THE TASK AHEAD

By: Mr. Chan Weng Chiu, Chairman, Board of Governors.

When I look back over the events of the past year, I am happy to see that there was much determination to overcome any difficulties that may have confronted us recently. When things go on well, we are happy, but when there is difficulty, we are all concerned.

Nothing is too difficult to overcome and with your dedication towards something good, we shall overcome. There is always a silver lining behind the darkest cloud.

I wish to see you dedicate yourselves towards the noble aims of the founder of the School and value the life-long contributions made by many people towards the betterment of the School in years gone by. Members of the Staff, Board of Governors, Parent-Teachers Association and Old Boys' Association are committed to this AIM.

To all students of the School, I hope you will undertake your responsibilities well. endeavour maintain a high standard of descipline, pursue your studies diligently and enjoy honour and glory of the Sentul West Boys' School, to uphold its good name and high standards now and in years to come.

In conclusion may I share this wish with you.

May the ways shine in your name
May thou follow each in turn
May the love of a friend be always near
May God's love our hearts
With Kind Good Cheer

LIFE'S ABSOLUTE VALUES

By Bishop.
Theodore R. Dorais
Methodist Church.

Methodism began 90 years ago and the first Methodist school began a year later. Today we have in Malaysia and Singapore about 40,000 church members and 80,000 Methodist school pupils as members of the Methodist family. The mission of Methodism was to bring light and life they had received through Jesus Christ.

It would be remarkable if the Methodist teachings have not become part and parcel of the lives of our past and present students. Now and again there is a spontaneous witness to the Methodist school product being found outstanding for integrity industry, idealism and discipline.

Every Methodist school teacher and pupil should remember that we stand for these things and more. We believe that spiritual matters are more important than material, that values of truth, goodness, righteousness and beauty are absolute, and that through belief in a God of Love exemplified in Jesus Christ we are brothers. and obtain strength to live the life God has willed for us. If you accept Christ as a pattern of life you will find many spiritual and material things added to your life.

May God the Father, the Son and the Holy Spirit guide and bless you.

Your Key To SUCCESS

By B. S. Niles
Chairman P.T.A.

ON behalf of the Parents Teachers' Association, it gives me a great pleasure to give a message in your school magazine.

One of the first things, you as students must realise is that it pays to study, for education is the 'Key Word' to personal success. An athlete in order to achieve success, prepares himself by training and discipline. A fine example is the tremendous training Muhammad Ali and Joe Bugner underwent for their big fight. In a similar way, you must be prepared to work hard with all sincerity. For this you should have strength of character, will power to study, and be diligent in your studies.

Those who get good grades in school usually enjoy success later on. You will find yourself using the same successful techniques in your higher education and career. So enjoy your school life, while you have the oppurtunity. It is mental stimulation that keeps you growing intellectually. The real joy, is in learning and in improving your academic achievements.

When you enjoy and love your learning, your teachers are impressed and they in turn have the incentive to teach and thus, teaching becomes interesting for them in the classroom. They are ever willing to impart theri knowledge and give you all the assistance you require.

Yet, while your teachers, parents and others are struggling to enlighten and uplift you, unhealthy outside influences may try to divert your attention, but the victory will be yours, if you are willing to say 'No' to these evils and maintain your ideals.

With best wishes for a successful school career.

MY PARTING WISH

BY HARRY LOO, SCHOOL CAPTAIN

ALL good things must come to an end. As the year 1975 terminates, I realise that all the companionship and guidance from the teachers and the joy we get being a student of this school will come to an end.

As a student of M.B.S. Sentul for the past 11 years, under the guidance of dedicated teachers, I have been equipped both with education and with the necessary mental attitude to adapt to this ever changing world. This feeling, I am sure is shared by all fifth formers of this school. Although some of us may not realsie this, we owe a lot to our teachers. I hope that their efforts have not been wasted and we will become useful citizens.

Concerning the achievement of this school, a great deal of success has been achieved in the course of the year, both academically and in the field of sports. Personally, I feel that there is still room for improvement. I appeal to the present and future students to strive hard to achieve higher goals in the name of this school keeping in mind the school's motto, PRAY AND WORK.

I wish my fellow schoolmates the best of luck and success for their future and urge them to utilise the knowledge obtained from this school for the betterment of the nation.

I would like to thank the principal, Mr. Kwong Sea Khoon, the supervisor, Mr. K. G. Zachariah and the staff again for their moral support and inspiration which have helped us so much in one way or another.

In conclusion, all that is left for me to say is that I will always cherish the memories of this school which will remain deeply rooted in my heart.

FAREWELL M.B.S. SENTUL.

EDITORIAL

PREPARING OURSELVES TO BE TOMORROW'S LEADERS

By P. Satyaseelan
Editor.

IT gives me great pleasure to write the editorial for the School Magazine of 1975.

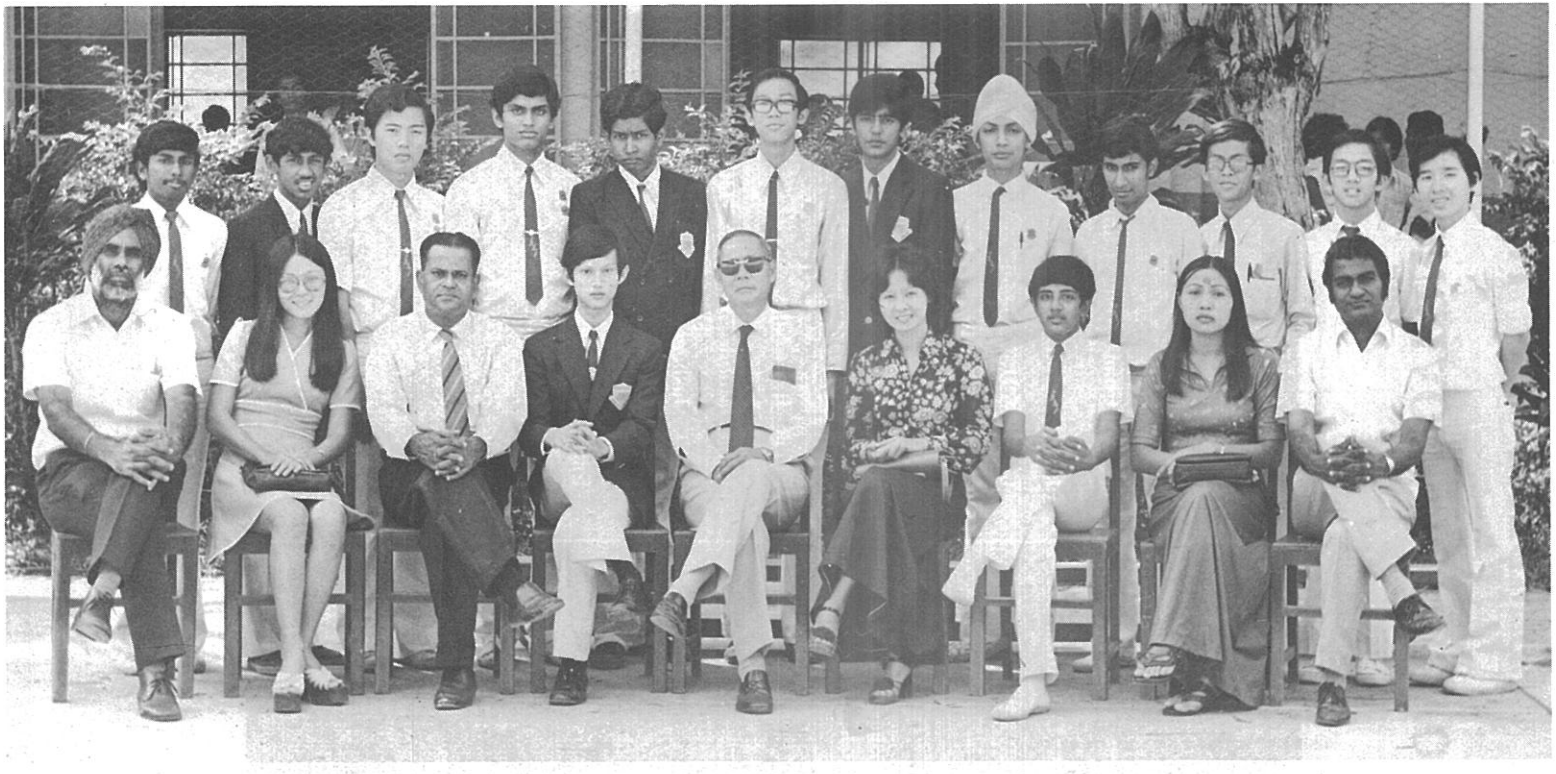

In conjunction with the National Day celebrations, the Government has chosen as its theme for this year; "BUILDING A SELF RELIANT SOCIETY THROUGH INDUSTRALISATION". The main objective of the above theme is to make Malaysia a nation that relies on itself, unlike at present where it has to depend a lot on imports. We, the students, who will be the leaders of tomorrow, must recognise and respect the advantages to be obtained by the formation of a self reliant society.

We must instill in ourselves a sense of responsibility and learn to face the future and its problems fearlessly. Likewise our duty of respect and honour to our Parents, Teachers and Leaders must not be forgotten as we strive to reach the top.

To conclude, I would like to quote a formula initiated by one of our Mathematics teacher. The formula is as follows:
X + Y (= Z where X = Work; Y = Fun and Z = Success. I believe that this would be a very good formula for all students to follow.

May I thank all those who have helped the Editorial Board of 1975 to carry out its duties very efficiently.

Malam Muzikal

Bertempat di Dewan sekolah, pada malam 27 hb. Jun, 1975, satu pertunjukan amal yang diberi nama MALAM MUZIKAL telah diadakan. MALAM MUZIKAL adalah hasil dan anjuran Persatuan Bahasa Malaysia dengan kerjasama murid-murid Tingkatan 5R. MALAM MUZIKAL diadakan untuk memunggut derma bagi disumbangkan kepada pihak sekolah yang sedang giat mencari derma "tabungan bangunan" nya. Dengan ini lebih dari 80% dari hasil kutipan, telah kami dermakan kepada pihak sekolah.

MALAM MUZIKAL diserikan oleh gabungan kugiran "The Black Hyde dan The Stony".

Bagi pihak PBM saya merakamkan jutaan terimakasih kepada terutamanya pihak sekolah yang telah membenarkan kami mengadakan pertunjukan, seterusnya kepada penderma-penderma yang menjayakannya. Kami mengucapkan ribuan terimakasih di atas dayausaha Cik V. Jeya Deevi yang mengasaskan pertunjukan dan Encik Balbir Singh yang menyempurnakannya.

Sekian, terimakasih.

SPORTS DAY

The afternoon commenced with a band display by the Boys Brigade who rendered a selection of stirring march music.

Everybody was busy The officials were handling prizes and making certain necessary changes, the teachers were busy with their duties, the Prefects were busy with the invited guests and Prefects from other schools, the guests were also busy, wiping the perspiration off their foreheads. It certainly was hot.

The spirit on that memorable day must have been "GIVE 'EM ALL YOU'VE GOT", because that was just what the athletes seemed to be doing. As the races commenced, and the athletes raced wearily towards the finishing line, the ever-growing roar of cheers rose to its peak and concluded explosively.

9 records were broken that day. A very impressive performance indeed. The grand finale of sports day was the breathtaking aeromodelling display by members of the Aeromodelling Club.

Principal's Report 1975

Staffing:

There are 53 teachers on the staff, consisting of 28 men and 25 women teachers. Of these, 7 are Honours Graduates, 5 Pass Degree Graduates, 7 Normal Class Trained, 18 College Trained, 6 RTC Trained, 1 Guru Ugama and 9 Temporary Teachers.

One teacher attended the Bahasa Malaysia course in the 2nd. Term, while another will be attending it in the 3rd. Term. Four Lady teachers were on maternity leave within a period of four months, between March and June. Yet another is due for maternity leave this month. We offer our congratulations to the following:

Puan Fadzillah bt. Mohd. Sikh, who was blessed with a boy in March,
Puan Goh Thuan Jig " " " " " girl in May,
Puan Wong Yew Kheng " " " " " boy in May,
Puan Khadisah bt. Awang " " " " " girl in May,

I am also happy to report that three of our teachers, namely, Puan Robin Goh, Encik Ibrahim bin Hussein and Encik Awtar Singh attended a course in Population Education conducted by the Ministry of Education in the month of April. Population Education, I understand, is inter-related with the problems of population explosion and family planning. We do not know yet how far these three teachers will benefit by the knowledge gained in attending the course. By the way, Mr. Awtar Singh is still a bachelor.

No. Of Classes & Enrolment:

There are 37 classes with a total enrolment of 1421 pupils. As in the previous year, the school is running two sessions, with 19 classes in the morning and 18 in the afternoon. There are 2 classes in Remove, 8 each in Forms I, II and III, 5 in Form IV and 6 in Form V.

LCE Examination:

Out of the 316 pupils that sat for the LCE Examination in 1974, 152 qualified for promotion to Form IV. This number represents a pass percentage of 48%, which is similar to that of last year. The most outstanding pupil was Johnny Tai, who thus qualified for the award of the Peach Scholarship for 1975.

MCE Examination:

259 pupils sat for the MCE Examination in 1974. Of these 21 were placed in Div. I, 37 in Div. II, 34 in Div. III and 82 in Div. IV. The pass percentage was 35% an improvement of 15% over last year. From the successful candidates 12 were selected for admission to Sixth Form Science and 6 to Sixth Form Arts. The orderof merit was:-

1st.	Chiong Chee Kin	(7 Distinctions).
2nd.	Chow Chun Liong	(7 Distinctions)
3rd.	Teo Wee Chee	(6 Distinctions).

The Arthur G. Lee Medal:

The OBA instituted a medal, to be known as Arthur G. Lee medal, in honour of Mr. Arthur G Lee who retired in November last year after a term of 29 years' loyal and faithful service as a techer in this school. This medal is awarded to the pupil who obtains the best results in the MCE/SPM Examination each year. The first winner of the Arthur G. Lee medal is Chiong Chee Kin who obtained 7 distinctions with an aggregate of 8 points in the MCE Examination 1974.

Walkathon:

The school held a Walkathon on 22nd March to raise funds for the development of the school. Mr. Chan Weng Chiu, Chairman of the Board of Governors, who kindly consented to be the patron, started off the walkers at 7.40 a.m. The Principal, together with the Senior Assistant, Mr. K. G. Zachariah, and three other teachers, namely, Mr. Lee Hung Yen, Mr. James Amoz and Mr. Lee Han Boon, completed the walk in the company of more than a thousand pupils. The Walkathon raised a sum of nearly $ 12,000.00 (Twelve Thousand).

The highest collection by classes was returned by Form IIA, which collected $1,245.30. Collection by individuals:

Staff:	1st.	Mr. K. G. Zachariah who collected	$1,695.00,
	2nd.	Mr. Kwong Sea Khoon.....	$ 702.00
	3rd.	Mr. Inder Singh	$ 604.00,
Pupils:	1st.	Abdul Ghani of Form 2G	$ 410.00
	2nd.	Wong Kok Leong Form 2A.....	$ 228.90
	3rd.	Ong Say Keong Form 2A.....	$ 178.90

At this juncture I wish to express my thanks to each and every teacher, pupil, members of the school office and laboratory staff, all old boys and well-wishes of the school, who found sponsors or were sponsors themselves, in contributing to the success of the Walkathon.

My thanks are specially due to Che'gu Thani bin Lamsah, Chairman of the Walkathon Sub-Committee, and his committee members, namely, Mr. Low Thin Wing, Mr. Liew Wai Lin, Mr. Andrew James and Encik Ibrahim bin Hussein, who spared no effort in making the Walkathon a success.

I also wish to thank the following:

The Pengarah Pelajaran Selangor/Wilayah Persekutuan, for giving his approval to the school to collect funds;

Mr. Chan Weng Chiu, Chairman Board of Governors, for consenting to be patron of the Walkathon.

Dunlop & Co. for the donation of two badminton racket frames, two Dunlopillos and two Dunlopillo car seat cushions as prizes;

To Sun U Book Co. for donating a dozen plastic files;

To Thamotharampillay & Sons Sdn. Bhd. for donating the Walkathon forms, and to all the firms that advertised in our souvenir programme; to all the heads of other schools that allowed their pupils to participate in the walk and to one and all that extended their help to us.

Achievements by our boys in Sports:

Volleyball: At Volleyball our School Under 18 team became the Champions of KL Utara. Two of our players, namely, Soh Chin Yin and Lim Boon Seng of Form V, were selected to represent Selangor in the National Tournament held at Kota Baru, Kelantan, during the first term holidays, Our Under 15 team just failed to emulate the feat of their elder brothers and became Runners-up in K.L. Surat untuk Irma.
(Khas untuk kau yang telah pergi).

Herman.
K. Lumpur.

Mengunjungi Irma,

Ku harap jangan kau terperanjat menerima lambaran ku kali ini. Aku tahu yang aku telah dilupai dan mungkin juga kau yang melupainya.

Irma,

Sebenarnya bukan aku tidak mahu berterus terang dengan mu tapi hati ini telah bosan menanti dan mengharap simpati orang lain untuk hidup. Hati ini telah dilukai dan lukanya terlalu dalam dan sukar untuk diukur lagi, justru tiada ubat atau penawar yang bisa mengubatinya. Aku masih tidak mengerti mengapa kau terus menghilangkan diri mu dari ku tapi aku tidak tahu dimana dan bila. Oh. mengapakah hidup ku sedemikian rupa.

Irma,

Apakah hanya keengan orang tua mu mempersetujui persahabatan kita bererti yang juga menguburi cinta mu pada ku. Aku tahu yang kita patut menhurmati orang tua kita tapi..... susah untuk memahami hasrat hati ku ini. Sungguh murah cinta yang aku taburi. Aku masih ingat apa yang kau janjikan pada ku yang hidup dan mati mu dalam pangkuanku. Oh..... Tuhan, mengapakah insan mu semudah itu memungkiri janjinya? Mengapakah insan mu selalu menindas umay yang lain? Ada kah ini menjadi satu jalan menujukeneraka? Oh .. Tuhan, ampunilah insan mu yang hinaseperti ku ini.

Irma,

Sebenarnya aku bukan berniat meruntuhkan kebahagian rumah tangga mu, aku hanya ingin mengatakan betapa hati mengharap dan menunggu masanya walau pun sebenar jarum peniti untuk kau melapangkan masa untuk ku bersemadi di hati mu. Tapi apakah daya siang akan berlalu dan tiba pula malam dan tinggal lah aku dengan pergolakan di kepala ku. Irma, pernah juga aku berkata yang hidup ini penuh dengan cubaan, bagi ku, kecelakaan itu hanya lahir dari desakan hati manusia itu sendiri. Sebenarnya aku bukan tidak percaya akan wujudnya Tuhan malah aku bersukur kerana Dia telah menemui mu dengan ku setelah aku mencari, merayap dan merangkak kerana mu.

Irma,

Adakah dengan surat mu yang lalu bererti yang kau tidak mahu menemui ku lagi?. Adakah ini bermakna yang kau akan mengambil jalan kanan dan aku mengambil jalan kiri? Oh ..... tidak mungkin, kebahagian yang ku pinta malang yang mendatang. Kadang kala aku menyesal diatas pemergian ku keluar negeri dulu. Aku pergi hanya untuk memperyakinkan hidup ku dan masa depan kita tapi lain pula yang kau fikirkan. Walau pun orang tua mu tidak mempersetujui permergian kau bersama ku, tidak bererti yang kau patah hati. Aku tahu yang ugama menjadi batu penghalang tapi Irma cinta itu buta sebagaimana yang kau nyatakan pada ku. Aku menulis ini bukan untuk mengajak kau mengikut ku kembali tapi aku ingin mengatakan yang hidup ku telah cerah kembali. Aku mengetuk ngetuk mesin taip ini dan mencetakkan kata kata pada mu hanya untuk mengatakan hidup ku yang bakal aku tempuhi.

Irma,

Dengan lambaran yang agak sedih ini bukan bermakna yang hidup ku turut sedih malahan aku berbahagia dengan hidup ku sekarang ini. Aku bahagia dengan

isteri ku. Ingin ku nyatakan pada mu yang aku sekarang ini telah menjadi ayah dan wajah anak ku mirip wajah mu aku namakan, Irmah semperna nama mu, begitulah sayang ku pada mu yang tidak lekang walau bagaimana pun. Sayang yang pernah aku cerahkan lapan tahun yang lalu. Sayang, cinta hanya terbuang kedalam lautan yang dalam, tidak meninggal kesan. Aku tahu yang suami mu sekarang menjadi Wakil Raayat di Singapura. Kuharap kau bahagia selama-lamanya. Aku tahu yang hidup mu senantiasa didalam kesenangan berbanding dengan ku. Aku pernah menjdi penjual kueh pada suatu masa yang lalu untuk melanjutkan pelajaran ku. Mungkin juga oleh sebab kemiskinan ku kau terus memutuskan perhubungan kita. Ramai yang senasib dengan ku ini. tapi kau terdiri dari gulungan yang lain, langsung mengetahuinya.

Irma,

Aku masih ingat di masa kau mengantar ku dilapangan terbang lapan tahun yang lalu. Itu lah kali terakhir aku memeluk dan mencium mu. Kau berjanji yang kau akan menunggu ku pulang nanti, tapi lima tahun kemudian apabila aku kembali aku dapati yang bayang bayang mu pun tiada. Dari hari itu aku berjanji yang aku tidak akan pulang kekampung selagi ku tidak menemui mu. Patutlah lambaran yang aku kirim tidak di balas rupa rupanya aku hanya menulis pada patung kesayangan ku saja. Tuhan maha kaya, pada minggu yang lepas aku menemuimu dan suami mu sedang menjamu selera di sebuah restoran yang terkenal. Aku duduk disebelah meja mu. Itulah yang aku doa kan semasa kau masih lagi
Sungguh bahagia kamu berdua. Itulah yang aku doa kan semasa kau masih lagi bersama ku untuk melihat kau bahagia walau pun bukan di sisi ku. Hati siapa yang tidak akan luka, air mata mana yang tidak keluar apabila orang yang sangat disayangi telah berhaluan yang lain. Sampaikan salam ku pada suami mu. Ini adalah dari hati yang bersih bukan dari hati dan mulut yang berbisa dan berpura pura, muga muga hidup mu bahagia.

Aku menulis lambaran ini bukan untuk di balas tapi aku harap kau sudi membacanya dan memahaminya apa yang aku maksudkan. Aku masih ingat lagi semasa permulaan pertemuan kita berdua. Masa itu kau berusia 15 tahun dan aku tua setahun dari mu. Masa itu kita menhadiri parti dansa di rumah Mus, Pada masa itu kau tidak berteman dan aku menemani mu buat masa itu. Berterus terang aku nyatakan yang kau memang pandai berdansa. Oh Irma, sungguh manis kenangan yang lalu semasa kau dalam pelukan ku, tapi apa yang di mimpikan telah menjadi sampah yang bergelodak di otak ku.

Sayang,

Aku harap kau tidak marah sekiranya aku memanggil mu sayang. Aku memang sayang pada lapan tahun yang lalu dan sayang pada cita cita mu yang ingin melihat aku bahagia. Aku tidak berani memperbanyakan sayang ku. Cukup lah dengan keluarga ku, agama, dan negara ku ini. Mengapakah tidak dari mula iagi katakan yang kau tidak sayang pada ku lagi? Aku tidak akan memaksai mu untuk mencintai ku. Aku tahu yang cinta itu bukan paksaan, Kau adalah segala galanya pada ku lapan tahun yang lalu tapi bukan buat masa sekarang ini. Sekarang ini aku bukan aku yang kau kenali lapan tahun yang lalu. Anggaplah perkara uni tidak akan terjadi dan jika pernah terjadi anggaplah itu sebagai mimpi buruk di dalam hari.

Irma,

Hanya di sini saja yang dapat aku huraikan. Demi untuk kebahagian mu aku tetap tidak mengganggui kau lagi. Aku menulis ini hanya untuk mengatakan akan kata kata yang akhir buat kita berdua. Lupakan apa yang terjadi dan ikutilah jalan

yang di radzai Tuhan sesungguhnya Tuhan sangat mengetahui orang-orang yang taat pada Nya.

Sekian saja.

Salam Mesra.
Herman.

TUJUAN UNTUK MASA HADAPAN

Wahai teman,

Banyak bicara
gagal periksa
badan merana
akan terkubur harapan ibu bapa

Wahai sahabat,

Gerakkan pena yang ada
rajinkan jemari mu menari
agar hidup ini
akan lahir negarawan yang abadi,

Wahai taulan,

Jangan mundar mandir dijalan raya
jangan badan dititis embun
jangan pula kau berhenti
sebelum puas apa yang dicari.

Wahai penuntut,

Biar mereka gembira dulu
kerana kau masih rebung
kau pasti dapat dilentur
menjadi pagar yang abadi
dan.....
terhindar dari onak dan duri.

RAGAM KELAS KU

Salam hormat dari saya,
Pelajar tingkatan 5 C Sastera,
Kepada semua para pembaca,
Didahului ucapan "Selamat sejatra".

R.S. Maniam membuka cerita,
Dibelakang sekali berkata-kata,
Dengan Ibrahim dari India,
Bermacam kesah semua nya ada.

Tiba giliran Mogan Mexico,
Hitam kulitnya saperti koko,
Sesat diMalaysia menjual keropok,
Terjumpa membernya Jamil Cracko.

Mohd. Rashid selalu buat lawak,
Sampai seluruh kelas terbahak-bahak,
Rambutnya dicukur separuh botak
Tajam saperti duri landak.

Ketua perompak itulah gelarannya,
Menjadi kapten pasukan bola,
Cheong Kok Chong itulah namanya,
SiAlexander temberang dia ternganga.

Suhaimi Ahmad nampaknya kechil,
Orangnya cerdik saperti kancil,
Dalam peperiksaan selalu fail,
Harapannya lima yunit tertulis disijil.

Gan Eng Chai orangnya tinggi,
Cakapnya sirious tak puji diri,
Mukanya manis berseri-seri,
Selalu ketawa menunjukkan gigi.

Wong Peng Kee digelar "Ah Kow".
Kata orang berasal dari Macao,
Tok guru silat "Kun Tow",
Tahun Baru Cina di beri "Ang Pow".

Amarjeet Singh orangnya bergaya,
Tetapi tak pernah dia terpedaya,
Cita-citanya hendak menjadi kaya,
Selalu curi roti SiSegar Toya

"Rugged" orangnya itulah Sazali,
Kaki perli, pandai menyanyi,
Kalau tak dengar suaranya sehari,
Makan tak kenyang tidur termimpi.

Yang lainnya tak perlu ku cerita,
Mereka bising pun sekali sekala,
Andai terkasar bahasa saya,
Ampun dan maaf saya pinta.

Olih: Thina Thayalan S.

MUSNAH

Dipekat malam
Hanya aku dan pemikiran ku
berdua berbicara
dari inspirasi empunya
tentang insan yang tercinta
Aku memandang dari titisan embun
Ku memandang dari ranting yang terfakkur
Dari kali ka tasik
Hanya sang malam merangkak.....
Dimalam jalang
Berdandan sedu ku
Terbayang keriangan menidak ujudnya.
Dari nama mu
Telah ku saksikan
Dalam mimpi tiada tenteram.
Dan engkau mengertilah
Wajah menantara rasa hati
Wajah menantara perasaan membara
Sedarlah adik ku, saudara ku, kawan ku.
Telah lama ingin ku berterang
Terasa berzaman ingin ku berterang
Terasa berzaman ingin ku berkata
Dipekat malam kata ku tersekat dirongga
Setiap madah enggan melompat keluar.
Ku susun kata suci ini
Kata kata pendamai hati
Aku tak sanggup lagi
Luka yang tersayat dihati
Masih berdarah – masih luka
Kerana kata kata palsu mu
Kau bertatap
Dari insan – SAHABAT KU

KESAH SEKOLAH KU

Ini adalah satu cerita,
Sekolah ku punya angkara,
Namanya terkenal dimerata-rata,
Sekolah Laki-laki Methodist namanya.

Sekolah ini sekolah menengah,
Letaknya ia di Sentul tengah,
Kantinnya besar makanannya mewah,
Pekerjanya pun sangat peramah.

Di belakang sekolah di tanam bunga,
Untuk hiasan semata-mata,
Ada juga yang banyak berbunga,
Hasil usaha tukang kebun bersaudara.

Encik Kwong Sea Khoon Guru Besar budiman,
Orangnya tua tetapi besar badan,
Katanya selalu menjadi pedoman,
Untuk kesenangan murid dimasa depan.

Encik Zachariah penolong kanannya,
Orangnya kelulusan Universiti juga,
Mengajar sains semata-mata,
Untuk murid-murid tingkatan lima.

Guru-guru lain ramai juga,
Ada Melayu, India dan Cina,
Mengajar murid dengan gembira,
Tanpa mengira perbezaan bangsa,

Murid sekolah ramai bilangannya,
Melayu, India dan juga Cina,
Ada yang bodoh tetapi lawa,
Belajar dengan sepenuh tenaga.

Berbagai permainan telah dijalankan
Bola sepak, sepak takraw dan badminton,
Murid bermain penuh keazaman,
Supaya beroleh pingat kemenangan.

Tukang kebun tiga orang semuanya,
Orangnya besar lagi bergaya,
Setiap hari kebersihan dijaga,
Supaya sekolah ku kelihatan sempurna.

Lye Huat dan Teck Kim begitu nama,
Menjadi kerani sekolah saya,
Orangnya manis lagi lawa,
Tetapi sayang dah ada yang punya.

R. Kamalanathan budak pejabat,
Tiap-tiap hari berseluar ketat,
Orangnya rendah tetapi semat,
Tentulah ramai gadis yang terpikat.

Tamatlah sudah kesah sekolah ku,
Sekolah yang sedang meningkat maju,
Muridnya bertambah dari satu kesatu,
Sehingga menjadi beribu-ribu.

Sebelum berpisah saya berdoa,
Supaya sekolah ku bertambah berjaya,
Dari sekarang keakhir hayatnya,
Seluruh Malaysia akan mengenalinya.

MUTIARA DALAM NAJIS

Sejak bercahaya bulan hingga kepucatan
mutiara bersinar menerangi kekaburan syaitan
Mutiara bagai intan yang nilai tiada terkata
terjumpa mutiara dalam lubang hitam tiada berpelita.

Intan membawa mutiara bergelumang nista
Keji demi hina bertalu bertimpa menderita
namun intan teguh seteguh intan asli
menimba tabah kekerohan agar terbit kejernihan.

Tapi setelah mutiara lama jelak bercahaya
penghuni semesta mula ada kembali
kehitaman mula merangkuhi kaburan gelita.

Mula berkubang terus tiada henti
hanya keratan cahayakan sinaran
MUTIARA bergelumang
NAJIS tinggal celahan sahaja.

IN THE GRIP OF A VICE

Weary eyes looking at the dice
Dancing in the bowl, followed by sighs.
Hooked to this gambling vice.
Intelligent men are no longer wise.
Thinking that this easy money
Can become their daily bowl of rice.
Do not believe, do not trust these lies
That gambling is anything nice,
For it breaks up families
And turns friendship into ice.
Scraping and stealing like mice,
All because of gambling
Why, Why, Why?

SCHOOL HOURS

At 7.30 a.m., the school bell is rung,
We stand at attention as the National Anthem is sung,
In a single file we will be inspected,
By the prefects who make sure every offender is netted,
Once in class, we begin our noisy chatter,
To be short lived by the teachers lecture,
For 200 minutes, we have to bear the torture,
To make sure, our education will mature.
At 10.50 the bell is rung for break,
To the tuckshop we run, for our stomach is at stake,
Mee goreng, nasi lemak and laksa we tuck,
But bubble gum we dare not, our tongue will be stuck,
For 15 minutes every eye glitters with delight,
But soon the prefects will be in sight;
We have to obey the prefects who are never lenient,
'Cause our names in the D.C. list will be too inconvenient,
Once in class, sleep creeps into one's mind;
Luckily, our teachers are so kind;
At 1.05 p.m., lectures and thoughts perish,
But, the events of the day will always be cherished.

IS IT WORTH–WHILE PROGRESSING?

The following essay won a prize in the Essay Writing Competition organised by the Editorial Board

Ever since man inhabited this earth, he has progressed from Stone-age cavemen to Atomic age modern men. Today, man has populated this earth with his off-springand undoubtedly, man is over-doing it! The total estimated populatiom of man on this earth today is about 3.6 billion, and it is increasing at a frightening rate. It is feared that this figure could easily be doubled at the end of the next century! Imagine, more than seven billion people living on this now over-crowded world.

Man has fought an unending battle with mother-nature ever since he inhabited this earth. Now, with the help of Science and Technology, mother-nature is fighting a losing battle against man and he knows what will happen when mother-nature loses. Very evidently today, it can be seen that millions of acres of green vegetation have been destroyed and others are being continously cleared. Its timber is used by man to cater for his ever increasing demand for comfort and pleasure. Believe it or not, man has done more damage to this earth in a single decade than mother-nature in a million years!

Science has helped man progress from uncivilised, walking cavemen to today's modern man who not only can fly from one corner of the earth to another but also man has successfully reached the moon and is still aiming to go even further. Science is something which man can use for doing good but man's progress has brought evil that makes science do evil.

Man has used science to build millions and millions of factories and industries all over the world to manufacture goods to fulfill his desire for adventure, comfort, wealth and fame. Man has learnt to build factories to manufacture whatever he needs but man has never learnt to build perfect machines because he himself is not perfect. So, along came millions and millions of tons of poisonous waste products from the factories which are carelessly dumped by Man. Today, in highly industrialised countries like the United States, Japan, Germany and France, millions of tons of deadly fumes are poured into the earth's atmosphere in a single day! And even more andfar deadlier ones are being poured into the rivers, lakes and the seas of thesecountires. Today, we hear of air pollution, water pollution, and even noise pollution, never heard of in olden days. Man is killing himself and his environment. Is man's progress worth the consequences that will one day be faced by man himself? will he survive the consequences? Is this the beginning or the end?

Man's progress has brought greed and prejudice. In turn, the greed of man started the two world wars which nearly wiped out the entire human race itself! Today, the 'super-powers' are competing in a nuclear arms race and one day, if man has the chance of using these deadly weapons, the entire human race or rather the entire world will definitedly be destroyed. That day, as most believe, is approaching fast. Again, is man's progress worth this unworthy, inevitable death? Is there any sense in progressing and populating this earth and then destroying mankind forever?

UNCERTAIN TOMORROWS

The following essay won a prize in the Essay Writing Competition organised by the Editorial Board.

In this space age nothing is predictable. Advancement in science and technology is so rapid that everything seems possible – If you ask a hippie about his view on the world of tomorrow, he will reply chanting his hippie language, "Man, I think it's gonna be pretty weird." But if you were to ask an ordinary person he will pause and then answer, "I cannot say for certain, for tomorrow is in the hands of God." There is one famous saying, "Eat every meal as if it is your last meal," "Live everyday as if it is your last day." Will the world be a better place to live in or will we be living on planets just like in the programme, "The Planets Of Apes" on television. That's the question that everybody keeps asking but to know the answer, one has to wait and see.

During the nineteenth cebtury, a famous English Author H.G. Wells, wrote a book about man on the planet, moon. It sounded so fiticious and ridiculous during his time but today, in the twentieth century, science had succeeded in landing man on the moon. Though living on the moon seems impossible because the atmosphere is too thin, this could be over come. It may sound ridiculous to you but did people during the nineteenth century believe for one moment or even dream that a man could land on the moon in times to come? Do you know that some people still do not believe or just can't bring themselves to realize that four astronauts have gone to the moon and have returned to earth safetly! My! They are in for a shock.

A man, Blaiberg, was struggling for his life in a hospital in Capetown, South Africa. Everybody gave up hope of ever seeing him walking out of the hospital alive. But a brilliant doctor, Christian Barnard, saved his life by transplanting another man's heart into Blaiberg's body. Blaiberg survived for 17½ monts with another man's heart.

This shocked the world for never has such a thing been tried in the field of Science and medicine. Besides heart transplant, there have been other brave attempts like kidney swops, eye transplants and many more; which have turned out to be a success. With this act, a question has arisen in msot people's minds, "Can Science save man's life or prolong his stay on earth?" "Can man be God in the future."

Youths of today are unguided for they aim at no particular goal in life. That is why we have the dirty, smelly hippies, the so-called generation gap between the young teenagers and their parents and the unruly student revolts. They would demonstrate for the slightest unimportant things just like the students of the University of Malaya did recently. They want things to suit themselves. These hippies are a menace to society for they practice free love, they take drugs like marijuana and they seem to have a strong hold against doing any work except to meditate and laze around. Drug taking has become a trend nowadays. Even though it is illegal, they would do anything to get it. The youths who take drugs end as drop-outs of schools, colleges and universities. It's so silly when they ruin thier lives just when they have so much to look forward to. What will the youth of tomorrow be like? Will they take drugs in place of our drinking of coffee? There's a big question mark to that.

Wars! Famine! Death! Nearly every country has to face a war within itself. Thousands of innocent people are dying of hunger and pain. Why? What have they done to deserve such suffering and pain? Man is getting too ambitious and cruel. Remember the incident that shocked the world? – Two miserable atom bombs destroyed millions of lives in Hiroshima and Nagasaki. What will they do next? Destroy the whole world?

The world of today is a mystery in itself. We don't know what will happen next for sure! What's in store for tomorrow? Finding the answer is just like looking for a needle in a haystack! What do you think? There's nothing we could do but to leave it to God and he will take care.

THE EMBEZZLEMENT

He took the envelope in his trembling hand. He was afraid to open it. As his hand felt the thickness of the envelope, a shudder ran through him. His face turned an ashen pallor. He felt so sick physically that it was an ordeal to close the door.

Once inside, he walked briskly to his table and took out a long ornate letter opener. Then he seemed to notice for the first time the embossed name and crest of Low, Loke and How, Advocates and Solicitors. He knew then that his time had come. Slowly, being careful not to tear the contents, he slit open the envelope.

It contained a brief letter and some note paper. Rich thick cream note paper with the crest of the lawyer's firm and their letter head.

He read the letter. It was concise and to the point. After disposing with all the usual preliminaries he read:

"As a result of a fruad involving several million pound sterling, we have to, on behalf of our clients, Theang, Theang and Lim Brokers, insist on receiving from you a copy of your finances (assets and liabilities) as at 31st May 1975. This request has been made to all employees of the said Brokerage Firm of which Sir, is one.

We remain,

Yours obediently,
For: Low, Loke & How,
Advocates & Solicitors,
11, Berjaya Lane, KL.

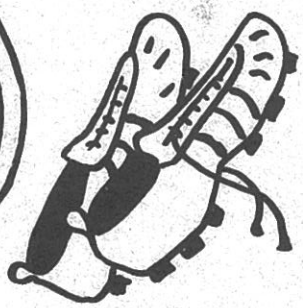

Obviously the note paper was for him to list out his finances in. He knew that this letter would come. He knew it the day the auditors found the irregularities in the books.

God, he thought. How could he explain it away. A thousand or two, yes, but 10 million dollars. Impossible. The money was stashed away in a Swiss bank. It had taken him five years and now they would find out even if he refused to give in his assets and liabilities. How could he have done such a thing. He, the model of honesty and integerity.

Once it broke open, the case would ruin him; he knew that. Almost unthinkingly he sat down and began to write down a full confession. Then he unlocked and opened a drawer and took out a white bottle. Uncorking it, he shook out five of the tablets in his hand. Methodically he swallowed them, one by one, until his hand was empty. Then he sat back in his chair. Fifteen minutes later he fell forward on the table. Death had claimed him.

Assessment of this year's performance.

This year, although participants demonstrated excellent sportsmanship and determination and members of the house gave their fullest support, we were not able to secure the Inter-House Championship.

Our performance during the School Annual Cross Country and Annual Athletic meet was not quite satisfactory in spite of the members' strenous and untiring efforts. But the House will confidently show a better performance next year.

The House is also proud to announce that Bhupinder Singh was chosen to represent the state Hockey team.

Much credit should be given to the teachers in charge for their invaluable guidance and encouragement

Installation Of Prefects:-

This auspicious and memorable ceremony was held on Monday, 17th February 1975. The 1975 Prefectorial Board was officially sworn into office by the Principal, Mr. Kwong Sea Khoon, and this ceremony was witnessed by the staff and pupils.

Sports Day and Prize Giving Day:–

At the Annual Sports Day and Prize Giving Day, the prefects maintained discipline among the boys and helped to seat the guests. The Board was praised for its warm and friendly hospitality.

Annual Social Gathering:–

This year, our social gathering took place in the school hall on 18th July. Prefects from various schools were invited to this function which proved to be an enjoyable and memorable evening of fun and good food.

The aim of this function was to foster better understanding between fellow prefects of different schools. There was no doubt that this objective had been achieved judging by the way the guests mixed around.

Among the guests present were our teacher adviser, Mr. K. G. Zacheriah and teachers-Mr. Low Han Boon, Mr. Mrs. Wong Yew Kheng, and her husband, Puan Hanem and her husband.

Junior Prefectorial Board:–

The Junior Prefects, under the assistance and guidance of their adviser, Mr. Ibrahim, did their part of work by maintaining and upholding discipline and order in the lower forms and remove classes.

We would like to thank our adviser, Mr. K. G. Zacheriah, and the Principal, Mr. Kwong Sea Khoon, for their invaluable guidance, assistance and support. The Board also wishes to thank the staff and pupils for their co-operation and also fellow prefects who have sacrificed their precious time and energy to carry out their strenous duties and responsibilities satisfactorily.

Junior Prefectorial Board

Aim:- To uphold and maintain the discipline and good name of the school.

Adviser:- Mr. Ibrahim bin Hussain.

Meetings:- Fortnightly but occasionally 'emergency' meetings were also held.

Membership:- 34

General Duties:- Discipline is maintained by 'gathering' all offenders and sending them to Detention Classes or by giving them public caning. By these methods we managed to bring down the number of offences.

FLAG-DAY DUTY

Members of the Board were involved in selling flags for the Selangor Association for Retarded Children and National Society of St. Vincent De Paul Both projects were very successful.

The Board wishes to express its gratitude and appreciation to its adviser, Mr. Ibrahim bin Hussain for his guidance and assistance. The board also wishes to thank the Principal, Mr. Kwong Sea Khoon, the staff and the pupils of the school for their co-operation.

INSTALLATION OF PREFECTS.

"ON OUR HONOUR, WE PROMISE TO DO OUR BEST, TO DO OUR DUTY WITHOUT FEAR OR FAVOUR, TO UPHOLD AND MAINTAIN THE DISCIPLINE AND GOOD NAME OF THE SCHOOL, TO FOSTER BETTER AND CLOSER RELATIONSHIP WITH THE PRINCIPAL, STAFF AND PUPILS OF THE SCHOOL."

INSTALLATION OF PREFECTS.

On 17th February 1975, the staff and pupils witnessed one of the school's most auspicious and memorable occasions, THE INSTALLATION OF THE 1975 PREFECTORIAL BOARD.

Mr. K. G. Zachariah, in his speech, praised the prefects for their good work and dedication to the task of promoting the good name of the school.

Then the Prefects, led by the school captain, took their oath.

The ceremony reached its climax when the Principal, Mr. Kwong Sea Khoon, presented 25 Senior Prefects from the Form Fives and 19 Junior Prefects from the Form Fours with coloured ribbons bearing the official badges. This was accompanied by loud applause from the pupils and staff.

The school captain, Harry Loo, on behalf of the Prefectorial Board, promised to fulfill the oath taken earlier, thanked the Principal and staff for their co-operation rendered in all aspects, and also encouraged the pupils to co-operate in improving the discipline of the school.

Lim Hwa Teong

Aim:– To encourage interest in the field of aerodynamics and also to promote better and closer relationship among the boys of M.B.S. Sentul.

Meetings:– Weekly.

Membership:– 30

Activities:

Meetings involve discussions, repairing of planes and flying lessons.

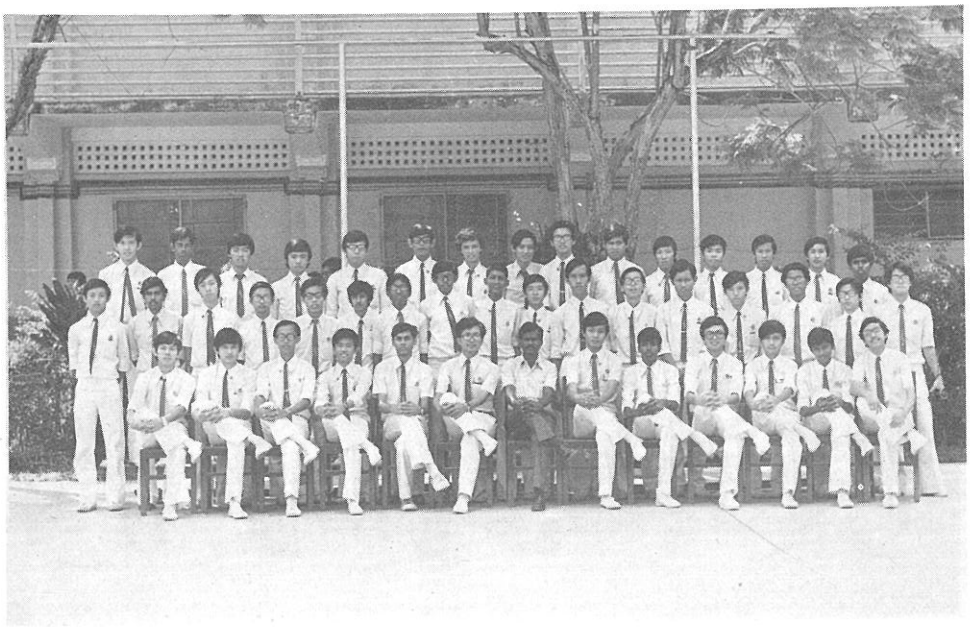

This year, unfortunately, has not been as successful as the previous year due to the lack of interest among the members and also some financial difficulties.

In spite of some technical difficulties, we were able to put up a thrilling display during our annual school sports day on the 31st of May 1975.

The club would like to thank our advisers for their invaluable time and assistance. We hope that in the future there will be more enthusiasm among the members of the club.

Dushwant Rao

Absent: Zainuddin, Tan Beng Teik.

The year 1975 started with the recruitment of Junior Librarians who were placed on probation for a period of one month, About five students from each class were selected as Junior Librarians. During the first term our Librarians also visited other school libraries to learn from them their method of administration. It was from these visits that our library started a section called the Red-Spot section. With the introduction of this new section, Reference books which were in great demand were allowed to be borrowed by students for a period of only one week.

The second term started with a new image for the librarians. We were allowed to wear green shirts together with a new badge which was different from the School badge. The librarians, together with those of St. Mary's School, organised a successful social which was aimed at fostering a closer relationship between the librarians of the two schools. We participated in the Inter-School games, Inter-School Elocution Contest

and the Inter-School Debating Contest which was organised during the course of the second term. Due to inflation, the librarians made their own library cards and sold it to the students at a price of 10 cents each. This year the library spent more than $3,000/= on additional books.

I would like to thank Mr. James Amoz, and the Student Librarians, for their invaluable guidance and assistance.

Theang Kok Keong
(Hon. Secretary).

In Appreciation....

On behalf of the Editorial Board we would like to thank the following for their invaluable assistance in the production of this magazine:

1. The Principal.
2. School Staff.
3. Contributors of Messages and Articles.
4. Office Staff
5. Anthonian Book Store for contributing book prizes in connection with our Peotry And Short Story Writing Competition.
6. Typists Leong Weng Seng, Gan Eng Chai and Theang Kok Keong.
7. Artist Balachantharan.

Sitting (L–R): Theang Kok Keong, Low Kok Bee (Treasurer), Wong Peng Kee (Secretary), Wong Leke Yee (President), Yap Foo Fai, Mr. Andrew James.

Standing (L–R): Leong Hoong Kwong, Yong Chee Hong, Wong Yoke Seong, Yap Swee Hwa.

Aim:– To create interest in keeping and breeding fish.

Meeting:– Weekly on Fridays.

Membership:– 76.

Activities:–

Fishes and accessories are sold to the members at economical rates every Friday. Books about fishes are loaned to the members so as to enrich their knowledge about fishes.

The club premises are kept clean and tidy after each fish sale. I regret to say that our club failedto hold the annual fishing competition this year, due to some unforeseen circumstances. However, the club plans to hold a fish exhibition in the beginningof the third term.

Lastly, on behalf of the club, I would like to express my sincere thanks and gratitude to our adviser, Mr. Andrew James, for his invaluable help and guidance.

Aim:– To develop our artistic skills.

Meetings:– Weekly on Wednesday.

Membership:– 32

Activities:–

In preparation for the exhibition which will be held on the first week of third term we collected drift wood, rare foliage and nature life during our excursions to Kenny Hills. This year the members seem to be keen. They have produced abstract paintings, oil paintings, wood carvings and collage work.

We were given an opportunity to prepare a banner for the School Walkathon held to aise funds for the school and two more banners for the Interschool Science exhibition organised by the Science and Education Department of Selangor and Wilayah Persekutuan. The credit for this goes mostly to the President of the club.

We would like to thank the teacher adviser for her invaluable advice, all the members for their co-operation, and the school for its donations of a room and other equipment.

Wong Kam Chong.
(Hon. Secretary).

CAREER AND GUIDANCE CLUB

Aim : To give guidance on the choosing of carrers.

Advisers : Mr. Ibrahim, Mr. James Amoz, Mr. S.A. Almeida

Meetings : Fortnightly.

Membership : 40 Members.

Activities:

We organised a display of Career Charts on the principal's notice board and also in the Reading Room of the library. We invited people from various fields to give talks on career opportunities of their particular feilds.

Two of our members attended the inter-careers club discussion at Convent Sentul. We were also present at a talk on "How to present yourself at an interview" organised by the Selangor Vocational Guidance Association.

We would like to thank the advisers for their guidance and invaluable help.

Gunasegran R.

Aim:– To promote goodwill and to spread the Gospel of Christ.

Services:– Weekly on Fridays after school.

Activities:–

Speakers from various churches and organisations were invited to preach the Word of the Lord.

We had special services during the "Religious Emphasis Week", from 28th April to 1st May 1975. The theme for this year was "Good News". Inspiring talks were given by Rev. Dr. George Wan, assisted by Rev. Chin and Rev. Eddie Thoraisingham. On the final day, we had a "get together". We said some prayers, there was a singing session, games and also some refreshment.

I would like to thank the Chapel Committee members who have actively participated. We would also like to thank our advisers, for their invaluable guidance and assistance.

"Good news in my affliction, thy promises have brought me life". Psalm 118:50

CIVICS SOCIETY

Seated (L–R): Mrs. G.S. Tan (Adviser), Sze Kwong Yew, R. Gunasegaran (President), Leong Weng Seng, Mrs. Y.K. Wong (Adviser).
Standing (L–R): Chan Hon Seng, Chan Chee Seng, Ashok Lal, Shanmugevel, Eng Thiam Soon.

Aim:– To cultivate civic consciousness among the pupils.

Membership:– 30

Meetings:– Fortnightly on Thursdays.

Activities:–

This year, our activities were limited because the club was started rather late. Nevertheless, we managed to work out some of our plans with the help of our advisers.

On the 24th of April we visited the Malayan Tobacco Co. The response was overwhelming and we had the opportunity to see how cigarettes were made and packed. Similar trips have also been planned to the Rubber Research Institute and Filem Negara, for the latter part of the year.

On behalf of our members, I would like to thank the advisers for their invaluable assistance and guidance.

Sze Kwong Yew
(Secretary)

ELECTRONICS CLUB

Aim:– To cultivate an interest in, and to promote the educational value of electronics among the pupils of the school

Meetings:– Weekly on Thursdays.

Membership:– 43.

Activities:–

We are very thankful and grateful to the school for permitting us to initiate this club. As this club is new and an expensive one to run, we were unable to carry out the activities planned for the first term. However, the President gave educational talks on electronics.

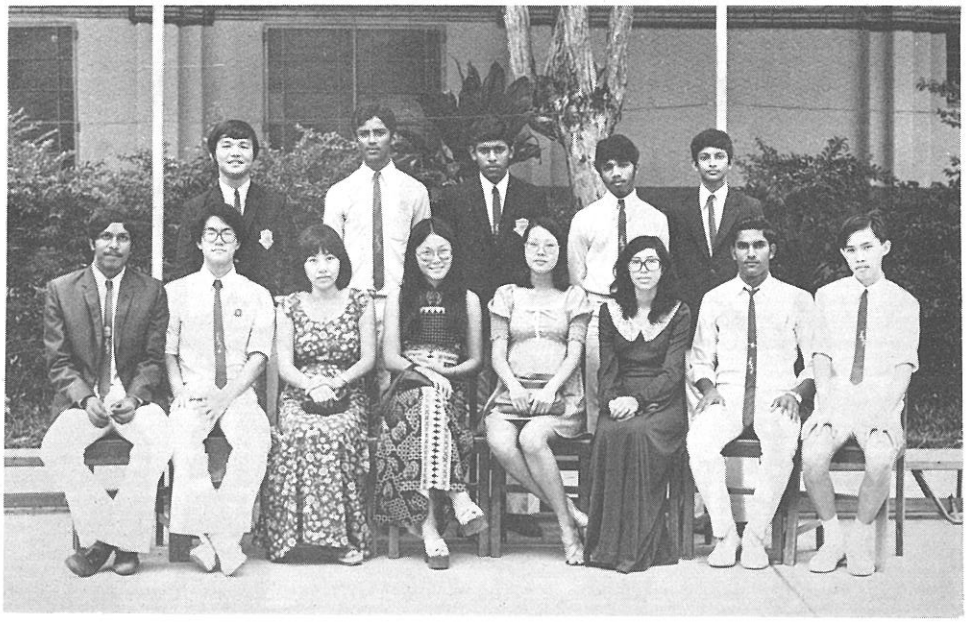

One of our successful projects was the building of a transistor radio receiver. The members were also taught to construct simple gadgets such as electric motors, generators, projectors and alarms.

As our club is quite an expensive one to run, we appeal to donors and sponsors to finance the activities of the club.

In conclusion, I would like to thank the adviser for his invaluable advice.

Balakrishnan C.
(Secretary).

Aim: To discover our latent talents and our weaknessess as well as to understand the needs of others.

Membership: 40

Meetings: Fortnightly.

Activities:

We started our activities by organising an excursion to Filem Negara on 25th July 1975. We plan to have more activities during the 3rd. term. To name a few, we intend to have a Form Four inter-class Football Match, a quiz relating to current affairs. and invite speakers to give talks on social problems like drugs and juvenile delinquency among the youths of today.

On behalf of the society, I would like to thank the teacher advisers for their invaluable help and advice and also the members for their co-operation towards this society.

Alex Fernandez

HERE IS A PUZZLE TO TEASE YOUR BRAIN.

Father and son were boating on a lake on a winter day. As the boat passed by a floa -ting chunk of ice, the son reached out his hands to lift it up from the lake.Unfortunately, the ice slipped from his hands and crashed into the boat, causing it to rock. The father, who was caught off balance by this, accidentally kicked the anchor overboard. The anchor however, was not tied to the rope and it sank irretrievably to the bottom of the lake. At first, the father was furious with the son's caprice which had resulted in the loss of the anchor.

But having an enquiring mind, he soon forgot about the loss and asked himself this question. "Now that the ice is in the baot and the anchor has fallen to the bottom of the lake, will the water level of the lake rise fractionally, remain the same or drop fractionally?"

What do you think is the right answer?

Solution to brain teaser:

In working out the solution, most people are sidetracked by the ice factor which does not influence the water level. Whether the ice is floating on the lake or inside the boat, it displaces the same amount of water.

However, the anchor, being considerably heavier than water, displaces more water when it is in the boat than when it is at the bottom of the lake.

So, when the anchor fell into the lake, the water level dropped fractionally because less water was displaced by it this time.
