master-in-Charge)*, Abdullah *(Under-15 Captain)*, Johnson Fernandez *(Under-18 Vice-Captain)*, Ibrahim.

ABSENTEES: Harbhajan Singh, Jeyakumar.

Master-in-Charge	Mr. Thevarajah
Under 18 – Captain	Bhupinder Singh
Vice-Captain	Johnson Fernandez
Under 16 – Captain	Abdullah
Vice-Captain	Anandarajah

INTER-SCHOOL TOURNAMENTS

Under 18 :

12-2-1974	M.B.S., Sentul	vs	M.B.S., Kuala Lumpur	Won 2 – 1
19-2-1974	M.B.S., Sentul	vs	S.J.I.	Lost 5 – 6
30-1-1974	M.B.S., Sentul	vs	Maxwell (friendly)	Lost 0 – 1

Tun Abdul Razak Cup Tournament — Zone Runners-up.

Under 15 :

M.B.S., Sentul	vs	La Salle, Sentul		Won 3 – 0
M.B.S., Sentul	vs	Maxwell		Won 6 – 1
M.B.S., Sentul	vs	High School, Setapak		Won 3 – 0
M.B.S. Sentul	vs	M.B.S., Kuala Lumpur		Lost 1 – 4

The school is also proud of our captain, Bhupinder Singh, who was chosen to represent the Selangor Combined Schools State Team for the second consecutive year. Inderjeet and Sivarajah, were however less fortunate.

INTER-HOUSE HOCKEY TOURNAMENT

BLUE HOUSE - - - - - Class 1 Champions

INTER-CLASS HOCKEY TOURNAMENT

Champion – 5-E - - - - Runner-up – 5-C

On behalf of the school team, I would like to thank Mr. Thevarajah for his kind assistance and encouragement.

I sincerely hope that the standard of hockey in our school will reach peak level and that the future teams will have earlier training and will fare better.

JOHNSON FERNANDEZ

VICE-CAPTAIN.

SOCCER 1974

STANDING (LEFT TO RIGHT): Mr. Andrew James *(Master-in-Charge)*, Sivarajah, K. Sevandran, Isaruddin, Abdullah, Ramlee, Stanley *(Captain)*, Kassim, Lim Fook Wing, Khaw Leong Seng, Mhd. Ibrahim, S. Gunasegran, Tang Kong Wai, S. Pathmanathan, M. Kumar, How Kwee Lim, Gan Eng Chai, Azlan.

SQUATTING (LEFT TO RIGHT): Vijaya Kumar, Shegar, Zulkifli, Tiagaraja, Satiaraja, Tan Cheng Thiong, Chan Heng Guan *(Vice-Captain)*, Sugumaran, Segran *(Captain)*, Soh Choy Lum, Cheong Kok Cheong *(Vice-Captain)*, Liew Teck Shing, Ragupathy.

Practices - - - - - - - Twice a week.

Master-in-Charge - - - - - Mr. Andrew James and Mr. Yap

School Individual Tournaments :

Ragupathy emerged as school under 18 individual Champion. He represented the Kuala Lumpur North District.

Inter-School Tournaments :

Our School team participated in the M.S.S.S. Tournament. The Under 18 as well as the under 16 emerged the Champions in their group in the 1st round. But unfortunately we were defeated by a better team in the second round.

The results of the under 18 matches played:

M.B.S., Sentul vs S.M.J.K., Jinjang - - - - Lost 1 – 2
M.B.S., Sentul vs S.M.J.K., Maxwell - - - - Won 1 – 0
M.B.S., Sentul vs S.M.J.K., Chung Hwa - - - Won 7 – 0

The results for the under 15 matches played:

M.B.S., Sentul vs S.M.J.K., Jalan Temerloh - - - Won 2 - 1
M.B.S., Sentul vs La Salle, Sentul - - - - Lost 1 – 3
M.B.S., Sentul vs S.M.J.K., Kg. Batu - - - - Won 7 – 0

Inter-House Games :

Green House emerged the Champions. Our team owe a lot to Mr. Andrew James and Mr. Yap under whose coaching we have been able to produce good players.

On behalf of the team I would like to extend my sincere thanks to the members of the staff for their efforts.

STANLEY,
CAPTAIN.

INTER-HOUSE TOURNAMENT (SINGAM TROPHY)

We did reasonably well and tied with Blue House for second place. We were:—

CHAMPIONS IN: Basketball (class I), Soccer (class 2).

RUNNERS-UP IN: Soccer, Badminton and Chess (class 1), Volleyball and Basketball (class 2).

Sports Day:

The efforts put in by the dedicated and hardworking members and officials paid off handsomely as *Yellow House retained for the second year running, the coveted PEACH TROPHY – symbol of the Champion House in the school sports*

meet. The three 'D s formulation, Dedication, Determination and Discipline coupled with intensive regular training were the recipes and ingredients of our success.

In conclusion, I would like to thank on behalf of the House, every House Master and Mistress, particularly the acting House Master, Mr. Kandaswamy, for their unlimited help and encouragement. Finally, the House wishes to express its heartfelt gratitude and appreciation to the strenous and untiring efforts contributed by its members, office-bearers and the various games captains. It is hoped that future Yellow members will not only emulate our success but also keep the flag of Yellow House flying high.

PATRICK SOO,
HON. SECRETARY.

Teachers-in-Charge :

Mr. James Amoz, Mr. Lee Yong Chee, Mr. Palaniappan, Mrs. Wong Yew Kheng, Mrs. Soong, Mr. Awtar Singh, Puan Noormah S., Miss Cheah, Puan Fadzillah, Mr. V. Thomas and Mrs. Robin Goh.

INTER-HOUSE TOURNAMENTS

The year 1974 was a very successful one and the House displayed outstanding performance in the following events:—

CHAMPION IN : Soccer (class I), Chess (class I), Badminton (class I), Carrom (class I), Tennis (class I), and Basketball (class 2), Volleyball (class 2) and the Inter-House Science Quiz.

RUNNERS-UP IN: Basketball (class I) and Soccer (class 2).

The excellent performances have enabled the House to emerge as the proud winner of the SINGAM CHALLENGE TROPHY – a trophy awarded to the overall champion House in the games section.

Cross-Country :

We were the class 3 champion and overall runners-up.

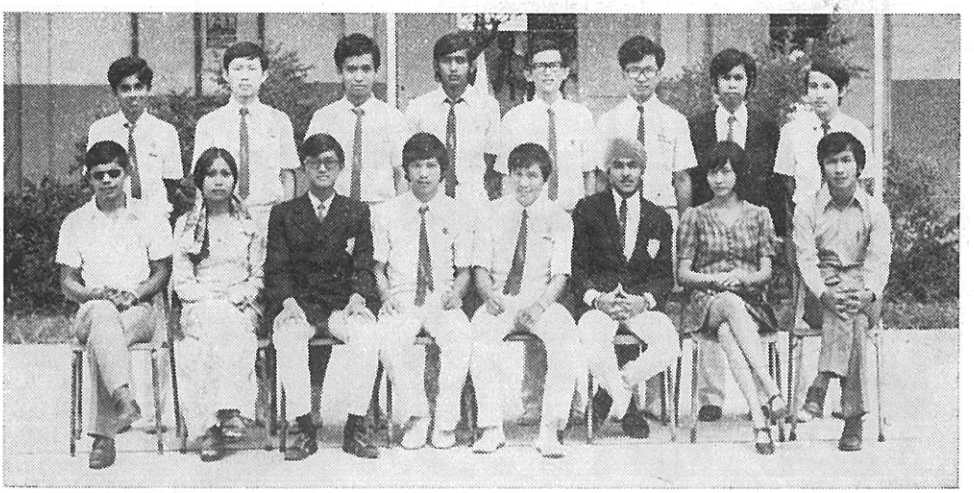

Sports Day :

We finished up second – just a few points behind the champion House.

A great deal of credit must be given to the Teachers-in-Charge, especially Mr. Amoz for the House's excellent performance. We hope in the years to come, the House will retain the SINGAM TROPHY and emerge as champions in the Cross-Country and the Athletics Meet.

THEANG KOK KENG.
HON. SECRETARY.

WHITE HOUSE

SEATED (FROM LEFT TO RIGHT): Mr. Andrew James *(Teacher-in-Charge)*, Puan Khadisah *(Adviser)*, Tan Leong Seng *(Treasurer)*, Khaw Leong Seng *(Captain)*, Cheong Kok Chong *(Vice-Captain)*, Ajeet Singh *(Secretary)*, Mrs. Liew Y. H. *(Adviser)*, Enche Ibrahim.

MOTTO : WE WILL DO OUR BEST.

Teachers-in-Charge :

Mr. Andrew James, Mr. Lui Fok Foy, Mr. Chong Wan, Mr. Murahari, Mr. Nadarajan, Mrs. Liew, Y. H., Mrs. Hwang, G. Y., Miss Kalavathi and Puan Khadisah Awang.

Cross Country :

The year 1974 was a discouraging year for the White House. In the Annual Cross-Country Race, we managed to clinch second place. Credit should be given to the House Cross-Country team which emerged as champions.

Sports Day :

Our performance at the Annual Sports this year was quite satisfactory. In spite of the lack of sportsmanship in the Class II and Class III divisions, we managed to clinch third place.

Inter-House Games :

In the Inter-House Tournaments, we lacked the spirit of team work and sportsmanship. The following were the only games that we won : —

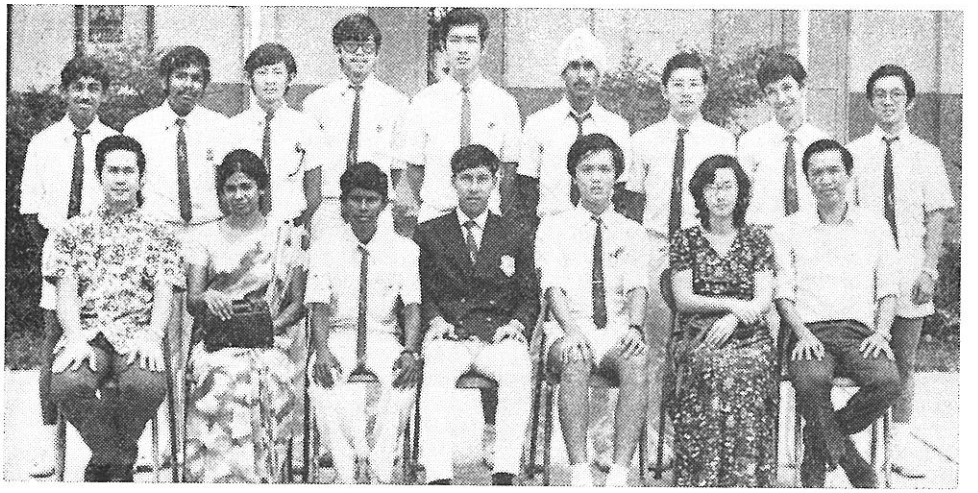

Volleyball Class I - - - - - Champion

Carrom Class I - - - - - - - Runner-up.

In conclusion, I would like to thank the teachers in charge for their invaluable guidance, encouragement and advice.

AJEET SINGH GILL,

STANDING (LEFT TO RIGHT): Jeyasari *(Asst. Secretary)*, Sivalingam, Ong Eng Lum, Chu Chin Leong, Soh Chin Yin, Bhupinder Singh, Leon Tian Seng *(Vice-Captain)*, Chee Keong, Teh Lip Siew.

ABSENT: Jeyakumar *(Secretary)*.

MOTTO: ACT AS IT IS IMPOSSIBLE TO FAIL.

Teachers-in-Charge :

Mr. Lee Hung Yen, Mr. Woo Chee Kin, Mr. Kwok Yam Chee, Mrs. Tan, G. S., Miss P. Naganathar, Puan Hanumah and Mrs. R. Subash.

Inter-House Tournament :

Hockey - - - - - - - - -	Champion
Table Tennis - - - - - - - -	Champion
Sepak Takraw - - - - - - - -	Champion

This year, although all participants demonstrated excellent sportsmanship, determination and gave their fullest support, we did not manage to secure the Inter-house Championship.

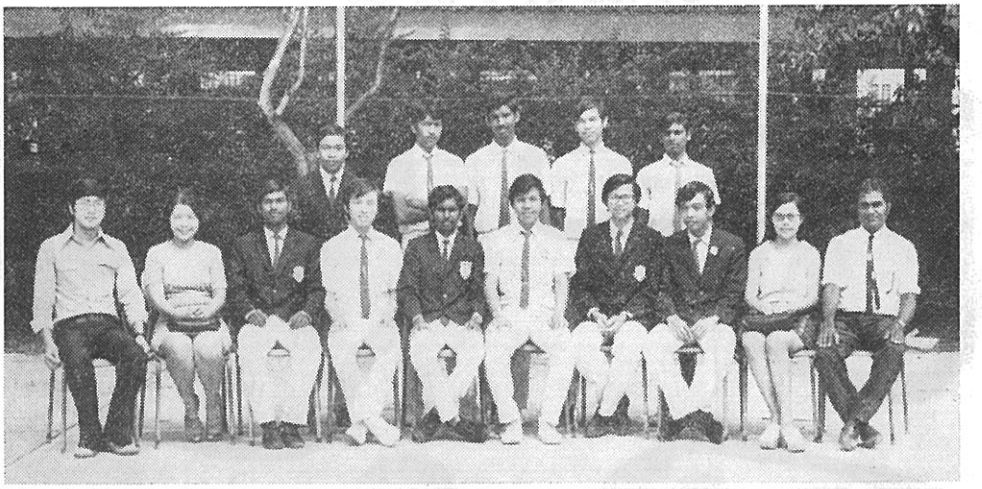

However, Blue House Class II representatives did very well on Sport day and emerged Class II Champions. Under the guidance of Leon Tian Seng, Wilton Jayasri and other bearers, the house will confidently show better performance next year.

The House is also proud to announce that Bhupinder Singh and Soh Chin Yin represented the state in Hockey and Volleyball respectively.

On behalf of the House members I sincerely thank the House Masters and Mistresses for the invaluable help and support they have rendered.

JEYAKUMAR, R.
SECRETARY.

RED HOUSE

SEATED (LEFT TO RIGHT): Mr. Low *(Adviser)*, Mrs. Bavanandam *(Adviser)*, Murugesu *(Asst. Secretary)*, Teo Wee Chee *(Secretary)*, M. Kumar *(Captain)*, Wong Pow Lai *(Asst. Captain)*, Ang Siong Min *(Chess Captain)*, Ridzuan Ahmad *(Sepak Takraw Captain)*, Mrs. Goh T. J. *(Adviser)*, Mr. Thevarajah *(Adviser)*.

STANDING (LEFT TO RIGHT): Zainal Abidin, Selvarajah *(Hockey Captain)*, S. Gunasegran *(Tennis Captain)*, Joseph, L. *(Badminton Captain)*, Ganesan *(Cross-Country Captain)*.

MOTTO: WIN IF YOU CAN, LOSE IF YOU MUST, BUT ALWAYS BE A GOOD SPORTSMAN.

Teachers-in-Charge:

Mr. Thevarajah, Enche Satari bin Haji Yassin, Mr. Ibrahim Hussein, Mr. Liew Wai Lin, Mr. Surat Singh, Mrs. Lucy Bavanandam, Mrs. Goh Thuan Jig, Mrs. Khoo Soo Jit, Mrs. Raghavan and Miss Choo Hooi Sin.

Inter-House Tournaments:

Sepak Takraw	Champion
Hockey Class I	Runner-up
Tennis	Runner-up
Chess (Junior)	Champion

Cross Country and Sports Day:

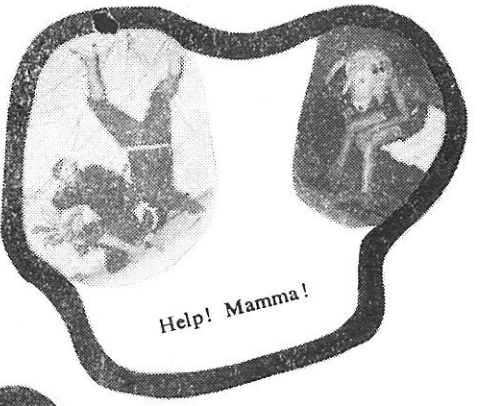

This year was not a fruitful year for the House. Even though we did well to emerge third in the Annual Cross-Country, we could not maintain the same spirit at the Annual Sports. We had the consolation of clinching firsts in Triple Jump Class I, Long Jump Class I, and a string of runners-up.

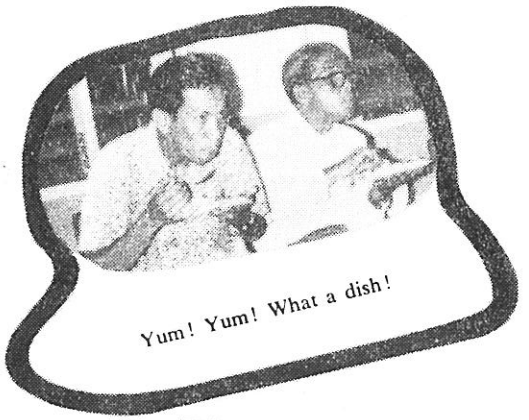

In conclusion, credit must be given to the Teachers-in-Charge for their invaluable help and guidance.

TEO WEE CHEE,

REPORTS

BOARD OF PREFECTS

SENIORS: (SEATED LEFT TO RIGHT): Tan Leong Seng, Ajeet Singh Gill, Kumar M., George Ho *(Vice-Captain)*, Mr. K. G. Zachariah *(Adviser)*, Woo Kok Wai *(Captain)*, Mr. Kwong Sea Khoon *(Principal)*, Patrick Soo *(Secretary)*, Loganathan *(Treasurer)*, Chiong Chee Kin, Ridzuan bin Ahmad.

JUNIORS: (STANDING MIDDLE ROW): R. Gunaratnam, Abdul Latiff, Sathaysivam, Kanagasingam, Zulkifli, Shamsuddin, Zainal Abidin, Paul Abraham, Nicholas A., Lau Kok Sun, Murugesu, Low Seng Guan, Benny Ng, Richard Ang.

JUNIORS: (STANDING LAST ROW): Devadass, V., Abdullah bin Muhammed, Chua Gong Hua, Low Yih Leng, Chai Leong Hock, Muralee, Pubadi L., Tan Theng Siong, Joseph Niles.

ABSENT: Theang Kok Kheng *(Senior)*.

AIM : To uphold and maintain the discipline and good name of the school and to foster better and closer relationship with the Principal, staff and pupils of the school.

ADVISERS: Mr. K. G. Zachariah (Senior)
Mr. Palaniappan A. (Junior)

MEETINGS: Once fortnightly but occasionally 'emergency' meetings were also held.

INSTALLATION OF PREFECTS

The 1974 Prefectorial Board was officially installed by the Principal, Mr. Kwong Sea Khoon, on the 22nd February 1974 in the school hall. This solemn and auspicious ceremony was witnessed by the staff and pupils of the upper secondary school.

ANNUAL SPORTS DAY

Members of the Board contributed to the success of this sports meet by maintaining discipline among the boys and by helping to entertain the invited guests. The Board was praised for its warm and friendly hospitality.

ANNUAL COMBINED SOCIAL

The Annual Combined Social with Convent Sentul was held on June 15th, 1974 and turned out to be successful and memorable. The aim of this social was to promote better understanding and relationship among fellow prefects of different schools and judging from the way all the prefects mingled together, it was evident that this objective had been achieved.

ANNUAL PRIZE-GIVING DAY

The Annual Prize-Giving day was held on the 25th July, 1974 in the school hall. Members of the Board again helped to maintain discipline and order and also gave a helping hand in organising some of the items. The Board was again praised for its warm and friendly hospitality.

JUNIOR PREFECTS' BOARD

The Junior Prefects' Board under the assistance and guidance of Mr. Palaniappan deserves special mention for doing a good job in upholding discipline in the lower forms and remove classes.

In conclusion the Board wishes to express its heartfelt gratitude and appreciation to its adviser, Mr. Zachariah, for his invaluable guidance and assistance rendered. There is no doubt that he is a 'tower of strength' in M.B.S. Sentul. The Board also wishes to thank the Principal, Mr. Kwong Sea Khoon, for his continuing interest, support and guidance; the staff and pupils of the school for their co-operation and lastly member prefects who have so unselfishly sacrificed their time and energy to carry out the strenous duties and responsibilities entrusted to them. It is hoped that the incoming Board will not only maintain but also enhance the good reputation of the Prefectorial Board.

SOO KIM YEW,
HON. SECRETARY.

INSTALLATION OF PREFECTS — 1974

This year's installation of Prefects was held on a moderate scale in the school hall on 22nd February, 1974. This solemn occasion which is considered as one of the most auspicious and significant in the school calender was witnessed by the staff and pupils of the upper secondary school.

The ceremony commenced with a speech by the Principal, Mr. Kwong Sea Khoon, in which he expressed his appreciation to members of the Prefectorial Board who in the past have helped to maintain discipline in the school. The Prefect-Master, Mr. K. G. Zachariah then gave a few words of advice pertaining to the responsibilities of a prefect. The prefects, led by the new school captain then stood up to take the oath:

> "ON OUR HONOUR WE PROMISE TO DO OUR BEST, TO DO OUR DUTY WITHOUT FEAR OR FAVOUR, TO UPHOLD AND MAINTAIN THE DISCIPLINE AND GOOD NAME OF THE SCHOOL, FOSTERING BETTER AND CLOSER RELATIONSHIP WITH THE PRINCIPAL, STAFF AND PUPILS OF THE SCHOOL".

The taking of the oath thus signified the beginning of the momentous agenda of the day, namely, the investiture of the new prefects. As the new prefects were called up, they walked briskly up the stage and were garlanded by Mr. Kwong with a ribbon which had a prefect's badge pinned onto it. They then marched down the stage and were showered with applause and cheers from the boys present.

The ceremony reached a climax with the commencement of the Candle Lighting, prelude of this being a speech given by the former school captain, Master Lee Lai Keong. In his speech he emphasised the need for light and concluded by lighting a candle. The new captain followed by delivering his speech based on the same theme, light, and concluded his speech by lighting a candle from the one held by Master Lee Lai Keong, symbolising that the light of leadership and responsibilities had been passed on to and received by the 1974 prefects.

Next, the prefects led by the vice-captain lighted a candle each from the one held by the new captain, to signify that they are entrusted with responsibilities to work with the captain. With the lighted candles in their hands, they then pledged to perform their duties efficiently.

The ceremony terminated with a word of prayer by Mr. Zachariah.

Earlier during assembly Mr. Stephen Samuel, Secretary of the O.B.A. of the M.B.S. Sentul presented the Peach Scholarship awards to Masters Teo Wee Chee and Lim Hwa Teong for their outstanding academic achievements for the year 1972 to 1973.

PATRICK SOO,
HON. SECRETARY.

JUNIOR PREFECTS

SEATED (LEFT TO RIGHT): Kamarulzaman, Soh Cheong Boon, Ahmad Nazlozan (*Captain*), Mr. Palaniappan (*Teacher-in-Charge*), Nedun Chellian (*Vice-Captain*), Fooh Chooh Leong, Yap Kien Wah.

STANDING (LEFT TO RIGHT) MIDDLE ROW: Parkash Harchand, Albert, Zulkifli Rahman, Liew Yoon Loong, Roslan Othman, Razif Noordin, Bakri Mohd. Noor, Sagadeven, S., Balasingam.

STANDING (LEFT TO RIGHT) BACK ROW: Muthiyah, R., Lim Mun Huat, Low Chin Guan, Jamal Latif, Rathakrishnan, Hong Boon Cheow, Tan Boon Peng, Gilbert Koh, Ho Kim Yew.

AERO-MODELLING CLUB

SEATED (LEFT TO RIGHT): Wong San Kam *(Vice-Treasurer)*, Yap Chee Wooi *(Secretary)*, Steven Tok *(Vice-President)*, Mr. Andrew James *(Adviser)*, Eddie Teh Onn Seng *(President)*, Philip Yap *(Junior President)*, Richard Leong *(Junior Treasurer)*, Pushwan *(Junior Secretary)*.

SQUATTING: Eng Thiam Soon, Chan Chee Seng, Leong Hwong Kuang, Mahadevan, Francis.

BACK ROW: Lim Her Lay, Yap Boon Seng, Tan Ben Teck, Lee Boon, Albert, Stanley, Ganga Raj, Sakunathan, Goh Ah Huat, Tan Chuan Huat, Philip, Stiram, Yap Beng Hooi.

AIM:

The main objective of the Aero-Modelling Club is to promote interest in aerodynamics among the pupils.

TEACHERS-IN-CHARGE:

Mr. Andrew James and Mr. Chong Wan.

MEETING:

Every Monday the club holds its meeting of the office-bearers and the adviser to discuss problems faced by the club.

ACTIVITIES:

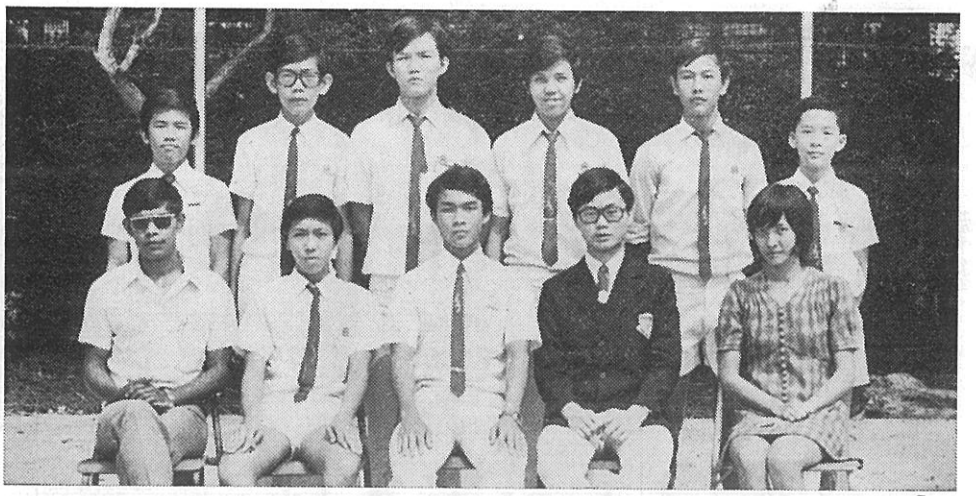

Flying practices are held every Friday for both the Seniors and Juniors. Building and repairing model aeroplanes are usually during weekends when the school's workshop is not occupied.

An aero-modelling display was put up during the intermission of our Annual School Sports Meet. Our experienced controllers managed to thrill the spectators with some precision flying.

On behalf of the Committee I would like to take this opportunity to convey my warmest thanks to our Adviser Mr. Andrew T. James.

BERNARD, Y.
HON. TREASURER.

AQUARIST CLUB

SEATED (LEFT TO RIGHT): Mr. Andrew James *(Master-in-Charge)*, Wong Loke Yee, Yap Kien Wah *(President)*, Chiong Chee Kin *(Secretary)*, Mrs. Doreen Liew *(Adviser)*.

BACK ROW (LEFT TO RIGHT): Theang Kok Keong, Low Kok Bee *(Asst. Treasurer)*, Tan Eng Tor, Wong Pow Lai, Wong Peng Kee *(Asst. Secretary)*, Yap Foo Fai.

ABSENT: Theang Kok Keng *(Treasurer)*.

AIM:

The aim of this club is to create an interest in keeping fishes and to share one's knowledge of fishes.

TEACHERS-IN-CHARGE:

Mr. Andrew James and Mrs. Doreen Liew.

MEETINGS:

Fishes were sold every Friday. Sometimes committee meetings were held after the fish sales to map out the club's activities.

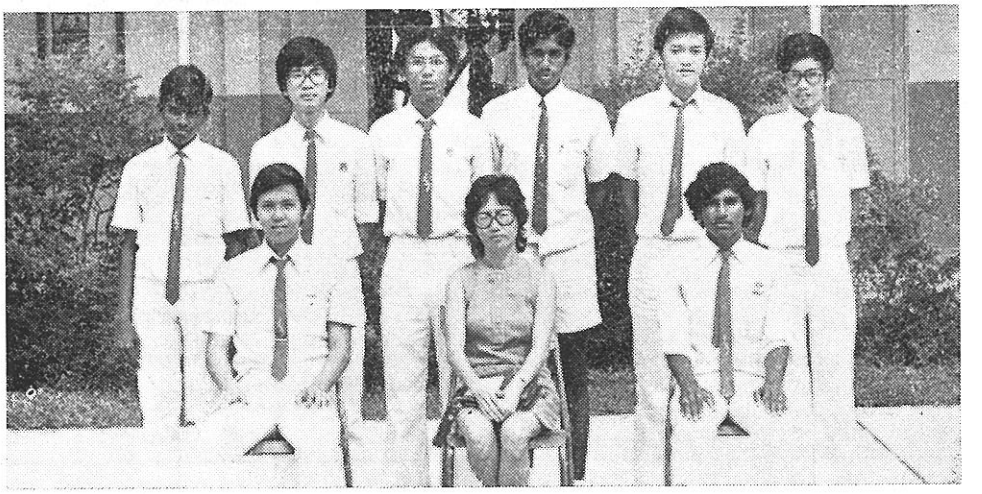

ACTIVITIES:

On the 20th of July, we held a fishing competition in a pond near Segambut. Many enthusiatic anglers turned up to try their luck with their fishing rods. We also plan to have other trips to places of interest such as the National Aquarium in Ulu Klang.

At the beginning of this year, we were disappointed when our active adviser, Mr. Tan Teong Chuan who had founded and dedicated his service to the club for many years, left our school. However we are pleased to have Mr. Andrew James and Mrs. Doreen Liew as our advisers. They have led our 80 members-strong club through another successful year. To them, our principal, committee members and members of the club, I would like to say a big thank you on behalf of the club.

CHIONG CHEE KIN,
SECRETARY.

ART CLUB

SEATED (LEFT TO RIGHT): Wong Pow Lai *(Hon. Secretary)*, Mrs. Soong *(Adviser)*, Daniel Williams *(Chairman)*.

STANDING (LEFT TO RIGHT): Rajenthran, S., Loo Siew Hoong *(Asst. Secretary)*, Sazali *(Vice-Chairman)*, Stanley. Teow Chuen Sang *(Treasurer)*, Chuah Mong Kiat.

ABSENT: Balachandran.

AIM:

To Create and to Develop our Artistic Skills.

TEACHER-IN-CHARGE:

Mrs. Soong Mun Wai.

MEETINGS:

Meetings are held fortnightly on Fridays from 12.25 to about 2.00 p.m.

ACTIVITIES:

Activities carried out and intended to be carried out include craft work like woodcarving, different methods of frabric printing, painting using different media and sessions where members can pursue their own hobbies.

OTHER REMARKS:

The club has designed its activities to meet the needs of both amateurs who are just starting, and those who have already done some printing and now want to improve their technique.

WONG POW LAI,

HON. SECRETARY.

CARROM CLUB

SEATED (LEFT TO RIGHT): Miss Naganather *(Adviser)*, Harry Loo *(Vice-President)*, Patrick Soo *(Secretary)*, Tan Chuan Huat *(President)*, Jeffrey Chiong *(Treasurer)*, Lim Hwa Teong *(Asst. Secretary)*, Mrs. Wong *(Adviser)*.

STANDING (LEFT TO RIGHT): Anandh, Peh Hoo Chun, Low Kiang Chooi, David Peters *(Asst. Treasurer)*, Sivalingam, Harry Siva.

AIM:

To promote the game of carrom.

TEACHERS-IN-CHARGE:

SENIORS: Miss Naganather and Mrs. Wong. JUNIORS: Mrs. Subash.

PRACTICES:

Every friday.

During the second term the inter-house and individual singles and doubles tournaments were held. The response was overwhelming and the month-long battle of 'fluke, luck and skills' was keenly and fiercely contested. The eventual winners were:—

INTER-HOUSE TOURNAMENT

Champions - - - -	Green House
Runners-up - - - -	White House.

SENIOR INDIVIDUAL CHAMPIONSHIPS

Singles Champion - - -	Anandh Ragupathi
Runners-up - - - -	Soo Kim Yew
Doubles Champion - -	Tan Chuan Huat and Patrick Soo
Runners-up - - - -	Tan Theng Siong and Chai Leong Hock.

JUNIOR INDIVIDUAL CHAMPIONSHIP

Singles Champion - - -	Jerry Loo
Runners-up - - - -	Sagadevan
Doubles Champion - -	Jerry Loo and Gilbert Khor
Runners-up - - - -	Sagadevan and Vickneswaran.

Unfortunately due to some unforeseen circumstances, friendly matches planned against other schools did not materialise.

Finally the Club wishes to express its gratitude and appreciation to its advisers for their guidance and support.

SOO KIM YEW,
HON. SECRETARY.

CHAPEL COMMITTEE

SITTING (LEFT TO RIGHT): Benedict Francis, Nicholas Amaladass, Wasudevan, Joseph Niles, Joseph Charles, Andy Kana, Fong Kar Wong, Alexander Maria Dass.

SEATED (LEFT TO RIGHT): Pathamanadan, S. *(Treasurer)*, Dennis Franklin *(Asst. Secretary)*, Mr. James Amoz, Mr. A. G. Lee, Mr. Kwong Sea Khoon, Paul Abraham *(Chairman)*, Justin Clarence *(Secretary)*, George Ho *(Vice-Chairman)*, Mr. Zachariah.

MEETINGS:

Weekly on Fridays after school. During the meetings, speakers from various Christian groups were invited to speak.

ACTIVITIES:

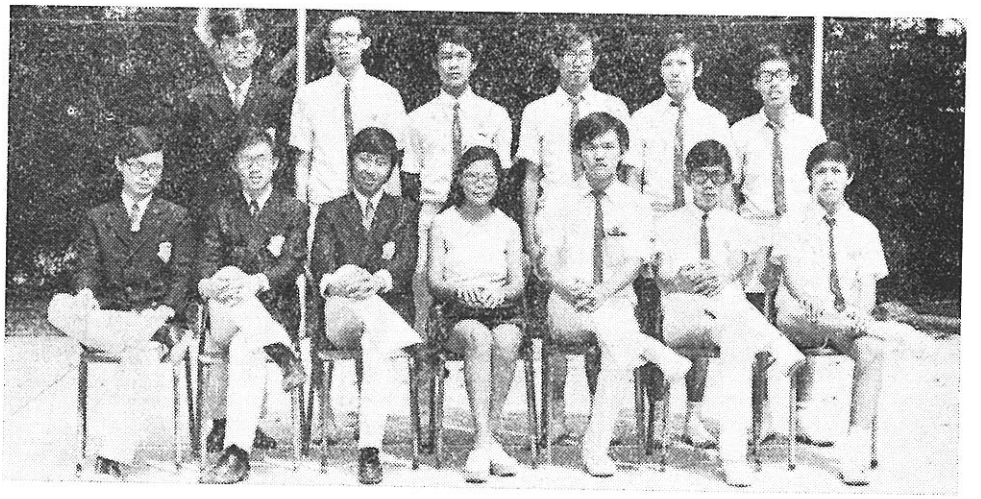

During the middle of the year we held a Religious Emphasis Week commencing from May 28th – 31st, 1974. We had 3 continuous talks, on this year's theme "Stewardship". On our final day we had a follow-up and dedication service. The speakers were Rev. Eddie Thorasingam, Rev. Arul Peragasam and Rev. Ng Ee Lin.

On behalf of the Chapel Committee, I would like to thank the advisers for their invaluable guidance and also the active members who have contributed to make the Chapel Committee's activities a great success. We pray that the services of the Chapel Committee will continue to inspire our future students.

"Believe on the name of the Lord Jesus Christ and thou shalt be saved" (Acts 16:31).

JUSTIN CLARENCE,
SECRETARY.

CHESS CLUB

SITTING (LEFT TO RIGHT): Jeffrey Chiong *(Treasurer)*, Woo Kok Wai *(Secretary)*, Patrick Soo *(President)*, Mrs. Goh *(Adviser)*, Tan Eng Tor *(Vice-President)*, Low Koh Bee *(Asst. Secretary)*, Wong Loke Yee *(Asst. Treasurer)*.

STANDING (LEFT TO RIGHT): Tan Leong Seng, Johnny Tai, Yap Kien Wah, Lim Yoke Hiap, Low Beng Wah and Chua Chong Kee.

ABSENT: Mrs. Chan Kok Eng.

TEACHERS-IN-CHARGE :

Mrs. Goh Thuan Jig and Mrs. Chan Kok Eng.

PRACTICES :

Twice a week.

INTER-SCHOOL TOURNAMENT :

We became the Under-20 runners-up.

ANNUAL SCHOOL INDIVIDUAL CHAMPIONSHIPS — WINNERS :

SENIOR-SECTION — INTERNATIONAL CHESS

Champion - - - - - -	Chua Chong Kee
Runners-up - - - - - -	Tan Leong Seng.

CHINESE CHESS

Champion - - - - - -	Tan Leong Seng
Runners-up - - - - - -	Tan Eng Tor

JUNIOR-SECTION — INTERNATIONAL CHESS

Champion - - - - - -	Low Chin Guan
Runners-up - - - - - -	Hong Boon Cheong

CHINESE CHESS

Champion - - - - - -	Yap Leong Teck
Runners-up - - - - - -	Teng Nyap Yim.

This year, we were fortunate enough to be presented with a Challenge Trophy for the Inter-House Tournament by Dr. Foo Lum Choon, President of the Chess Association of Malaysia. Green House emerged the first winner of this trophy. In the Junior Section, Red House became the champion.

We would like to thank our advisers for the invaluable guidance they have provided us.

WOO KOK WAI,
HON. SECRETARY.

CIVICS SOCIETY

TOP LEFT: Chong Kok Chong, Dennis Franklin, Tharam Singh, Fong Kar Wong *(Treasurer).*

BOTTOM LEFT: Perumal *(Secretary),* Mrs. Tan, Mrs. Wong, Lee Yon Sin *(President).*

AIM:

To instil civic consciousness among the pupils.

ADVISERS:

Mrs. Wong, Y. K., Mrs. Tan, G. S., Mrs. Soong, M. W., Mr. Ibrahim and Mr. Arthur Lee.

MEMBERSHIP:

25 members.

MEETINGS:

Fortnightly on Mondays.

ACTIVITIES:

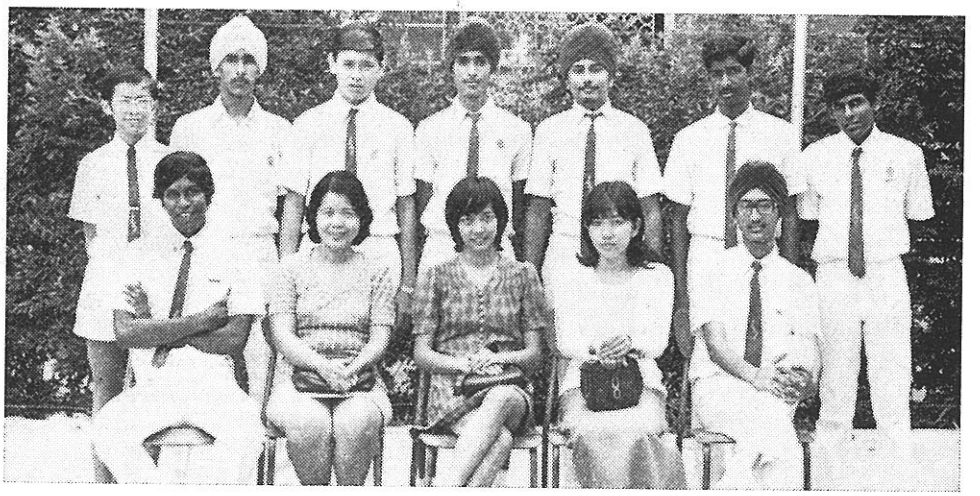

This year together with the L.A.D.S. we took the responsibility for organising the Teachers' Day concert and our boys gave one item.

During the first term we attended a sitting of the Dewan Rakyat at Parliament House.

On 7th July, we participated in a Gotong Royong project organised by the Sentul Youths. Before I conclude I would like to thank the Advisers for their invaluable help.

YEE YON SIN,
PRESIDENT.

HISTORICAL AND GEOGRAPHICAL SOCIETY

SEATED (LEFT TO RIGHT): Kiri Raj *(Secretary)*, Mrs. Bavanandan, Mrs. Liew Y. H. Mrs. Wong Y. K. *(Teachers-in-Charge)*, Harwindar Singh *(President)*.

STANDING (LEFT TO RIGHT): Wong Kien Hong, Bhupinder Singh, Liew You Choi, Inderjeet Singh, Gurdeep Singh *(Committee Members)*, S. Gunasegran *(Vice-President)*, Zainuddin *(Committee Member)*.

ABSENT: Mrs. R. Goh.

AIM:

To promote an interest in the Hist. and Geog. Society.

ADVISERS:

Mrs. Doreen Liew, Mrs. Bavanandan, Mrs. Wong, Mrs. R. Goh, Mr. Thomas.

MEETINGS:

Fortnightly.

ACTIVITIES:

The society held its first meeting in February when the elected committee planned its programme for the rest of the year which included quizes, excursions and talks.

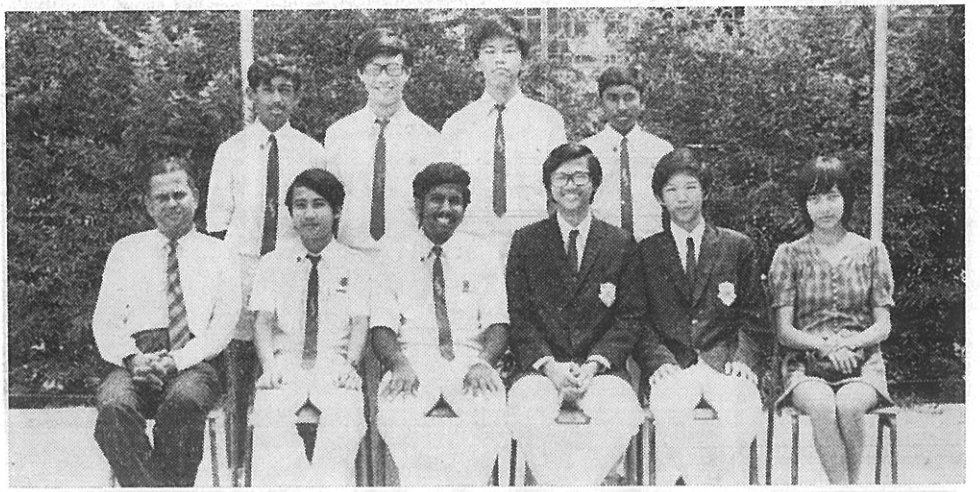

Quizes on Geography and History were organised between forms 3, 4, and 5.

On Teacher's Day we presented a sketch and a dance scene entitled "Hare Rama, Hare Krishna" led by the President.

An excursion to the National Museum was organised during the first term. There was an interesting exhibition based on the history of the city of Kuala Lumpur in the form of photos and diagrams. Visits were organised to places of interest like the Straits Times and Lever Brothers during the course of the Second and Third Terms. We would like to thank the Advisers for their guidance throughout the year.

KIRI RAJ,
SECRETARY.

INTERACT CLUB

STANDING (LEFT TO RIGHT): Wilton Jayasri *(Vice-President)*, Tei Len Siong, Chow Chun Leong *(Treasurer)*, Benedict.

SITTING (LEFT TO RIGHT): Mr. Zachariah, Cheong Choon Ming, Sivalingam, Ang Siong Min *(President)*, Lau Kok Sun, Mrs. Doreen Liew.

ABSENT: Jeyakumar, R. *(Secretary)*.

MOTTO:

To promote services and international understanding

ADVISERS:

Mr. K. G. Zachariah and Mrs. Doreen Liew.

MEETINGS:

Held fortnightly on Wednesdays.

ACTIVITIES:

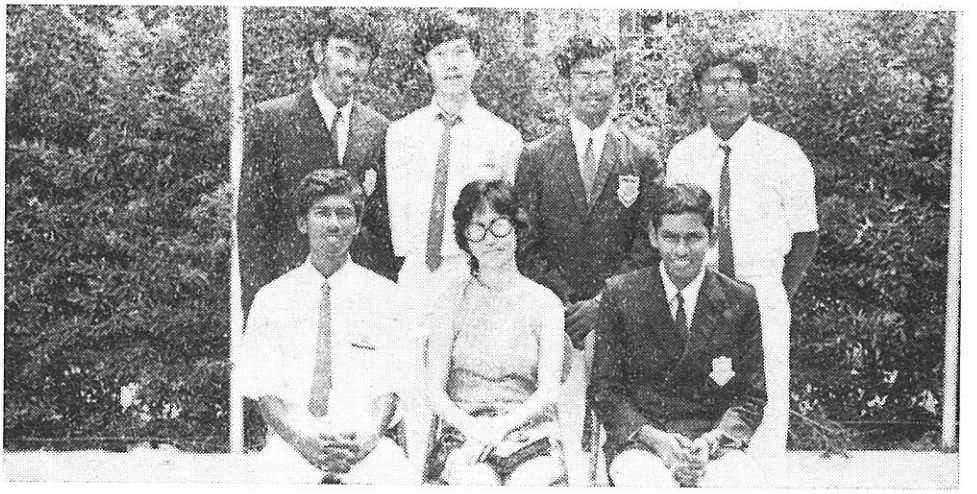

This club was formed in March 1973. At the second Annual Installation on 6th April, 1974, the second Board of Directors was inaugurated officially. The present membership is 56 boys.

A number of funding projects were held to finance the club activities. During the Gombak Rotary Club Walkaton about $120/- was raised. During the Combined School Interact Walkaton about $160/- was raised. A raffle draw held in May netted about $150/-. A number of service projects was also held. A cleaning-up campaign was held to clean the school premises after the X-country finals. We also sold bookmarks and flags for charitable organisations like the Association for the Blind, Mentally Retarded Children, St. Vincent de Paul Society and others. Our club presented $50/- for the Students' Fund. A number of inter-club games was held between Societies, our club and other clubs in the school to promote international understanding and goodwill. We also held an international understanding project during the third term, and corresponded with a number of Interact clubs from overseas.

On behalf of the Club, I wish to thank the members, teacher, advisers and Rotarians, Major Pillai and Harry Tan, for their invaluable help and advice.

JEYAKUMAR,
SECRETARY.

INTER-SCHOOL CHRISTIAN FELLOWSHIP

STANDING (LEFT TO RIGHT): Nicholas Amaladass, Tan Yik Tow, Paul Abraham, Justin Clarance.

SEATED (LEFT TO RIGHT): Pathamanadan, S., Mrs. Soong *(Teacher-in-Charge)*, Joseph Niles.

ABSENT: Mrs. R. Goh.

AIM:

"To Know Christ And To Make Him Known".

TEACHERS-IN-CHARGE:

Mrs. R. Goh and Mrs. M. W. Soong.

MEETINGS:

Meetings are held on Tuesdays after school in Form 4-C Room.

ACTIVITIES:

We have a varied programme which includes activities like Bible Quizes, Singspiration, Bible studies, Combined Schools Meetings, and visits by outside speakers.

ANY OTHER REMARKS:

Our Committee works as a group in unity and harmony.

WORKING COMMITTEE.
I.S.C.F., SENTUL.

LIBRARIANS REPORT

SEATED (FROM LEFT TO RIGHT): Zainuddin, Dennis Franklin, Kwang Thiang Eng, Kiri Raj, Lim Jew Liang (*Secretary*), Teo Wee Chee (*Head Librarian*), Mr. J. Amoz *(Master-in-Charge)*, Yap Kien Wah, Lim Kok Kooi, Parameswaran, Wong Pow Lai, Joseph, L., Mahmud.

MIDDLE ROW (LEFT TO RIGHT): Leong Sik Weng, Balachander, Sivalingam, N., Subramaniam, Tan Ming Goon, Ng Hock Chai, Woo Chee Chong, Cheong Choon Ming, Tan Yik Tow, Cheong Kok Chong, Sivalingam, C., Chan Yew Pun *(Treasurer)*, Satiyaseelan, Leong Kwong Seng, David Williams.

BACK ROW (LEFT TO RIGHT): Victor Jonathan, Santhikerasan, Tok Joo How, Lim Kwee Chwee, Tan Chuan Huat, Long Ching Yew, Lai Foo Siong, Chacko Solomor Morais, Yap Poh Leem, Poh Soon Seng, Theang Kok Keong.

THE BOARD OF STUDENT LIBRARIANS :

Advisor - - - - - - - -	Mr. James Amoz
Head Librarian - - - - -	Teo Wee Chee
Hon. Secretary - - - - -	Lim Jew Liang
Hon. Treasurer - - - - -	Chan Yew Pun
Hon. Asst. Treasurer - - - -	Tan Chuan Huat

SENIOR COMMITTEE MEMBERS :

Lee Yoon Sin — Kway Thiang Eng
Yap Kien Wah

JUNIOR COMMITTEE MEMBERS :

Chiong Kok Chong — Kiri Raj

The 1974 academic year began with the recruitment of librarians from various classes. They were selected after undergoing a probationary period of two months. During this period, they were assigned simple responsibilities such as charging and discharging books. With the addition of these new librarians, there are now altogether 42 librarians in the Board.

The duties of a librarian are to maintain general order and discipline, to mend books and periodicals and to display charts on General Knowledge. Almost $3,000/- worth of new books were bought for the library this year. Emphasis was placed mainly on Bahasa Malaysia and Reference books.

The second term reopened with many changes in the library. The library was repainted and the book shelves, tables and chairs were rearranged to give the library a new look. Visits were made to various school libraries to exchange views on improving the library. As a result of these visits, better understanding and relationship with student librarians of other schools was established. Games were also organised between the librarians and prefects. We also participated in the inter-School Librarians Games held in Cochrane Road School.

The Librarians Board would like to thank the adviser, Mr. James Amoz, the Principal, members of the staff and the students for ensuring the smooth running of the library. We would also like to thank the librarians for their good work.

LIM JEW LIANG,
HON. SECRETARY.

—o—

THE LITERARY AND DEBATING SOCIETY

JUNIOR L.A.D.S.

SEATED (LEFT TO RIGHT): R. Muthiyah (*Treasurer*), Sagadevan (*President*), (*Advisers*), Miss Cheah, Mrs. Kulasingam, Puan Normah, Tan Boon Peng (*Secretary*), Foo Chooh Leong (*Committee Member*).

SENIOR L.A.D.S.

SITTING (LEFT TO RIGHT): Ajeet Singh *(Vice-President)*, *(Advisers)*, Mr. Balvir Singh, Mrs. L. Bavanandan, Mrs. Y. K. Wong, Mrs. Doreen Liew, Tharam Singh *(President)*.

STANDING (LEFT TO RIGHT): Wong Kiem Hong, Dennis Franklin, Zainuddin *(Secretary)*, Benedict.

ABSENT: Hariban Singh *(Treasurer)*.

AIM:

To instil and foster an interest in the literary arts.

ADVISERS:

Mrs. Lucy Bavanandan
Mrs. Doreen Liew
Mrs. Y. K. Wong
Mrs. Chan Kok Eng

MEMBERSHIP:

30 members.

MEETINGS:

Fortnightly on Thursdays.

ACTIVITIES:

We began by participating in the inter-school debate, organised by St. John's Institution. Unfortunately our boys failed to make the finals but we put up a strong stand. During the second term, we organised an inter Form 5 elocution contest which provided good practice for our budding orators.

We also organised an Essay competition and a Quiz, all of which met with apathy from the members.

In conclusion, I would like to thank the advisers for their guidance and their invaluable help.

ZAINUDIN,
SECRETARY.

PERSATUAN BAHASA MALAYSIA

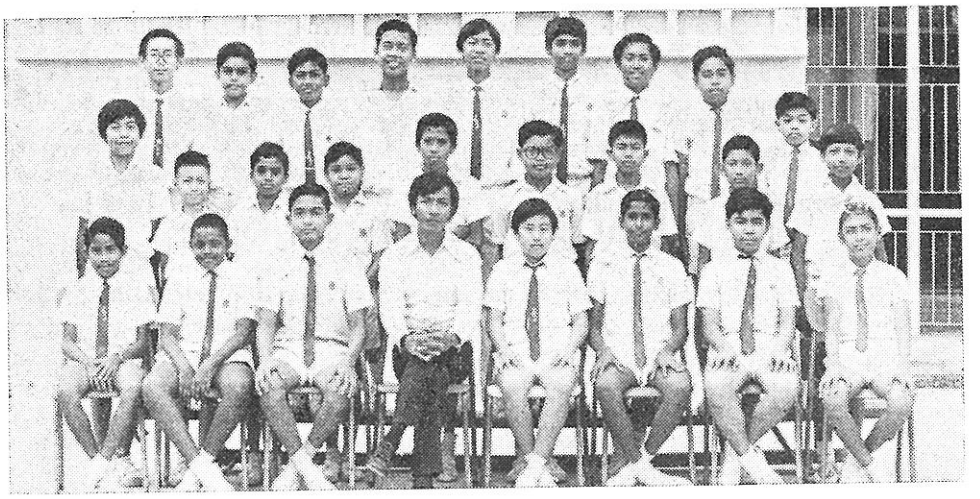

SENIORS

Encik Ibrahim bin Osman

LAPURAN :

Bagi tahun 1974, Persatuan ini telah mula menjalankan aktibiti pada 27hb. Februari, 1974 dan mempunyai ahli seramai 75 orang sahaja.

Bekenaan dengan aktibiti pula, pihak kami terpaksa membatalkan beberapa rancangan. Rancangan yang telah ditetapkan kerana sebab-sebab yang tidak dapat dielakkan. Walau bagaiman pun dengan pertolongan dari guru-guru penasihat, kami telah berjaya mengadakan "Kelas Tambahan" Bahasa Malaysia pada tiap-tiap hari Sabtu. Kami juga telah mengadakan peraduan mengarang di mana hadiah pertama, kedua dan ketiga akan di berikan kepada peserta-peserta peraduan yang terbaik.

Pada 13hb. Julai, 1974 Persatuan ini telah sama-sama menjayakan dan menderma wang sebanyak $3.50 sen demi untuk menjayakan "Hari Sastra" yang berlangsung di Sekolah Menengah Setapak, Kuala Lumpur.

Sekian Terima Kasih.

M. KUMAR,
SETIAUSAHA.

PHOTOGRAPHIC SOCIETY REPORT

SEATED (LEFT TO RIGHT): Henry Fong (*Treasurer*), Long Ching Yew, Mr. Thevarajah (*Adviser*), Chiong Chee Kin (*President*), Subramaniam (*Secretary*).

BACK ROW (LEFT TO RIGHT): Balasubramaniam, Chew Chee Beng, Soh Chin Yin, Sivanathan, Sherman Ng, Arumugam.

AIM:

To cultivate a general interest in and to promote the educational value of photography among the pupils of the school.

TEACHER-IN-CHARGE:

Mr. Thevarajah.

ACTIVITIES:

During the first half of this year, we had a series of meetings where members were taught the basic techniques in photography.

Our darkroom was so popular with our 30 members that we have introduced a "first come first serve" system. Photographic papers can also be purchased from the club at a cheaper rate.

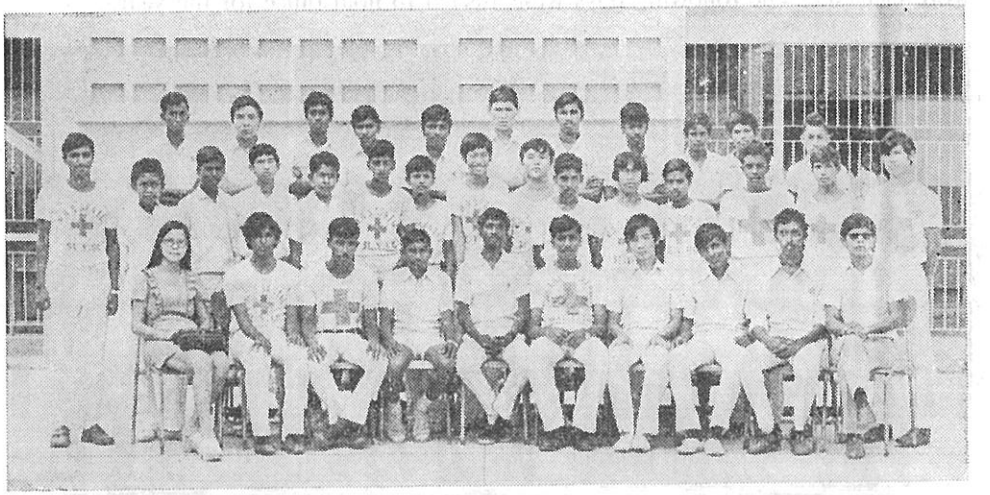

OTHER REMARKS:

We would like to thank Mr. Thevarajah for negotiating with the office for a new switch-box with safety devices for our darkroom. On behalf of the society we would like to express our gratitude to our principal, to Mr. Thevarajah, committee members and members for making 1974 a successful year for our society.

SUBRAMANIAM,
SECRETARY.

MALAYSIAN RED CROSS SOCIETY

SELANGOR BRANCH

SEATED (LEFT TO RIGHT): Mrs. Goh (*Teacher-in-Charge*), Daniel Williams, Sakunathan (*Vice-President*), Benedict (*Asst. Secretary*), Parameswaran (*Secretary*), S. Maheasuran (*President*), Ng Wei Beng, Zainuddin (*Sargeant*), Jeyakumar, Mr. Andrew James (*Youth Officer*).

BACK ROW (LEFT TO RIGHT): Trinity, Leong Sik Weng, Jesudasan, Balachandran, Ibrahim, Liew You Chai, Pathamanathan, Rajendran, Shanmuganathan, Alexander, Abtar Singh.

AIM:

Active in Peace and War to help the sick and suffering.

ADVISERS:

Mr. Andrew James and Mrs. Goh, T. J. Members: 28.

MEETINGS:

Every Saturday.

ACTIVITIES:

Our first Annual Meeting was held on 4th February, 1974. S. Maheasuran and S. Prameswaran, Senior Members of V.A.D. 1 and Sakunathan of V.A.D. 24 were seconded to the School Unit as assistant advisers. Our members attend to emergency cases in our School and Red Cross ambulances are arranged for transporting of any casualties to hospital.

Our members performed duties during the Annual Cross Country Finals, the Annual School Sports and also participated in a gotong-royong project to help the public in Sentul. On 13th of July, 1974 an oath-taking Ceremony was held and the N.C.Os. for this unit were elected. Lastly I would take this opportunity to thank our advisers and assistant advisers for helping us in one way or another.

ZAINUDDIN,
(SARGEANT).

SCIENCE AND MATHEMATICS SOCIETY

At the Annual General Meeting held on 28th February, 1974, Office-Bearers were elected. The following boys were elected to hold office for the year.

STANDING (LEFT TO RIGHT): Lim Hwa Teong (*Editorial Board*), Hong Lay Chuan, Leong Sik Weng, Ragupathi (*Display*), Tan Yik Tow, Wong Kam Chong (*Display*), Ashok (*Excursion*), Ang Siong Min (*Asst. Treasurer*), Inderjeet Singh, Kamarulzaman (*Editorial Board*), Goh Ah Huat, S. Sivakumar, Dennis Franklin, Perumal (*Vice-President*).

SITTING (LEFT TO RIGHT): Mr. Lee Hung Yen, Miss Po Naganather, Mr. Woo Chee Kin, Mr. Zachariah, Chu Chin Leong (*Secretary*), Gunaretnam (*President*), Tei Len Siong (*Treasurer*), Teo Wee Chee (*Asst. Secretary*), Mrs. S. R. Nayar, Mrs. Tan G. S., Mr. Lee Yoong Chee.

AIM:

Instilling and promoting an interest in Science and Mathematics.

TEACHERS-IN-CHARGE:

Mr. Woo Chee Kin, Mr. Lee Hung Yen, Mr. K. G. Zachariah, Mrs. S. R. Nayar, Mr. Lee Yoon Chee, Mrs. Tan Gim Seng and Miss Pathma, N.

MEMBERSHIP:

154 Members.

MEETINGS:

Once every fortnight, on Thursdays.

ACTIVITIES:

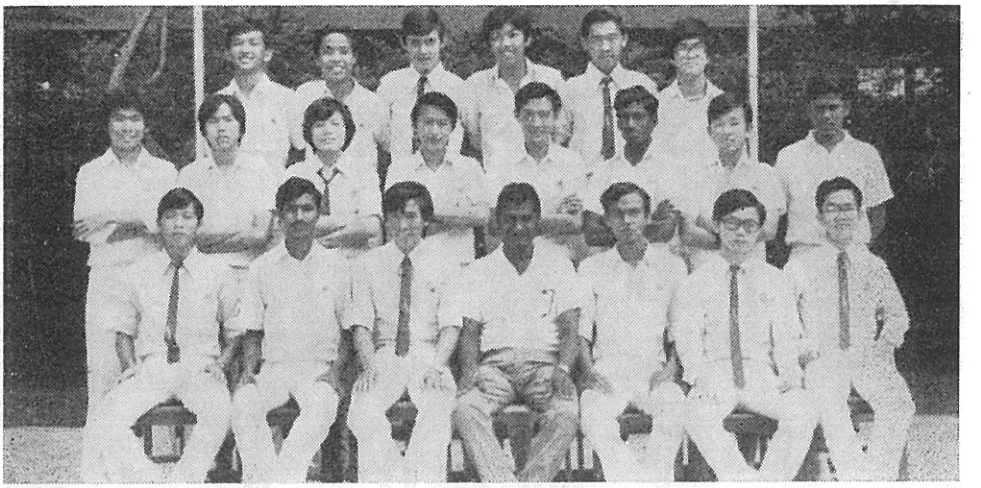

During the early part of the year the society was given interesting and educational talks by our advisers, Mr. Lee Hung Yen and Mr. Zakariah. In the Inter-House Quiz, on 7th March, 1974, Green House emerged champion while Yellow House was the runner-up.

During the second term, our school was also invited by High School to take part in the 1974 Staff Challenge Trophy. We were also invited by the Maxwell and Cochrane Road Schools.

Finally, on behalf of the committee members of the club, I would like to extend our gratitude to our advisers for their advise and guidance.

CHU CHIN LEONG,
SECRETARY.

12th K.L. SCOUTS TROOPS REPORT

MOTTO:

Be prepared.

MEMBERSHIP:

20 senior members and 25 junior members. Of this, 7 are first class scouts.

MEETINGS:

Patrol meetings are held once a week on Sundays. Troops meetings are held monthly. Sometimes these meetings are held indoors where members take their tests.

ACTIVITIES:

On weekends and occasional holidays our adventurous members venture out to develop their scouting skills. We had several camping trips during the first half of this year. We also ascended Bukit Taboh in Klang Gate and Gunung Nnang in Pangsoon. On the 22nd of February, a small campfire was held in conjunction with our Founder's day.

COMMUNITY PROJECTS:

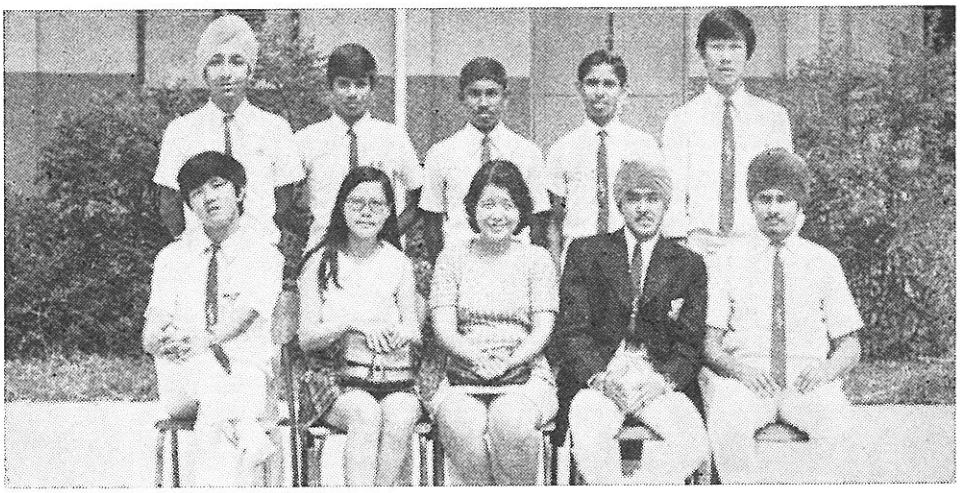

We rendered our services to the school during the Annual Sports Day and also on Prize Giving Day. During the last December holidays our seniors were proud to be able to help in the construction of a tourist path in the cable car project in Bukit Nanas. On Thaipusam day, some of our members were present at Batu Caves to help in the organisation of the celebrations.

OTHER REMARKS:

Our troop will be sending team members to attend the 3rd Malaysian Jamboree in Johore Bahru. We are ambitious and have planned a lot of activities for the December holidays. We hope that students from this school can join in these fruitful ventures. On behalf of the troop, I would like to thank the principal, scout members, scouters and all those who have helped us to carry out our scouting activities.

CHIONG CHEE KIN,
SECRETARY.

STUDENT DISCOVERY MOVEMENT

SEATED (LEFT TO RIGHT): Yap Hoe Hup (*Secretary*), Mrs. Goh Thuan Jig, Mrs. Lucy Bavanandam, Ajeet Singh (*President*), Gurdeep Singh (*Treasurer*).

STANDING (LEFT TO RIGHT): Tharam Singh, N. Thiagarajah, Benedict, Julian, Tien Wah.

A I M :

To discover our latent talents and our weakness as well as to understand the needs of others.

TEACHERS-IN-CHARGE :

Mrs. Lucy Bavanandan, Mrs. Goh Thuan Jig and Mrs. Robin Goh.

A C T I V I T I E S :

During the First Term, a hamper was raffled to collect funds for needy students. Response was quite good and a total of $48/- was collected. This was handed to the School Welfare Committee.

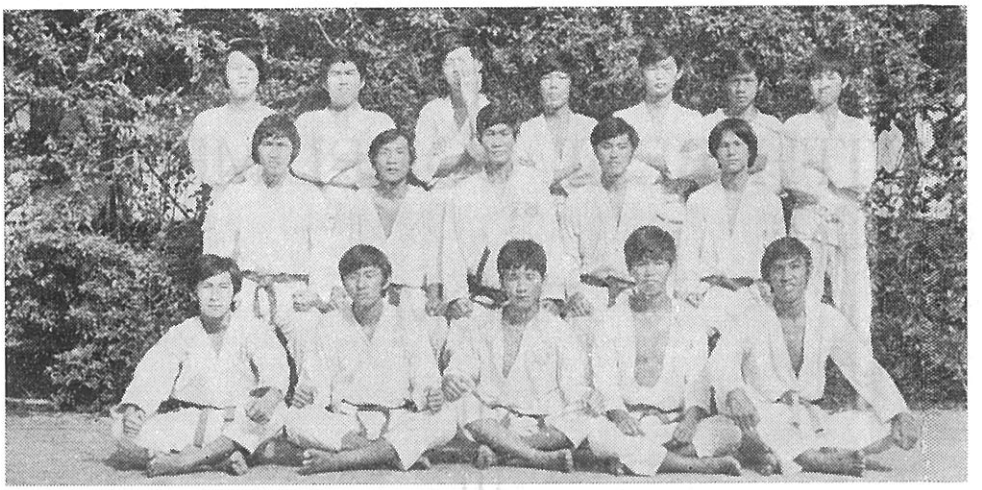

For the Second Term, a General Knowledge Quiz was held and an Inter – Society Football match was played. We hope to organise an Inter-Class Volleyball match as well as a Social at the close of the term.

We regret to say that our students appear uninterested in this society. We are currently attempting to stimulate student response by finding out their particular interests and by catering to these interests within the scope of our society.

YAP HOE HUP,

SECRETARY.

TAE-KWAN-DO CLUB

STANDING (LEFT TO RIGHT): Wong Kam Chong, Chan Chiang Lam, Ngah Kiang Mang, Chan Chong Choong, Chan Kam Wai, Lim Fook Wing, Lee Fe Leong.

MIDDLE ROW (LEFT TO RIGHT): Har Len Fook, How Yow Wah, Mr. Eldon Thian (*Instructor*), Chong Yew Seong, Low Wai Cheong.

SITTING (LEFT TO RIGHT): Yap Thin Sing, Tan Kim Bok, Liew Kim Hong, Ng Kien Cheong, Low Kim Fong.

AIM:

To bring mutual friendship and understanding among our youth.

INSTRUCTOR:

Mr. Eldon Thian (2nd Dan Black Belt).

MEMBERSHIP:

35 Members.

ACTIVITIES:

The Tae-Kwan-Do Club was established by the Methodist Boys' Brigade in 1972. Each member of the club, has to take the membership oath as given below:

(1) We, as members, train our spirit and physique under strict knighthood.
(2) We, as members, are united in mutual friendship.
(3) We, as members, will comply with regulations and obey our instructor.

Further more, the Tenets of Tae-Kwan-Do aim at cultivating:

(1) Etiquette
(2) Modesty
(3) Perseverance
(4) Self-control
(5) Indomitable spirit.

We would therefore like to encourage everyone to join our club in order to maintain the Tenets of Tae-Kwan-Do.

We will also be participating in the Selangor Inter-School Tae-Kwan-Do Championship in September, 1974.

The Future
is our Aim and Summit

Sri Aurobind

MESSAGE FROM THE SCHOOL CAPTAIN

As a student of M.B.S. Sentul for 11 years, I have indeed learnt many things. Besides acquiring academic knowledge, I have been taught to think sensibly, to act decisively, to handle situations calmly and lastly to respect others. Such invaluable qualities undoubtedly come from the guidance of the teachers. I am personally very glad that we have a staff of dedicated teachers who take pains to teach and groom us. We are indeed greatly moved by their dedication and concern for us and their willingness to help us with our academic problems.

To my schoolmates, some of whom I may not have the opportunity to meet again in the future, I hope you meet with success in whatever field you choose to enter and will utilize the knowledge you have gained in school. We have produced some outstanding men including Mr. Chan Wing Chiu, a well-known structural engineer, Dr. Ratnalingam, the first Malaysian Postwar Rhodes scholar, Encik Azman bin Hashim, a well-known accountant, Mr. Grucharan Singh, Malaysian cricket star, Mr. Venugopal, a distinguished civil servant and Encik Mohamad Hassan, Chief MAS Pilot. We hope you will continue in this proud tradition. Always aim for the highest and the best. Face this challenging world with courage and volunteer your help whenever it is needed, with unselfish dedication. May god be with you.

Lastly, I would like to thank the principal and the staff again, and say goodbye to all in the school.

WOO KOK WAI.

FORM 5-E

Liew Kam Eng :

Director of the F.B.I. (Fat Boys Institute). A real mugger – he sells mugs.

Yap Kien Wah :

This energy-crises-minders person practises a three school day principle. Well known for his bawdy jokes and 'fantasy' dreams.

George Ho Kim Wan :

An outstanding runner who retired prematurely after finishing last in the 120 m. Special for the lame. Plays football with rugby rules.

Wong Wah Sing :

A football maniac who plays for the Selangor Women's Team. A professional bone shaker.

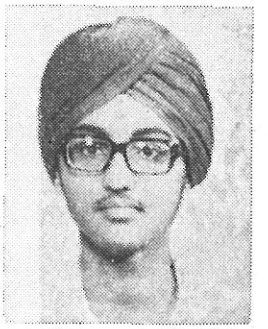

Cheong Choon Ming :

A greets you with "Hi" and departs with a "May God Bless You Amen". A devoted and popular Christian who carrys the bible everywhere – even on dates!

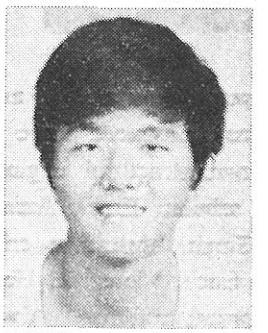

Tharam Singh :

A business minded singh who intends to follow his dad's footstep by becoming a money-borrower!

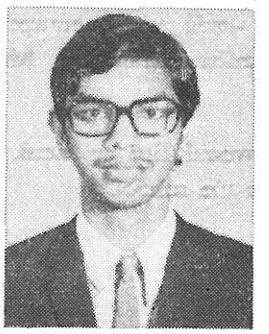

Harwinder Singh :

The singing singh who hopes to become Director of the S.I.M. (Starch in Malaysia) Turbans Sdn. Berhad.

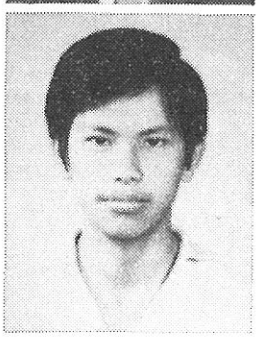

Yap Hoe Hup :

Intends to follow his great great grand father Captian Yap Ah Yoy's footstep by patronising 'The Tin Mine'.

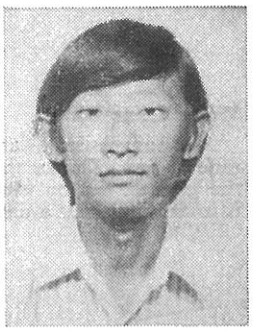

Gunaretnam, R. :

Professor of bluffology. Always talking of Physics, Biology, Chemistry, Maths and everything under the sun except the girls. How innocent!

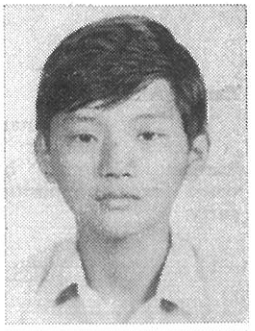

Yap Kim Sin :

A handsome hard working guy who claims to be girl-friendless-so interested applicants please write to 3-A, Lorong Haji Taib . . . . .

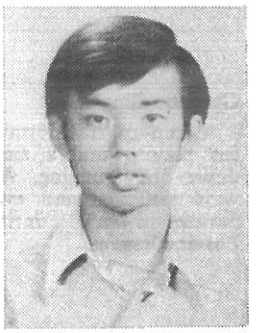

Ong Eng Lum :

Another 'De Streaking Mad-Dog'. Though proclaimed mad he possesses an I.Q. (Importance Qualifications) of 150.

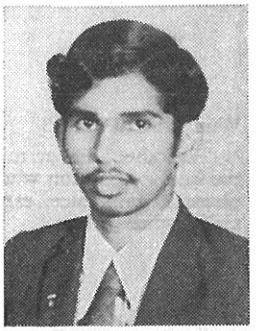

Tan Leong Seng :

'A 'hit and run' with girls, he plans to continue his studies in Argentina only. Reason-next World Cup to be held there.

Mak Koon Thoong :

This 'sleeping Beauty' holds the late-comers record. Possesses a bone shaker holder (Full of Holes).

Kumar, M. :

A 'bamboo stick'. Must have taken part in many hunger strikes. Leader of the POP (Prefects' Opposition Party).

Tan Hai Chew :

The 'owl' who keeps long hair to collect dust and breed lice. His unique explosive laughter can awaken a corpse.

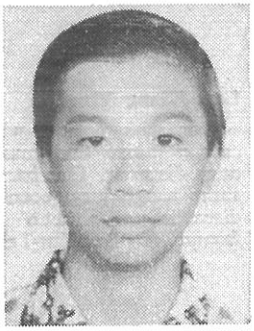

Yap Thin Seng :

'De Black Panther' – A Tae-Kwon-Do expert who breaks twigs. Well built and good-looking but shy among 'skirts'.

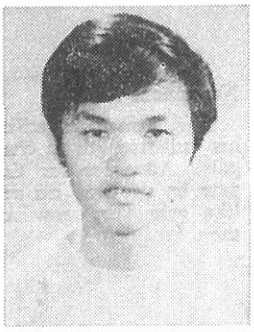

Henry Fong Kong Hon :

An off-spring of King Henry VII and one of his six wives. Believes in love at 'purse' sight.

Cheong Hean Khuen :

The smallest size in class but one who has a 15 Hertz voice. A descendant of the 'Muggers Dynasty' in ancient China.

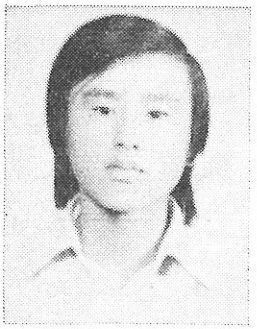

Jonanthan Lim Jew Liang :

Pro-Jew, Anti-Hitler. Believes in 'Enjoy while you're young'. A Romeo but still Julietless.

Lim Gan Fook :

An isolated "Lone Ranger" who seldoms speaks because he has a vibrating voice that can crack glass.

Teo Wee Chee :

The most outstanding student in the class. A silent guy who 'sokongs' X-rated topics.

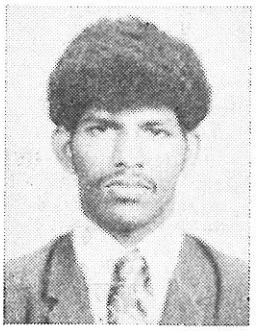

Chin Soo Har :

Placid, fragile and lean. Coach of the School Body Building Team for the Skinny Bone Contest.

Low Kiang Yim :

Our class monitor who creates noise and maintains disorder. This handsome tough guy recently discarded Karate in favour of 'Bar-Kut-Teh'.

Nagappan, D. :

This 'iron man' utilises his bull-strength to chase gals'. Advertise for Colgate by showing his apelike grin very now and then.

Jeyakumar, R. :

'Long John' towers above the rest. Possesses the sexiest legs. Interested in 'For Adults Only' subjects.

Wong Chun Wai :

A tongue-tied and moody guy. Thinks that the greatest test on earth is to ask a girl for a date.

Zainal Abidin :

The only Bumiputera. A stanch supporter of Barison National but voted for an opposition party.

Gurdeep Singh :

A step-up 'transformer' for playing and a step-down for studying. Always meditates and evaporates away' during Physics lessons.

Woo Kok Wai :

"Kiss the Miss or miss the kiss". A glutton who's pleasant and nice especially when broke.

Patrick Soo Kim Yeu :

This is the stupid bloke who has the audacity to write this profile. Popular and well known as 'De Streaking Skyhawk'.

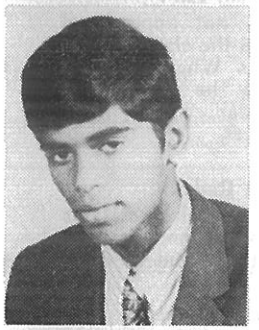

Theang Kok Keng :

Hails from Chinasia. Plans to settle down immediately after the M.C.E. to raise two football teams of children.

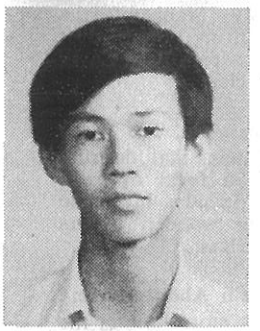

Chiong Chee Kin :

A mad scientist who predicts that man will give birth one day. A bit absent-mided, he once wore his sister's school uniform to school.

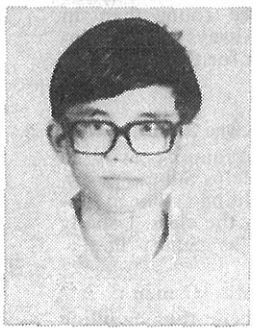

Sathasivam, K. :

This musketeer is extra nice to fellas who have sisters.

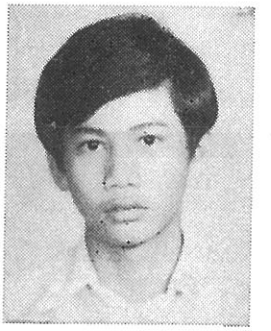

Ng Hock Chai :

A typical 'Hokkien' product, manufactured and packed in Segambut. One of the 'silencers' who works and lives in a world of his own.

Lee Foo Choy :

Our 'Gordan Banks'. A quiet and studious chap who always whispers 3 little words – Yes, No? Maybe!

Woo Chee Chong :

Claims to be the first Malaysian 'chest' grandmaster. A simple, nice guy who loves to study statistics – of girls only.

Form Master :

Mr. Lee Hung Yen

One of the most understanding and fabulous teachers we've come across. Very helpful and frank, especially in 'holy topics'.

Thangevelu, C. :

Resembles Muhammad Ali in size. Plans to build a recording studio in hell for his pop-group 'The Three Musketeers'.

Devadas, V. :

The Musketeer who's motto is 'One for all and all for fun'. Seems quiet and timid (but still waters runs deep).

Felician, P. :

A Hairy ape who can't wait to join his 'cousin brothers and sisters' in Zoo Negara.

Favourite Hobby :

Bird-Watching.

Ajeet Singh :

Loves to hang around Convent Sentul for reasons understood. Very cooperative when protesting against exams.

Ambition :

To beat his "father's" record.

Recommended Ambition :

A Jockey.

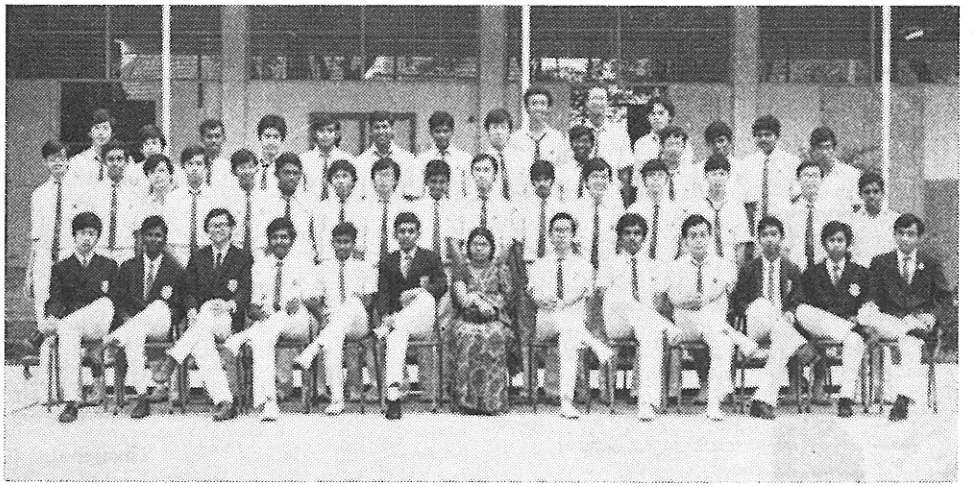

Chow Chun Liong :

Speak Communist lingo. Cheeky and full of nitrousoxide which leaks now and then.

Most Desired Wish :

To Play Booby the Fish.

FORM 5-D

Low Yih Ling :

Called the Duckling and brings his books to school in a haversack.

L. Pubadi :

Very quiet in class. Always ready to help.

Ang Siong Min :

Makes it a point to be last in the class after recess.

Sivalingam, C. :

Also known as 'hairy Siva'.

Arumugam, K.

Always does Maths in his spare time. Also spends time in the Dark Room doing something.

Muralee, R.

Competes with Sivalingam in the hairy man contest. May ship off to India soon for obvious reasons.

Lim Kok Kooi :

His religious beliefs have not been accepted by the class which he looks upon as the wilderness. Nicknamed 'Satan'.

Sherafsar Mirafzul :

This guy is the nearest substitute we have for the lack of 'bhais' in our class. Once he held the hockey stick like a golf.

Lim Cheah Peng :

Is a real asset to any football team – the opponents' team, that is. He can't even kick the ball when it is stationary!

Shamshuddin Yusor :

Sits quietly in class but can be full of tricks at the proper time.

Abdul Latiff :

Starts a discussion which develops into a heated debate with his Malay friends. When he has made a point which is accepted, he says "No Autographs, please!"

Ridzuan Ahmad :

At assemblies, his rusty voice can be heard creaking away during the Negara Ku.

Chu Chin Leong :

He is called "Long John Silver." But this sporting guy does not mind. If he is irritated he erupts like a volcano!

Philip Raj :

Friendly and helpful boy. Is advised to put on weight.

Ang Suan Lai :

Does not approve of noise in the class and has said so. When he reads in class, he resembles a ballet dancer going thro' his paces.

Ahmad Radzi :

Joined the class early in the year and is now known as "Mat Pening".

Soloman Morais :

'Dusty Man' of the class. Bring along dust and dirt from Batu Caves to the class.

Subramaniam, T. :

Maintains that 'destruction is a form of creation'. Spends his time building wooden towers in the class.

Zaharizin Abdul Karim :

Spent more time in the reference room than in class. Always blames Singarajah for the loss of the duster.

How Kwee Lim :

Shout unnecessarily in class. Helps Subramaniam in building wooden towers in the class. Usually known as 'Sunny Paul'.

Jalaluddin Osman :

Dubbed the 'Smilling Lad'.

Amzi Abdullah :

Hails from Gombak.

Robin Jeyakumar :

Jovial lad from Batu Caves. Keen to be become a tennis player with hopes to play for Malaysia in the future Davis Cup ties.

Ng Kok Tiah :

'Nicknamed 'Ah Quah'. Keeps quiet in the class and behaves well.

Low Tuck Cheong :

His stare would make a marble statue flinch. Provides endless laughs for the class when he stares.

Liew Heng Yew :

Spars with Suan Lai after recess. He is one of the few Chinese to have curly hair.

Chan Yew Pun :

Broke his crown on the wooden vase when he tried to perform with style. Nicknamed 'Charlie Chan'.

Nandikesan, R.

One of the smallest in the class. Found to be absent on alternate days of the week.

Khaw Leong Seng :

Disapproves of Kok Kooi's beliefs and is somewhat responsible for the missing duster. Walks like Donald Duck.

Low Ting Beng :

Seems to disappear from the class. Absent nearly every day. 'Lone Ranger' could feed nim well.

Trinity Dawson :

Don't be mislead by his name. He has never packed a six shooter before.

Mohd. Azahar :

A motorbike fanatic but he does not own one yet.

Raymond Marsden :

Makes noise in the class for a few days and then stays home to study. Keeps his hair long while others are sent to the barbers. Belongs to the group calls 'Dustv Road Revolution'.

Singarajah, D. :

Called the 'Laughing creature'. Laughs at the slightest joke. Class scapegoat. Gets the most blame for the lost duster.

Pannerselvam, G. :

Smiles crookedly. Walks with arm bent at right angles.

Chen Tien Wah :

Prefers to be known as Harold C. T. H. Challenges people to a fight and then runs off thro' the back door. A real coward!

Stephen Anthony :

Avid fan of Indian films. Sings songs in class.

Ibrahim Ahmad :

Appeals for quiet everyday.

Quote :

"Harihari bising".

Zainuddin Jabbar :

Gets on well with teachers and friends. Holds quite a few posts and misses quite a few lessons.

Logasubran, M. :

Lead speaker and centre of attraction at the daily M.I.C. meetings in class during recess.

Dominic, F. :

Dubbed the 'Quiet One', but all under that innocent look lies a wolf.

Kharil Annuar :

Is called 'Awe' is class. He would make a very good stuntman except that his bones would shatter on the first fall.

Noorhadi Hashim :

Meet the missing link in Darwin's Theory. Half the time he behaves normally, the other half like an ape. Teaches Silat in his spare time.

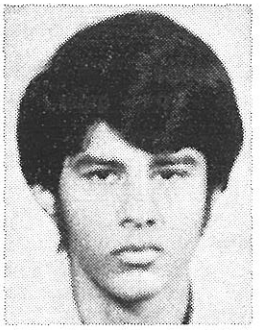

Mohd. Ghazali :

Resembles David Harvey, Scotland's World Cup Coalie. A great pal of Noorhadi.

Jegan Prasad :

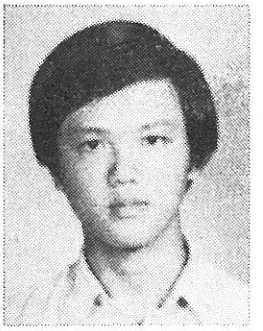

"No comments, please!"

FORM 5-C

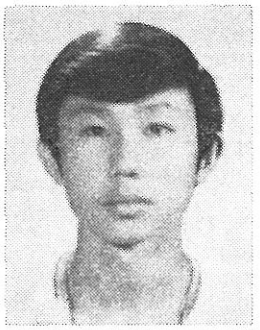

Silvanus T. :

A guitarist – one who clean guitars.

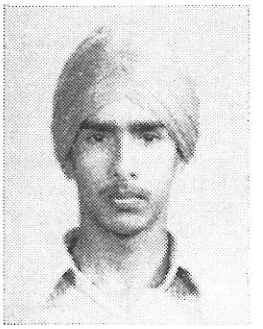

Cheong Kok Mun :

Nicknamed 'Tomato'. Reason – his figure is exactly like one.

Tan Chuan Huat :

The class monitor with his motto – "If you cannot stop them join them."

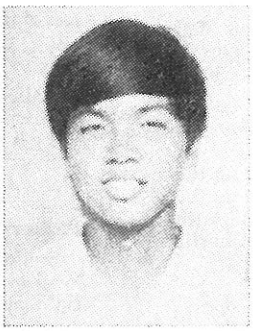

Bhupinder Singh :

Wants to become a bumiputra and says he'll change his name to Bhupi bin Mohd. Singh.

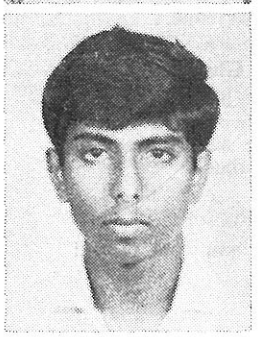

Chan Boon Ai :

Has got a beautiful body like that of Racqual Welch.

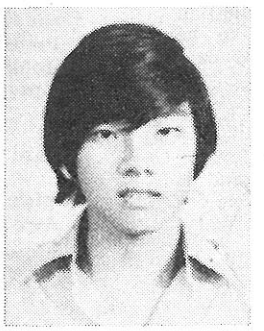

Ng Kien Cheong :

Dealer in second-hand body parts (Human) including hearts, kidneys and lungs.

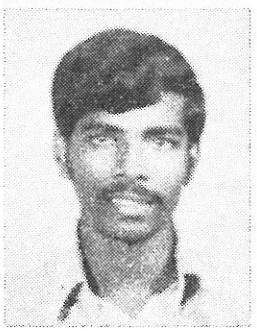

Yurarajah T. :

Hopes to become Tarzan one day and at present undergoing course in ape language.

Ng Wu Hong :

Alias Benny the grass kangaroo.

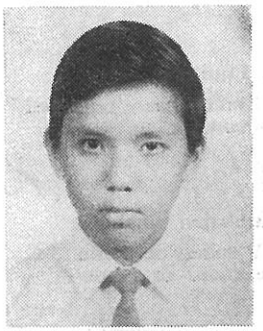

Sandrasegran, M. :

Wants to turn M.B.S. Sentul into a zoo.

Joseph Niles :

Joe Mannix of Form 5-C. Accepts only food as payment from him clients.

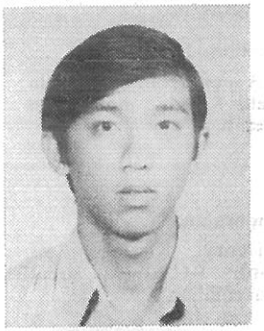

Wong Pow Lai :

Known as Emperor Pow Dai. Once ordered the burning of all books except Superman and Spiderman comics.

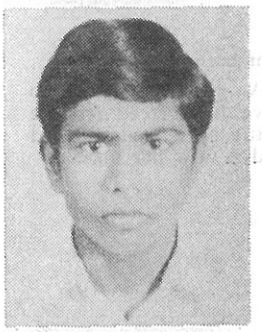

Leonard Peters :

One who sings like a cow and barks like a dog with the tongue of a toad. Forged his passport and entered the human race.

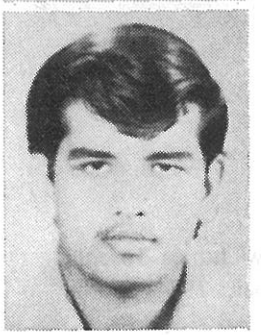

Low Kim Fong :

Smiles like a beaver and crys like a goat, kicks like a mule and bites like a crocodile. Beware!

Balasubramaniam, P. :

The hilly billy who invented a 'protective device' for the bulls on his farm. The cow population was too great.

Hariban Singh :

Favourite pastime and hobby – cow wrestling.

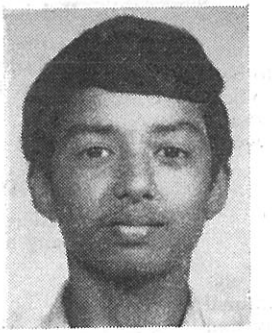

Dennis F. Christopher :

Established as the donkey of the class; Favourite quotation : "Hee Haw!"

Sivapalan, P. :

Specimen from the pure-ice age picked up from a lost valley.

Albert Lamech :

Fortune teller – tells everything but the truth.

Johnson Fernandez :

Will be standing for the next elections and promise Sentul residents a new airport, first rate hotel and discoteque.

Qua Teow Cheng :

Brain not in proportion to his body.

Jeyamogan, K. :

The old man of Form 5-C. He is trying to find a manure for growing black hair.

Rajaindran, P. :

A great explorer; first to discover that it is dark underneath a bed sheet. Big deal!

Tan Cheng Beng :

Alias Tiger Tan and grease monster.

Lim Cheng Leong :

A Vietcong by descent.

Chua Gong Hua :

Ambition – first to be a family planning officer and second, to have a wife and about twenty children.

Balasingam, M. :

A great scientist – says there is no gravitational force. Ask him why and he will say, "because the sky is very high and Newton married a Sakai".

Kartar Singh :

A walking Dictionary but sadly doesn't know the meaning of "Keep Quiet".

Abdul Razak b. Yusoff :

Claims to be Neptune, God of the Oceans but almost got drowned in his Gold Fish bowl one day.

Rajendran, S. :

Believes that only part of the world is a Ghetto – his house.

John Alexander :

Gives free Jass - Rock concerts in class – a true entertainer.

Stanley, N. :

Beanstalk II – reaching for the sky.

Abdullah Mohd. :

A good Samaritan, but only for girls.

Rajaindran, D. :

Alias Dr. Indran Gabot. Specialist in broken hearts. Repairs them with a hammer and nails.

Goh Ah Huat :

Alias Leader of the Gang and deskbroker.

Low Sze Ting :

Tableman Low Sze Ting – a great admirer of Chairman Mao Tse Tung.

A. Francis :

Brain has remained domant for ten years.

Harbhajan Singh :

Wonder of Form 5-C the tallest structure.

Pathamanathan, S. :

A preacher and producer of the film "Pathmanathan Superstar".

Renaldo M. Villenguez :

Migrated from the Philipines in a sugarcane.

Asohan, I. :

A pest from the Kuala Ketil padi fields in Kedah.

Nadarajan, N. :

Henry Kissinger of Form 5-C – a great peacemaker.

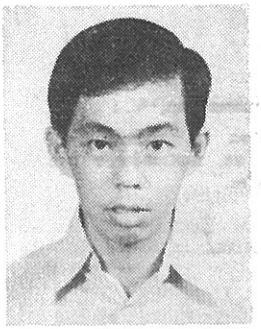

Gursharan Singh :

A genie – claims to have been freed from a bottle by a beautiful girl and is now her master.

MARRIAGE

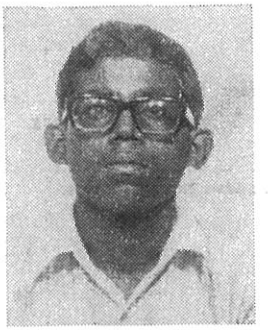

Congratulations to one of our staff members Mr. Andrew James Joseph, who was married to Margaret Tan Suat Looi on 19th October, 1974 at the Holy Rosary Church, Brickfields.

FORM 5-B

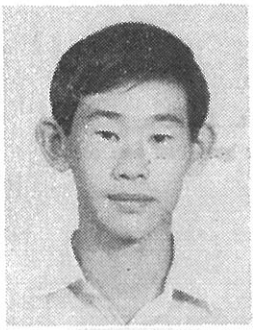

Chai Leong Hock :

"Love is long-suffering and kind."

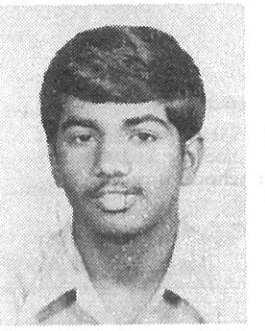

Justin Clarence :

Known as the chubby of the class.

Chan Heng Chai :

"Love is always fresh and gay."

Kanasingam, K. :

The craziest of the crazy boys of the class.

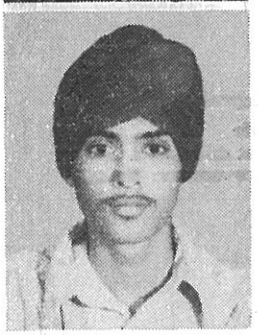

How Yow Wah :

"Love is something money cannot buy."

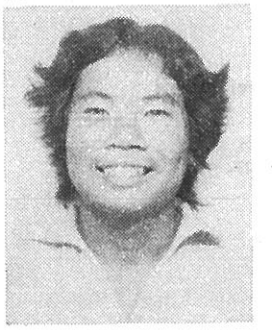

Kway Thiang Eng :

Ambition to become a successful evangelist.

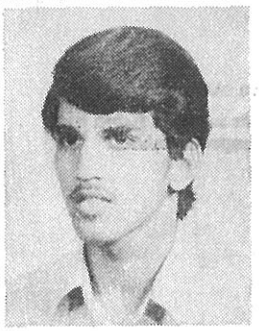

Inderjeet Singh :

Wears colourful turbans to attract 'Kaurs'.

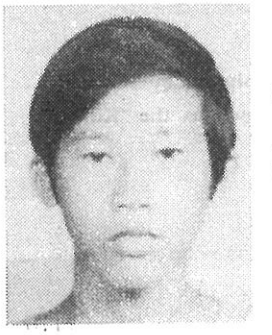

Lee Yoon Sin :

Known as the 'Bruise Lee' of the class.

Joseph Charles :

'Glen Campbell' of the class.

Leong Kwong Seng :

Happiness is something to live with as time goes by.

Lim Her Lay :

"If I had a million dollars, I would buy a big house, a big car and I would also help the poor.

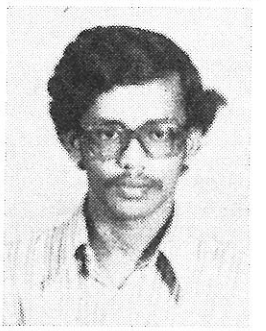

Pathmanathan, V. :

"Man is where his mind is, not where his body is."

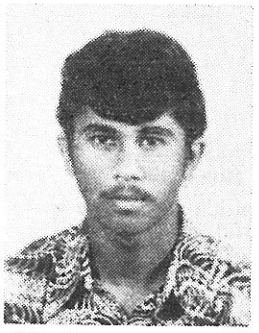

Mahesuaran, S. :

President of the Red Cross Society and a part time school surgeon.

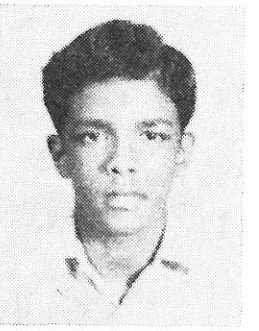

Paul A. Joshua :

The 'goat' of the class.

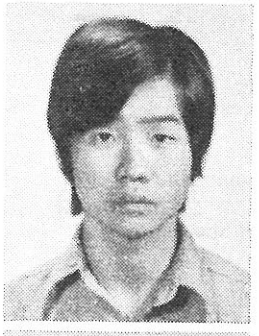

Nicholas Amaladass :

"Life is eternal if you believe in the Lord Jesus."

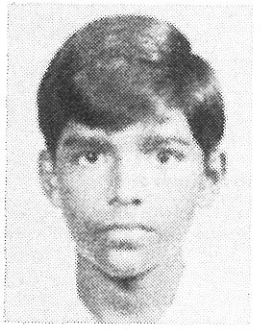

Peter Jebaskeran :

"Life is the gift of God which is not sweet without Him."

Ng Wei Beng :

The tyrant Emperor who is known to be a playboy.

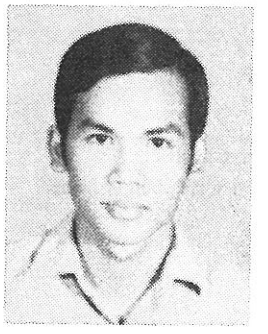

R. Rajenthran :

"Life is a struggle against difficulties and we must overcome them."

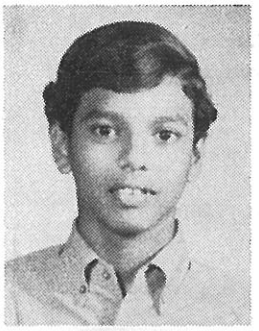

Palanaippan @ Mohan

Known as the 'Kojak' of the class.

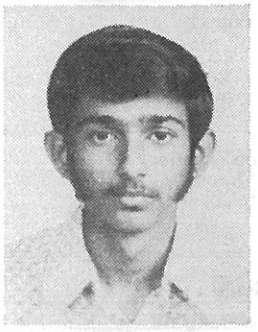

Ruslan Ahmad :

"Life is from Allah and it is unpredictable."

Santhirakesen, K. :

Love is blind but the lovers are not blind.

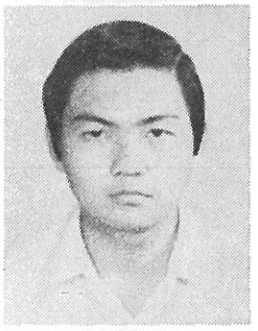

Sivanathan, A. :

Carries a 'HELMET' everywhere to indicate he is a motor cyclist.

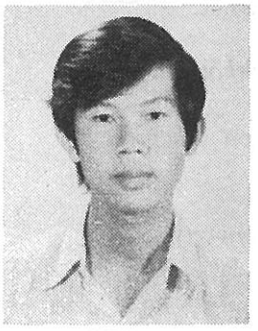

Sivapatham, S. :

Believes the school starts at 9.00 a.m.

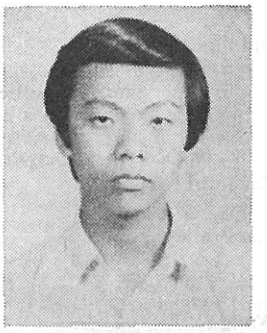

Tan Theng Siong :

Has the face of a Kung-Fu master.

Tan Yik Tow :

"Behold, if anyone lives in Christ he is a new creature.

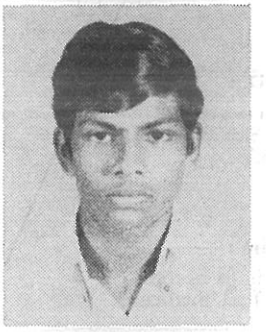

Tok Joo How :

Happiness is a need and cannot be purchased.

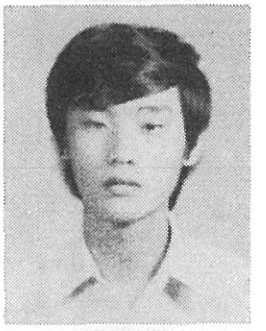

Vincent, P. S. Maria :

Known as the 'shorty' of the 'Tallies'.

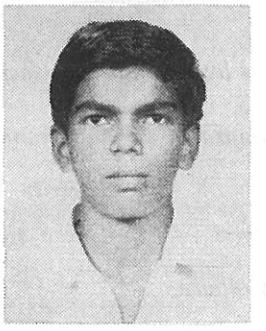

Wasudevan, R. :

"Don't be a half man, grow as tall as me."

Yap Cheng Kim :

Kwown as the Play Boy of the class.

Yesudian Israel :

"Only through Jesus can we know the love of God."

Chong Ah Hai :

Loves to sing praises to God.

FAREWELL

School says 'thanks' to a friend of 30 years

KUALA LUMPUR, Wed. — Behind all the noise, cheers and smiles at the send-off of Mr. Arthur Lee, of Methodist Boys' School, Sentul, were subdued tears.

For the pupils and staff were not only saying farewell to a teacher who has been with the school for 30 years but also to their counsellor, sympathiser and close friend.

"I will definitely miss being a teacher very much," said Mr. Lee.

But his house is only five minutes' walk from the school, so even though he has retired, he will still be counsellor and adviser to the pupils.

Mr. Lee said he was "surprised" he took up teaching because that was never his ambition. But he added that there was never a depressing moment in those 30 years.

55 today

"Teaching is interesting if one gets involved in all aspects of the work," he said. "This, therefore, does not confine the occupation to the classroom. It extends to society as well, to the pupils, parents, and their families."

Mr. Lee was adviser to the Juvenile Courts until 1970 and was responsible for the Adults Education Movement. He was the movement's secretary-general in 1959.

He joined the school in 1945 at the suggestion of the headmaster, the late Mr. William Dudley. Before that he was with the Japanese Postal Services Department here.

Mr. Lee, who will be 55 today, was "sent off" yesterday on a chair carried by members of the prefects' board through a guard of honour formed by the pupils.

The line stretched from the staff room to the school gate. He was accompanied by the 3rd Kuala Lumpur Girls' Brigade band.

Mr. Lee passing through the guard of honour.

Old Boys' Association

SENTUL METHODIST BOYS' SCHOOL OLD BOYS' ASSOCIATION

REPORT FROM THE HON. SECRETARY FOR THE FINANCIAL YEAR 1973/1974

Patron : ENCIK ARTHUR G. LEE, P.J.K.

I have pleasure in presenting you the report on the activities of the Association tha ttook place during the financial year 1973/1974 commencing 1st October, 1973 and ending on 30th September, 1974.

Although the financial year of the Association ended on 30th September, 1973, so as to carry out two of its programmes viz. Sportsman Night and the organising of a charity film premiere in aid of the Building Fund Programme of the Sentul Methodist Boys' Primary School, the previous committee continued in office until the Annual General Meeting was held on 12th January, 1974.

A. SPORTSMAN NIGHT

The Sportsman Night was held on 15th October, 1973 to mark the conclusion of the 1973 Dudley Shield Competition and the first Table Tennis Tournament. A buffet dinner was held at 7.00 p.m. A good number of participants of the competition turned up that evening when the Challenge Trophies and the momentoes were presented to the winners.

B. CHARITY FILM PREMIERE

The Old Boys' Association organised a charity film premiere in aid of the Building Fund Programme of the Sentul Methodist Boys' Primary School on 24th October, 1973. This date also coincided with the opening of the Panggong Sentul. The film shown was a new one called 'Redneck'.

The Boys Brigade Band of the 2nd Company entertained the crowd that evening before the commencement of the show at 6.30 p.m. Among the distinguished guests present that evening was Y.B. Walter Loh Poh Khan the M.P. for Sentul and an old boy of the Association. An amount of about $10,000/- was raised as a result of the premiere and this was wholly donated to the Primary School.

C. 14th ANNUAL GENERAL MEETING

At the 14th Annual General Meeting held on 12th January, 1974 Mr. Chan Weng Chiu the President of the Association called the meeting to order at 6.30 p.m. with 38 members present.

At the meeting the following were elected as office-bearers for the year 1973/1974:—

President	Mr. Chan Weng Chiu
Vice-President	Mr. Yong Wah Loong
Hon. Secretary	Mr. J. Stephen Samuel
Asst. Hon. Secretary	Mr. Michael Chong
Hon. Treasurer	Mr. P. Venugopal
Asst. Hon. Treasurer	Mr. Yap Wing Chun
Members of the Committee	Mr. A. H. Ponniah
	Mr. Low Gan Chuan
	Mr. V. Sivaji
	Mr. Chung Chee Kin
	Mr. Tan Geok Soon
	Mr. Mohd. Ariff bin Osman
	Mr. Lim King Huak
Auditors	Mr. Yeap Cheng Chuan
	Mr. P. Manivasagam
	Mr. P. Sukerathevan
	Mr. P. Retnarajah

D. APPOINTMENT OF SUB-COMMITTEES

At the first committee meeting held on 11th February, 1974, the following sub-committees were appointed:—

Membership & Finance

Chairman	Mr. P. Venugopal
	Mr. A. H. Ponniah
	Mr. V. Sivaji
	Mr. Michael Chong

Sports

Chairman	Mr. Chung Chee Kin
	Mr. Michael Chong
	Mr. P. Venugopal
	Mr. Tan Geok Soon

Publicity

Chairman	Mr. Yap Wing Chun
	Mr. Michael Chong
	Mr. V. Sivaji

Social

Chairman	Mr. Tan Geok Soon
	Mr. Lim King Huak
	Mr. Yong Wah Loong

The Chairman of the Sub-Committees were told that they could co-opt more members to their sub-committees should the need arise.

E. PEACH SCHOLARSHIP

The Association is thankful to all old boys and well-wishers who have continued to support the Peach Scholarship Fund in memory of Rev. P. L. Peach, the founder Principal of Sentul Methodist Boys' School. With their help the OBA was able to pay out a total sum of $240/- to maintain two Peach Scholars during the course of this year.

This year's Peach Scholar was Master Lim Hwa Teong who obtained the best result in the LCE Examination 1973. He received the sum of $120/- on 21st February, 1974. The Peach Scholar for 1973 Master Teo Wee Chee had his Scholarship extended for yet another year on receipt of the good progress report and recommendation from the Principal of the Sentul Methodist Boys' Secondary School.

F. TAN CHEONG HUAT GRANT

The offer of $120/- made by an old boy Mr. Tan Cheong Huat in 1973 for a poor and bright student in the school was made to Master S. Gunasegran of Form IV (Additional Science) on the recommendation of the Principal of Sentul Methodist Boys' Secondary School in march this year (1974). A further sum of $120/- received this year from the same donor will be made to a deserving boy on receipt of a recommendation from the school.

The Association appreciates very much the generosity of Mr. Tan in donating this grant for the cause of educating needy and poor students in the school. It is sincerely hoped that many other old boys will come forward to the aid of the poor and needy pupils in the school.

G. OUTING TO FRASERS' HILL

The OBA organised an outing to Frasers' Hill on 20th and 21st April, 1974. The old boys, wives and families stayed at the Rumah Methodist, Bukit Fraser. The cost was $12/- per head exclusive of transport.

Despite every effort made and the fact that members were informed of the proposed trip through the news-letter, the response was disappointing. However all those who went had an enjoyable trip.

H. DUDLEY SHIELD COMPETITION

The Annual Dudley Shield Competition between the old boys and present boys/and staff of the secondary school was held during the months of May and June, 1974. Of these 8 games the OBA lost 6 games (including 2 walkovers) and on two games. The individual results were as follows: —

Games	Won by	Results
Volley Ball	Present Boys	3 – 2
Badminton	Present Boys	3 – 2
Chess	Present Boys	3 – 2
Tennis	Present Boys	3 – 2
Sepak Takraw	Present Boys	Walkover
Table Tennis	Old Boys	3 – 2
Football	Old Boys	—
Hockey	Present Boys	Walkover

Thus the present boys and staff of the Secondary School retained the Dudley Shield. The Old Boys Association congratulates them on their success.

I. 14th ANNUAL DINNER

The main formal event of the year, the Annual Dinner, was held on Wednesday, 3rd July, 1974 at the Yasmin Restaurant, Ampang Park, Kuala Lumpur at 7.30 p.m. This dinner was entirely different from those of the past years as it was not a full course Chinese dinner. It was instead a Muslim-style Malaysian Dinner based on the buffet pattern. The cost of the dinner including soft drinks was $8/- per head. A good crowd of about 190 members, old boys and their wives and teachers attended the dinner. Our guests for the evening were Mr. & Mrs. Kwong Sea Khoon, Mr. & Mrs. A. G. Lee, Mr. & Mrs. Sam Paramjothy, Mr. & Mrs. Wong Lai Yuen and Mr. & Mrs. S. Roberts.

That same evening during the dinner, an amount of $380.00 was donated by the old boys and well-wishers towards the Peach Scholarship Fund.

J. ANNUAL PRIZE GIVING DAY

The Annual Prize Giving Day of the school was held on 25th July, 1974 at the School Hall. Many of our old boys and their wives were present at this function. Mr. Chan Weng Chiu gave away the prizes. After the prize giving the guests were entertained to a concert by the students.

K. CETUS BALL

The Cetus Ball this year was held on 30th August, 1974 at the main hall Dewan Bahasa dan Pustaka. Two famous local bands viz. The Revolvers and the Venus were in attendance during the ball.

The ball was a comparative success. The highlight of the ball that evening was the award of a free trip by Helicoptor to Genting Highlands for a lucky couple with hotel accommodation provided. In addition attractive hampers were given out for spot dances. Although the crowd was not large as expected those who attended the ball had an enjoyable evening.

L. SPORTSMAN NIGHT, 1974

The last event for the financial year ending September, 1974 was the Sportsman Night that took place on Friday, the 27th September, 1974 at 7.00 p.m.

A total of about 85 participants from both the teams attended this function. The prizes were given away to the winning teams by our Patron Mr. A. G. Lee, P.J.K. After the presentation the participants were treated to a buffet dinner by the Association.

Our guests that evening were Mr. & Mrs. A. G. Lee, Mr. & Mrs. Sam Paramjothy, Mr. K. G. Zachariah and our old boy Captain Hassan, Chief Pilot of the MAS.

M. BADMINTON & TABLE TENNIS TOURNAMENTS

We regret very much for not having been able to hold the above tournaments so far but we hope to conduct the tournaments as soon as possible. Those interested in taking part are kindly requested to contact Mr. Chung Chee Kin or Mr. P. Venugopal.

N. MCE RESULTS, 1973

The members of the committee were very disappointed with the MCE results of the Secondary School and decided after a lengthy discussion that its representative on the Schools Board of Governors must pursue this matter vigorously with the school so as to conduct a full enquiry into the poor results and take remedial measures. Action is being taken accordingly.

O. LIFE MEMBERS

During the course of this year the following 5 members became life members of the Association thus bringing the total life members as at 30th September, 1974 to 22.

Mr. Chong Kee Kong
Mr. Ong Hock Boh
Mr. Tan Koon Swan
Mr. V. Sivaji
Mr. J. Stephen Samuel

P. ORDINARY MEMBERS

The following became ordinary members of the Association this year thus raising the total membership to 265.

Mr. P. Kanagasundram
Mr. V. Sivaras
Dr. V. Harichandran
Mr. William Ng Moh Yee
Mr. Tong Tan Lay
Dr. Lim Foong Teng

Q. OBA OFFICE

The OBA is very proud to announce that a room has been given to us by the Headmaster of the Sentul Methodist Boys' Primary School in recognition of our efforts in helping to raise funds for their newly completed building. This is another stepping stone in the history of the OBA. This room is situated directly opposite the school hall.

The office is open to old boys on every Wednesday from 5.30 p.m. to 9.30 p.m. to discuss matters relating to the OBA. Those who wish to become members of the Association or pay their arrears of subscription are also welcome. On the same day the Hall is available for Badminton and Table Tennis practices.

We wish to take this opportunity to thank the Headmaster of the Primary School, Mr. Sam Paramjothy for this kind gesture.

R. ACKNOWLEDGEMENTS

The OBA wishes to thank its President, Mr. Chan Weng Chiu for his leadership which has been a source of inspiration to all of us.

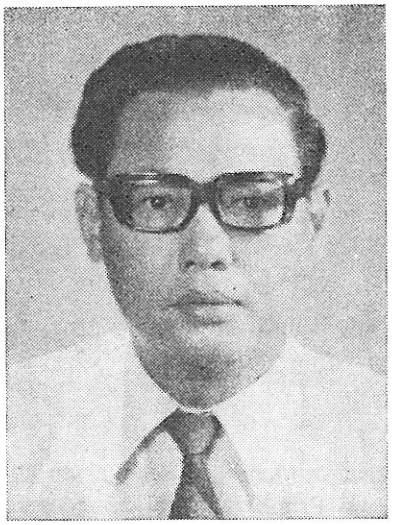

We also wish to thank the Principals and Teachers of both the Primary and Secondary School for their kind co-operation and assistance.

Thanks are also due to our Patron Mr. A. G. Lee, P.J.K. for the inspiration he provides and his continued interest in the affairs of the Association.

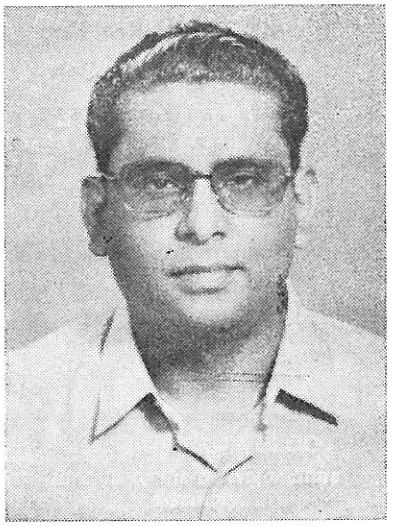

Finally we would like to thank our Old Boys for their continued support in all our activities.

J. STEPHEN SAMUEL,
HON. SECRETARY,
OLD BOYS ASSOCIATION.

OUR OLD BOYS ARE THE PEOPLES' CHOICE

ENCIK WALTER LOH POH KHAN
Elected as Member of Parliament.

ENCIK G. VADIVELOO
Elected to the Selangor State Assembly.
