Kata-Kata Aluan Dari Pengarah Pelajaran Selangor Dan Wilayah Persekutuan

Saya ucapkan terima kasih kepada Sidang Pengarang Majallah Sekolah Menengah Laki-Laki Methodist, Sentul, Kuala Lumpur kerana saya diberi penghormatan untuk menyumbangkan sepatah dua kata alu-aluan bagi majallah sekolah ini keluaran tahun 1976.

Saya difahamkan bahawa yang sekolah ini diasaskan pada tahun 1936 dan tahun ini adalah merupakan ulang tahun yang ke 40 penubuhannya. Saya percaya dalam masa 40 tahun sekolah ini tentulah telah dapat menempa satu sejarah dan satu tradisi yang boleh dibanggakan. Saya juga difahamkan bahawa sekolah ini telah dapat menghasilkan beberapa orang cerdek pandai yang pada masa ini sangat berjaya didalam lapangan masing-masing. Murid-murid tua yang berjaya ini sudah tentulah menjadi kebanggaan kepada sekolah dan pula dapat memberi inspirasi kepada murid-murid yang ada sekarang untuk menandingi mereka. Alangkah baiknya jika murid-murid tua sekolah ini yang telah berjaya di lapangan hidup mereka dapat sekali sekala melapang-kan masa terjengok muka dan berkenal mesra dengan guru-guru dan murid-murid yang ada di sekolah ini, sekolah yang telah berjasa kepada mereka dahulu.

Murid-murid sekolah ini pula hendaklah sentiasa menjaga nama baik sekolah mereka dengan mempunyai tatatertib yang baik dan bersungguh-sungguh menghadapi pelajaran supaya tidak mengecewakan Ibu-bapa dan guru-guru yang sentiasa menaruh harapan tinggi kepada murid-murid sekelian.

Guru-guru pula hendaklah sentiasa membimbing murid-murid dalam segala aspek kerana sebagai pendidik guru-guru mempunyai tanggungjawab yang berat untuk mendidik murid-murid supaya menjadi warganegara yang berdisiplin, mempunyai taat setia terhadap negara, selain daripada mempunyai pelajaran akademik yang baik.

Ibubapa pula mestilah sentiasa memberi kerjasama yang erat dengan pihak sekolah supaya nilai-nilai yang diamalkan di sekolah tidak bertentangan dengan nilai-nilai yang didapati di rumah.

Akhir kata saya sukalah memberi tahniah kepada semua pihak yang berkenaan bagi menjayakan penerbitan majallah ini.

Message from Mr. Chan Weng Chiu, Chairman, Board of Governors President, Old Boys' Association

It is a joy for me to be able to continue to be of service to my Alma Mater. This is our 40th Year and it is therefore most fitting for us to be grateful to the pioneers who made it possible for a school to be established in Sentul.

The Sentul Methodist Boys' School has grown beyond our dreams of those who first envisaged the establishment of this Institution for the education of the young in this Community. God works wonderfully.

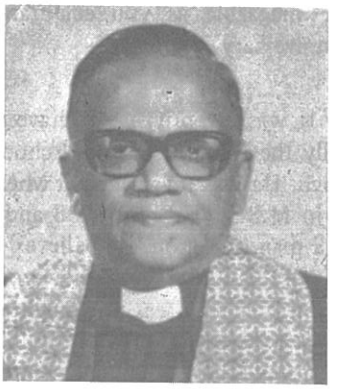

We must consider it a privilege that we have been entrusted with the responsibility of continuing the work started by men of vision in the past. The School must continue to grow in strength so that the noble ideals of the pioneers may become realities.

Soon we shall see the extensions of the Science Block with additional facilities for the teaching of Science subjects. There will also be special classrooms, workshops, a new canteen and even a Lecture Theatre. All these will require a lot of dedication and hard work on the part of everybody concerned and I know our aims will be achieved.

Much has been achieved in the past. Let us all join hands together, not just putting up new buildings but also re-dedicate ourselves in our endeavours to contribute towards the building of a soundly educated and disciplined Community.

Editor's Note: Mr. Chan Weng Chiu, (B. Sc. (Hons.) C. Engin., F.I. Struct. Engin. M.I.C.E., F.I.E.M., F. Asce.) was one of the students in the first batch in this school, enlisted in 1936.

Message from the Bishop:
The Rev. Theodore R. Doraisamy

Education is always idealistic and always futuristic. Education is also a perpetual process.

In my previous two messages I stressed our Methodist heritage and Christian ideals. One editor gave my previous message the engaging title : LIFE'S ABSOLUTE VALUES. And so I would like to share some thoughts on the two other aspects.

Education is perpetual: we have to keep growing always intellectually, socially and spiritually, even when biological growth is arrested. Education opens a wider field for growth because it enables you to use books and other media in which people communicate their best thoughts to evaluate, imitate, emulate and meditate. For example, I am still learning how a meeting can be best conducted under different circumstances.

Education is futuristic: whilst learning is in itself part of life you are being prepared for decades of work and life awaiting you. It is wise therefore to train as assiduoudly and in a disciplined manner as a long-distances runner undergoes his training. Long-term thinking means education of the soul which is the soul of education.

May Jesus Christ who said "I came to give life and that abundantly" be for you an important part of your education for eternal life.

Message from Mr. D.R. Daniel
Hon. Education Secretary
Methodist Schools
West Malaysia

It is indeed a pleasure for me to have been invited to write a short message to your magazine as you celebrate your 40th Anniversary.

It was my privilege to have known personally the founder of your School, Rev. P.L. Peach. He was my principal when I was a pupil in M.B.S., K.L., in 1938 and 1939. He was a man of action. He believed strongly 40 years ago, that academic work was not complete if man was not taught to use his hands in creative effort. He believed that vocational education and moral education were essential to growth and development of man and society. Your School can boast of one of the first wood workshops and metal workshops in Selangor. Over these decades your School has also recorded achievements in Scholarship and Sportmanship.

You can be proud of the achievements of the many Old Boys of your School. It has been my pleasure to have known them and worked with them in various spheres of activity.

Yours is a great heritage. You must prove worthy of your School. Strive for the best in whatever field you've chosen to serve. The great Teacher Jesus said, "You are the salt of the earth,.....you are the light of the world". May you add flavour to life and blaze new trails.

Message from Mr. B.S. Niles
Chairman P.T.A.

It gives me great pleasure to write in your Magazine as Chairman of the Parents Teachers Association on this 40th Anniversary of your school.

It is usual on such occasions to ponder on the past and reflects on the unique achievements of the School. It is pleasant to know that a good number of our Old boys are now playing important roles in the economic and social development of our nation.

At this moment you as present students of the School would like to follow the footsteps of the scholastic achievements of your school mates.

Malaysia is now on the threshold of the 3rd Malaysia Plan and we are facing a great challenge of being fully involved in this progress of the Nation.

As students surely you would not like to be left behind in playing your specific roles in the implementation of this mammoth Development plan.

Your academic achievements will greatly help you to play your part in the development of the nation. Thus you as students have a bright and hopeful future. It all depends on you in the preparation of your career in your school. It calls on you to follow the percepts of Ruku Negara and the dedication, hardwork and determination to do well in your school performance and achieve the highest standard of education.

Thus the development of your individual talents, interest, and motivation, honesty and intergrety are important values which you students should develop. These are opportunities ahead of you. It is up to you to make the best out of these opportunities.

May God bless you all. Thank you.

23 August 1976.

Kuala Lumpur.

Dear Editor,

Thank you for your kind invitation to send you a message for inclusion in your magazine.

The 'Old' School is now 40 years old and I am sure it has made tremendous contribution to Education in Malaysia. It is indeed a School to be proud of.

I would like to use this opportunity to pass a message to the young students. I want to stress the importance in understanding well the fundamentals and basic concepts when learning a subject and not too much of learning by rote. A student who understands the fundamental principles and is able to apply them has begun to acquire mastery of topic. Ensure when you begin to study a subject, now or later on in your life, to look for the key words and principles and make sure you know what they mean and do not cram a whole lot of facts without knowing what it means. Try to correlate the basic principles that you have understood with your surroundings and everyday applications. For example, if you have just learnt the simple Ohm's law in Electricity be curious to know the different electrical resistors that are being used in your school canteen or in your homes.

I would like to thank you again and may I wish all in M.B.S. Sentul the very best.

Yours faithfully,

Ratnalingam

EDITORIAL

"Yesterday is already a dream
and tomorrow is only a vision
Today well-lived makes every yesterday
a dream of happiness
And every tomorrow a vision of hope.."

Days gone by....The year 1976 adds on to the calendar thus marking the 40th year of existence of this school. Certainly, M.B.S. Sentul has evinced progress – a thriving one too!

It should be noted that today's glorified progress of this school has been attributed by yesterday's strong fundamental foundation. We are thankful to the past builders who had laid down their strong foundation. We are just like "leaning against a giant's shoulder". We are also really proud of the 'Old Boys' who are serving the country in the civil and private sector. We live for today to be proud of our past, face the present and hope the best for the future. In short, time is linked-factor. A tiny stream will eventually reach the sea. Progress is done with time and forty years did not seem long for our present achievements. The future's success can only emerge through hardwork and endeavours of all concerned. We have done well in sports most of the time. It is my sincere hope that the same success can be achieved academically.

The gap of the teacher-pupil communication should be bridged. If not, it is just like a pebble tossed into a pool of stagnant water – ripples spreading wider and wider. Therefore, mutual understanding compromising and sharing are the main elements to be considered for a better relationship. Comprehension takes time. It has been said that:

"A bell is not a bell until you ring it,
A song is not a song until you sing it".

Understanding should be worked on by both sides. It is up to the individual to take the initiative while the other responses. Students and teachers should have that feeling of a 'closely-knit' family. All the facilities exist. It is up to us to make use of them and achieve the success we dream of.

Last of all I would like to take this opportunity to thank everyone–teachers, principal and students–for their full guidance and advice in my acquaintance with them in M.B.S. Sentul, reminiscences of which I will always treasure and cherish. This little poem which I am going to write concerns us, school-leavers, our relationship with M.B.S. Sentul and the moments worth remembering:

The radiant light of life
touched a young seedling that grew,
spread full its leaves
receiving the illuminations of a new
BEGINNING.
Strong storms, winds and rain
deters the growth of this young tree;
slowly...painfully, it survived
to taste the life....EXPERIENCING.
Growing....strengthening
surging,..branching–PROGRESSING.
Now that the tree has grown
to the future it has been prepared for
facing the world with courage and
strength
Only to thank the light of life.....

CAPTAIN'S MESSAGE

TEH ONN SENG
SCHOOL CAPTAIN – 1976

A year of interesting reminiscences and experiences. A year short yet instructive and trying. A typical year to others but significant to the many faced with their last year in school. Eleven years of M.B.S. experience and finally the day is near. It seems almost too soon while our last ties with school are severed. It takes little effort to recall what M.B.S. is and what it has meant to us.

On M.B.S. discipline, I had high ideals at the beginning. Some could be and were realised. In this, we have to thank Mr. James Amoz in his capacity as Prefect and Discipline Master and also members of the Prefectorial Board for giving me their full support during this one year of Captain-Ship.

Before I express my gratitude to members of the teaching staff who have been of such great help to me, I have a confession to make. The Prefects have at times been unable to carry out your requests, simply because of academic pressure and the burden of responsibility especially in troubled times and difficult circumstances. We hope that you will understand our situation and that there would be closer cooperation in the future.

And finally, my gratitude goes to the school, that has done so much for me in the academic field as well as in the field of extra-mural activities. In this I know I speak not only for myself but also for the many others who have gone through the M.B.S experience. Remember the school 's motto 'ORA ET LABORA' meant 'PRAY AND WORK'.

FORWARD – M.B.S. MAY GOD BLESS YOU ALL.

TEACHER'S DAY 1976

The Teacher's Day this year was celebrated on the 17th of May and it was indeed a memorable one.

The day started off with an assembly in which Cikgu Satari read the speech by the Honourable Education Minister followed by one of his own on the theme of this special day.

Immediately after this, teachers as well as boys prepared for the various games which had all been previously arranged.

The school hall was filled with crowds of boys as they watched their teachers having it out with the school players in both badminton and table-tennis. The basketball court and volleyball court were busy with their own games in which both teachers and boys participated. The finals of the Inter-House games were all played after this.

While the men teachers were busy in the courts, the lady teachers did not keep themselves idle and both the Form 4E and 5E classrooms were occupied by them, playing chess, draughts, carrom and other sorts of indoor games. Here again the teachers either paired up with or played against the school boys. Because of the occasional bursts of laughters and shouts from both the teachers and boys, it was obvious that they were enjoying themselves.

Not all students were involved in playing or spectating. So some of the classes had their own class party in which their own class teacher were treated as the guest. Some teachers took this day as an opportunity to get to know their students better and so settled down for various kinds of 'pep-talks'.

At around 10.30 a.m., the teachers were entertained to a concert in the school hall organised by the LADS. The LADS choose a representative who thanked the teachers on behalf of the students for their part in bringing us up.

The concert, though a short one, was a very good and entertaining one. The highlights of the show was a silat demonstration and a magic show by our own 'Merlin'.

This was the scene in school until at about 11.45 a.m. when the school dismissal bell rang which brought an end to yet another of the memorable days of the school.

M.B.S. SENTUL SPEECH DAY 22.7.76

(Speech By Mr. Kwong Sea Khoon)

Looking back, I find that my connection with this school began in the year 1942. Our country, then known as Malaya, was under Japanese occupation and this school was at that time known by the name of "Sentul Gakko". ("Gakko" is a Japanese word meaning "school"). It was then taht I had the privilege of serving under Mr. Lim Chin Kheng, who was then the Principal; and, among the staff members were Mr. Ma Lo Kah, Mr. W. Dudley, Mr. Vallipuram from the Victoria Institution, Mr. Wong Peng Wah and Mr. Choong Wan Chun from the Batu Road English School, Mr. Llyod Jayatilaka from the Methodist Boys' School, Kuala Lumpur, and Mr. Nagalingam, former Principal of the Prince of Wales Institution. Sad to say, all the above-named, except Mr. Lim Chin Kheng and Mr. Ma Lo Kah, have passed away. Well, II suppose it won't be long before I shall be in their company once again.

The medium of instruction in schools during the Japanese occupation was the Japanese language, otherwise known as Nippon-go. Teachers had to study Nippon-go and teach it to their pupils. As some pupils had the opportunity of getting acquainted with Japanese soldiers, and being young, could learn a new language faster than the elderly teachers, it was, therefore, not strange to find some pupils speaking Nippon-go more proficiently than their teachers. Fortunately, being young then, I had no difficulty in learning the language. Two of my outstanding pupils, whom I remember well, were named Jegaraj and Calistus. Mr. Jegaraj is now a prominent engineer in the Public Works Department; but what and where Mr. Calistus is now, I have not the faintest idea.

When World War II ended in 1945, I joined the staff of the Anglo-Chinese School, Malacca, where I taught until 1950. In 1951 I came back to M.B.S. Sentul, where I served until my retirement on 5th January this year. So in all, I have served 28 years in this school. When I came back in 1951 there were only 12 classes, ranging from Std. I to Std. VI . The late J.A.P. Oswald was the Principal then. and there were only 17 teachers in the staff. The enrolment of the school being no more than 400, the teachers had no difficulty in getting to know almost every pupil well.

I remember when a fun fair was organised in those days all the pupils and teachers threw their entire weight behind the project and worked at it with great enthusiasm. Even the parents gave their support unstintingly. Some of my happiest hours were spent in the company of Mr. A.G. Lee and Mr. W. David when we visited the homes of our pupils and were welcomed by their parents who gladly gave their contributions in cash or kind for the fun fair.

I have seen the school grow under the headship of Rev. J.A.P. Oswald, Mr. K.V. Thaver, Mr. Kok Ah Too and then myself, from a small beginning of only 8 classrooms to what it is now. It gives me great satisfaction to know that many old boys of mine are very successful citizens in various walks of life today. Often, in public, I find and old boy coming up to me to shake my hand and ask, 'Sir, do you remember me?' More often than not I could not remember his name, although his face may look familiar. Nevertheless, I always feel happy to renew acquaintance with him and it is occasions like these that bring me great joy.

This is the largest secondary school in Sentul and since the beginning of the year I have noticed that it has been spruced up. But size and appearance alone do not make a good school. In these days of examinations-orientated outlook a school is judged by the results it produces in the LCE and MCE examinations. This is where the pupils must play their part well. The pupils must realize that if they do not have the inclination to study hard and the determination to succeed in the examinations. no matter how much time their teachers devote to them or how much money their parents can pay for their private tuition, the school will not produce good results. The reputation of the school lies not so much in the hands of the teachers as in the hands of the pupils themselves.

As I hand over the management of the school to my successor I look back with thankfulness to the Methodist Church for the opportunity given to me to serve as Principal in this school for the past 16 years. Whatever was accomplished in this school has been made possible with the co-operation and assistance of the staff and pupils, as well as parents, old boys and well-wishers. It is my earnest hope that the school will maintain a reputation worthy of the Church it represents and keep on producing useful citizens for the country.

Kwong Sea Khoon.

During the course of the year the following members of the staff left the service:–

(i) Encik Kwong Sea Khoon who joined the school on 2nd March, 1951 as a senior Teacher and Subsequently took over headship of the School in May 1960, opted to retire with effect from 4th January, 1976. The pupils and staff of the School organised special functions to bid farewell to Mr. Kwong who spent the best years of his teaching career in the service of this school and held its reins for 16 years Posterity will remember with gratitude the contributions of Mr. Kwong for the growth of the school during his term of office.

(ii) Mr. William David, Supervisor of the Afternoon Session, retired on 10th May, 1976. Mr. David commenced his teaching career in M.B.S..Sentul on 1st November, 1945, and rendered his full, loyal and dedicated service to the school until his retirement. Fitting farewell functions in his honour were organised by the staff and pupils.

(iii) Mr. S.A. Almeida, who joined the staff of the School in January, 1975 left on optional retirement with effect from11st June, 1976 to join the more lucrative legal profession.

(iv) Puan Tang Kim Siw, our Senior English Teacher was transferred on secondment to the Curriculum Development Centre with effect from 1st June, 1976.

(v) Encik Tay Ken Hoo resigned on 1st June, 1976 to pursue his Diploma in Education course at the University of Malaya.

We welcomed the following new teachers during the course of the year:–

En. Ragbir Singh B.A.	Puan Ehsan Safina bt. A. Rahman (B.A. (Hons)
En. G. Nithianathan	Cik Sim Beng Looi (B. Sc. (Hons.)
En. Chan Chee Man	Puan Kalsom bt. Ismail B.A. (Hons.)
Puan Kirpal Singh B.A. (Hons.)	En. Lim Kee Yek B. Sc.
En. Philip Lee	Cik Rajinder Kaur
Cik Chitra Devi	En. Jeyaseelan.

NUMBER OF CLASSES & ENROLMENT As on 30th June, 1976 we had a total enrolment of 1436 pupils made up of 284 Malays, 627 Chinese, 518 Indians and 7 others.

As in the past year the School is running two sessions with 17 classes in the morning and 18 classes in the afternoon. There are two Remove classes, 8 classes each in Form I and II, 7 in Form III and 5 each in Forms 4 and 5.

SCHOOL EXAMINATIONS:– In addition to regular monthly tests we have planned to hold two school examinations for every class. We teachers as educators, would like to get better and fuller involvement of the parents in the education process of their children entrusted to our care. With this objective the parents were invited to visit the School to meet the class teachers to establish a rapport and to sign the Report Books. The response from the parents has been fairly encouraging. It is hoped that more parents will response in the future!.

Special Tuition Classes Sponsored By The Department Of Social Welfare:

Special Tuition classes in Bahasa Malaysia for M.C.E. candidates and in Mathematics, Science and Bahasa Malaysia for L.C.E. candidates were organised this year with the financial assistance from the Department of Social Welfare. These classes are held on Saturday afternoons. It is hoped that needy boys who are weak in these subjects will benefit by these classes.

STUDENTS' WELFARE FUND:– A small committee of teachers headed by Mr. Lee Hung Yen was responsible for managing the Welfare Fund. A total of $1,554.27 was raised by way of donation from teachers, pupils and well-wishers. 10 boys in L.C.E. classes and 29 boys in M.C.E. classes received a total sum of $1,377.60 from this Fund as financial assistance to pay their examination fees. We are grateful to all the donors especially the members of the St. Thomas Church, Kuala Lumpur, the Rotary Club of Gombak for their donation of $450/– and Master Soh Cheong Boon of Form 4E for his donation of $120/–

COURSES OF STUDY:–

(i) We introduced the teaching of Modern Mathematics in Form I classes this year.

(ii) The medium of instruction for all subject in Form I this year is Bahasa Malaysia.

(iii) History and Geography in Form IV classes are taught in Bahasa Malaysia with effect from January, 1976.

Five Teachers attended the course for teaching of Modern Mathematics; Four teachers are attending vacation courses for proficiency in Bahasa Malaysia. These courses are run by the Ministry of Education.

DISCIPLINE BOARD:– With a view to dealing with discipline problems a Board consisting of Form Supervisors and a few senior teachers was formed at the beginning of this year. The Board met periodically to deal with offenderd who were "summoned" to appear before the Board. En. James Amoz the School Discipline Master, served as the convener of the Discipline Board.

ANTISMOKING CAMPAIGN:– Our boys took part in this campaign. We are grateful to En. Thomas Oommen from the Ministry of Health for his very informative talk in this connection.

SCOUTS BAND:– The official passing-out parade of the Scouts Band consisting of 33 scouts from the 12th K.L. Scouts Group based in our School was held on 3rd April, 1976. Among those present to witness the function were the Chairman, Board of Governors, member of the Old Boys' Association. The Chief Commisioner of Boy Scouts, the Patron of the Scouts Group Y.B. Senator Ibrahim Haji Yaacob, the Chairman of the P.T.A. Mr. Benjamin Niles and a good number of parents.

ATHLETICS: (i) The Annual School Cross Country race was run off on 27th March. Green House captured the Championship with White House as the runner-up.

(ii) The Annual School Sports Meet was held on 29th May. Red House became the Champions with Yellow House as runner-up.

(iii) Krishnasamy, Durairazy, Ganesan and Murugan represented Wilayah Persekutuan in the State Cross-Country Meet at Kajang.

(iv) Krishnasamy of Form 5A was the most outstanding athlete of the School for the Current year. He won the following prizes:–

Event	EVENT	PLACE	POSITION
(a)	UMNO X country	Lake Garden	1st
(b)	MSSS X country	Lake Garden	2nd
(c)	MSSS X country	District Kajang	2nd
(d)	MSSS W/Persekutuan 3000 m.	Merdeka Stadium	2nd
(e)	MSSS W/Persekutuan 5000 m.	Merdeka Stadium	3rd.

He also represented the state in athletics. For his outstanding performance the School awarded him a Track Suit Top.

(v) **VOLLEYBALL:–** The School Under 18 team emerged as champion for the W/Persekutuan Tournament. The team was runner-up in the State Tournament. Four players, namely, Lim Lean Huat, Ng Soon Keat, Low Kim Chooi and Soo Choy Boon represented the State at the Volleyball tournament held in Seremban during the April holidays. For their outstanding performance in the torunament the School subsidised the purchase of track suit tops for the team.

(vi) **SOCCER:–** Durirazi of Form 5D represented the State team at Alor Star during the April vacation In recognition of this achievement the School gave him a subsidy for the purchase of a pair of football boots.

(vii) **HOCKEY:–**Bhupinder Singh was awarded a state Hockey Scholarship of $150/– for his outstanding performances in the State team last year.

(viii) **DUDLEY SHIELD COMPETITION:–** This year the School retained the trophy. The School won in Volleyball, Badminton, Chess, Hockey and Table-Tennis.

THE MALAY MAIL BIG WALK:– About 120 boys took part in the walk. Stanley Sagayanathan of Form Four won the Challenge Trophy for best performance.

CHAIRS FOR THE HALL:– I wish to thank the members of the staff, present boys and Old Boys who made generous donations for buying chairs for the school hall. We bought nearly 100 chairs this month and more are expected.

.S SENTUL

ITS OF THE SCHOOL

ol was declared open on February the 10th 1936. During the Japanese on, the school's name was changed to 'Sentul Gakko'.

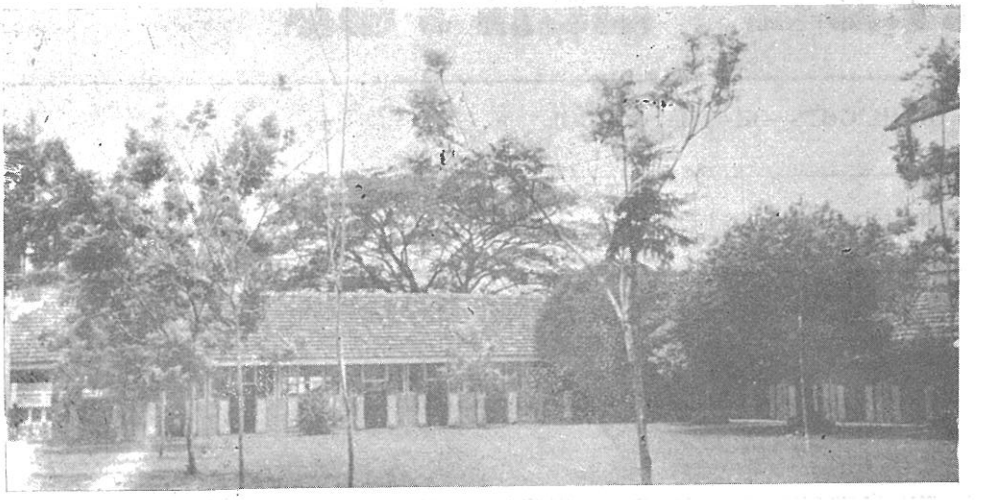

The school building (two additional classrooms) was opened in 1951

The Science block (Lab. 1) was opened in 1952.

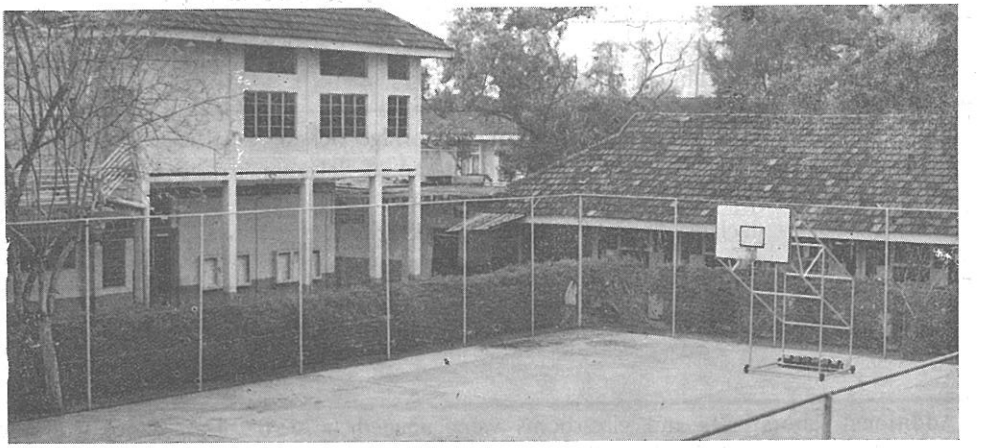

The school produced the first batch of Cambridge School Certificate Examination Students in 1954. His Royal Highness, the Sultan of Selangor arrived to declare open the building in 1955. (i. e. present Secondary Block). On 1.11.1957, Yang Berhormat Enche Khir Johari declares open the School Workshops.

Additional laboratories and classrooms were opened in 1962. The school won the Vanderholt Trophy in Cricket. The Cambridge School Certificate Examination Result: It was the best of the Methodist Schools in the State and the third best school in the state in 1961. In 1963, our soccer team won the Khir Johari Cup after beating St. Johns in the finals. In 1964, Rev. Preston L. Peach came back from America to visit our school and this started the Peach Scholarship. Mr. Ratnalingam – an old boy of this school was the first Malaysian Rhodes Scholar on 28th July 1966. In 1973, our volley - ball school team for Under-18 won the Selangor Championship. We organised a Walkathon in the same year with the cooperation of the staff, our boys and the public. 1975 saw the retiring of one of the oldest teachers, Mr. A.G. Lee, the afternoon session supervisor.

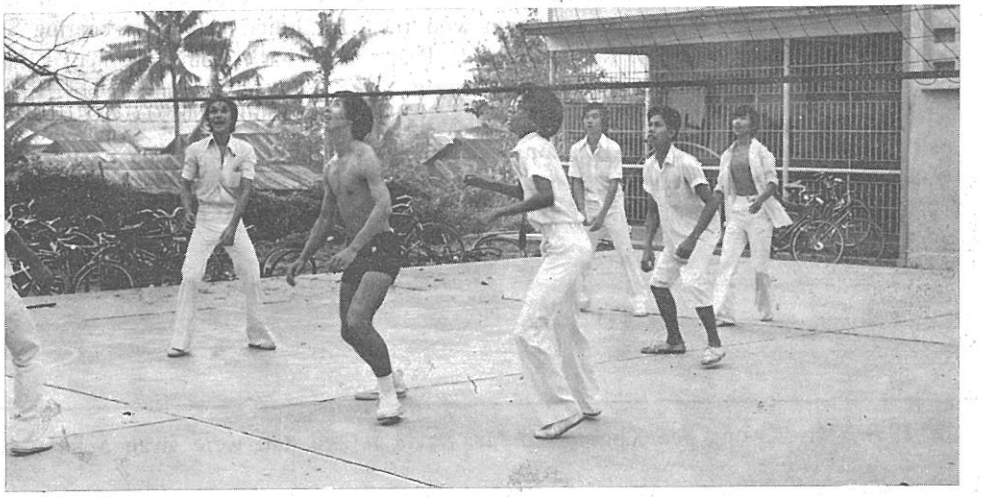

In 1976, Mr. Kwong Sea Khoon and Mr. David retired and were given a farewell.

Classrooms in 1954

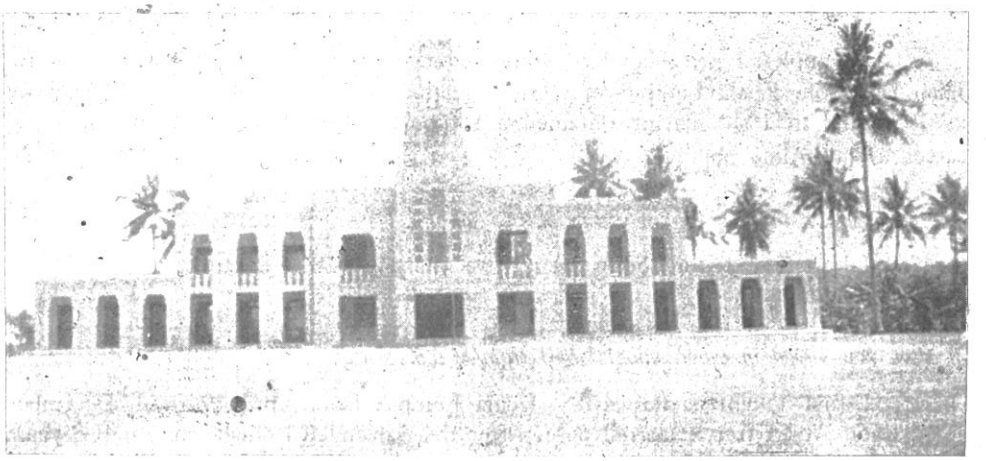

The cement Basketball and Tennis Court

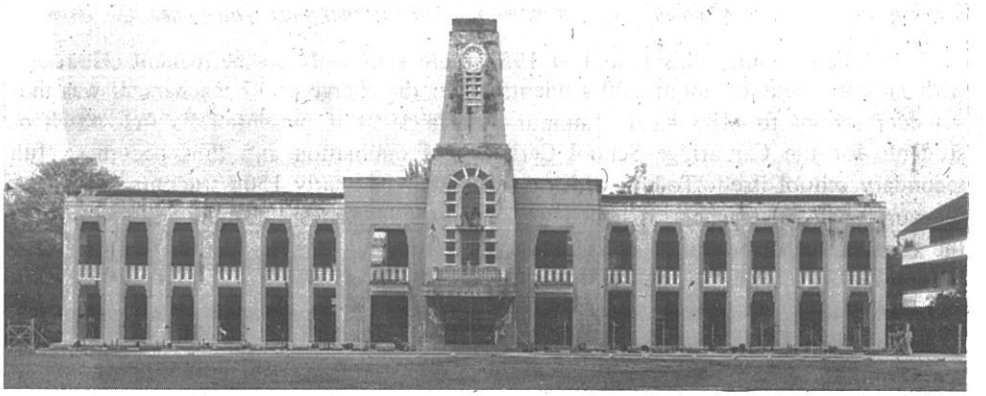

The school volleyball court which also includes a Sepak Takraw court.

DEVELOPES

(1939) the first concrete classroom block of M.B.S. Sentul.

Two additional classrooms were added to this block

The new 'Science Block' where the Chemistry, Biology and Integrated Science Laboratories are located.

GOING DOWN MEMORY LANE WITH MR. KWONG SEA KHOON

1) Where were you educated?

I completed my secondary school education at the Methodist Boys' School, Jalan Davidson, Kuala Lumpur in 1935. I graduated from Raffles College,Singapore, in 1939 and in 1940, having obtained a Diploma in Education began my teaching career at my Alma Mater.

2) How many years have you served in M.B.S. Sentul?

I have served for about twenty-five years in M.B.S. Sentul from 2nd March 1951 to 4th January 1976.

3) Have you served in other schools apart from M.B.S. Sentul?

I first taught at the M.B.S. Kuala Lumpur from April 1940 till December 1941 when World War II started here. After the war ended I taught for about 5 years at the Anglo-Chinese School, Malacca, before joining the M.B.S. Sentul.

4) What important developments have you seen in this school since you joined the service?

When I joined this school in 1951 there were only six permanent classrooms with an enrolment of about 400 students under the charge of 17 teachers. It was then a feeder school to MBS Kuala Lumpur, but in 1954 it presented its first batch of students for the Cambridge School Certificate Examination and thus become a full secondary school itself. Today, with an enrolment of nearly 1500 students and a staff of more than 50 teachers, it had developed into the largest secondary school serving the community of Sentul.

5) In what ways have students changed in their attitudes, etc, in comparison to students of say 20 years? Or is there no significant change?

Students of 20 years ago were very obedient. They looked upon their teachers as their guide and mentor and showed them great respect. Cases of truancy were rare as students took pride in maintaining a regular attendance. Students of today are more independent in spirit and outlook. They seem less dependent on their teachers for guidance as they are more capable of doing their work on their own,which, I think, is a good thing.

6) What are some of your most precious moments associated with M.B.S. Sentul?

a) When I visited the homes of several students of the school in the company of Mr. A.G. Lee and Mr. William David when I first joined the staff in 1951, to solicit donations for the school fun fair. We were welcomed at every home we visited and such visits also gave me an insight of the home background of my students.

b) When the school presented its first batch of students for the Cambridge School Certificate Examination in 1954, good results were obtained.

c) The year 1961: (i) when we received the School Certificate results of the 1960

batch of students and found that our school came off best in the state, and I was congratulated by the late Rev. Ralph Kesselring who was then the Education Secretary of Methodist Schools.

(ii) when our school Cricket Team beat that of St. John's Institution by an innings and nine runs in the final to win the Vanderholt Trophy for the sceond time under the able guidance of the late E.T.D. Noah, who was the cricket master; and

(iii)to top it all 1961 was the Silver Jubilee of our school.

d) The year 1963, when our school Soccer Team, under the dedicated coaching of Mr. J.N. Singam, won the much coveted Khir Johari Cup by defeating the Victoria Institution 2 goals to 1 in the final, and, after the match at the Merdeka Stadium, had the honour of taking a photograph with Encik Khir Johari, who was then the Minister for Education.

e) The year 1964, when the late Rev. Preston L. Peach, founder of our school, came from the United States, to make a trip down memoery lane, and visited our school.

f) The year 1975, when I had the pleasure of participating in the company of participating in the company of Mr. K.G. Zachariah, Mr. Lee Hung Yen, Mr. James Amoz, Mr. Low Han Bon and over a thousand students in the Walkathon to raise funds for the school.

g) And last but not least, the wonderful send-off and gifts I was given by the school on my retirement in 1976.

7) What are your plans for the future?

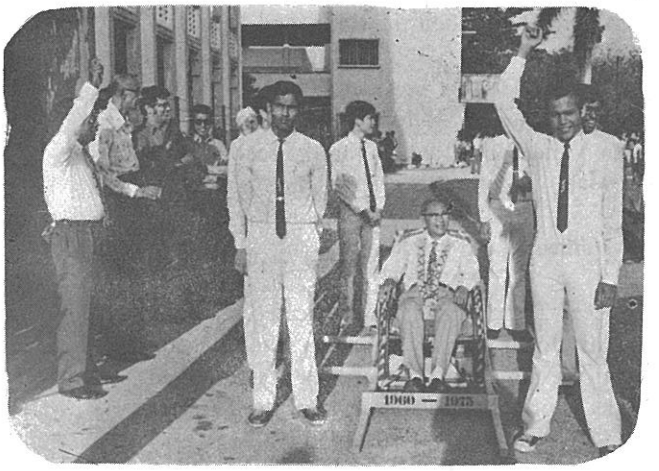

Right now I am enjoying my retirement and taking things easy and doing a lot of reading. I have no definite plans for the future.

8) Is there any final message you would like to give to our present pupils?

Yes, study hard, take an active interest in extra-curricular activities develop a good character and maintain a good reputaion for the school.

The Editor,
Editorial Board,
M.B.S. (Sec.),
Sentul.

Dear Editor,

Thank you for your letter dated 23rd July, 1976, requesting me to answer some questions for inclusion in your School Magazine 'The Sentinel'.

My answers are given below.

1) Your first question is a very good one and I am sure you expect me to say that I studied in a Methodist school because of my having been attached to this school and to the Methodist Church for a long time. Not so. I had my early education in a Private school known as Peneul English School situated in a shop house near the present Sentul Theatre. When I was about 7½ years old I was taken to the M.B.S.K.L. for admission into a Primary Two class but there was no vacancy. So we tried the Maxwell School. Here again I drew a blank. However the Head Mistress one Miss Cook interviewed me and felt that I would be able to fit into a Std. One class (3rd, school year), I studied in this school from 1929 until 1933. – Std, One to Std. Five –. In 1933 I sat for an entrance exam and qualified for a place at the Victoria Institution. I studied here until 1937. In 1936 I sat for the Cambridge Junior Certificate examination and passed. In 1937 I sat and got through the Cambridge Senior Certificate examination.

2) I served this school from 1st November 1945 until my retirement in May 1976, a little more than three decades.

3) No.

4) Developments there have been many. To mention a few:–

a) More buildings have sprung up. There are two schools (since 1957) where there was only one.

b) The pupil population has increased by about 5 times since I started teaching.

c) Facilities for study such as the two room Library, Additional Science Laboratories, Teaching Aids, Audio Visual Aids etc. have been incorporated.

d) Out-door games facilities have been increased such as the Volleyball court and the Basket-ball court.

e) Our Staff Room has been renovated and extended for the ever increasing number of teachers.

f) The introduction of youth activities that prepare pupils to face the world of tomorrow e.g. the Scout movement, the Boys' Bridgade, the Red Cresent, the St. John's Ambulance, the various othersocieties etc.

5) Attitudes have changed in more ways than one, such as towards guidance obedience, their work and in expression of their views.

6) Present day pupils wish to act independently. They do not like to be told what to do or what not to do, whereas pupils of 20 years ago accepted guidance from teachers.

Today pupils are loathe to accept anything without first questioning it. Implicit obedience was accepted as a rule two decades ago.

Today's pupils are bolder and do not hesitate to question authority. They express their opinions in no uncertain terms whereas those of earlier years dared not express theirs even if they did have any.

Nowadays pupils do not respect teachers especially those who do not come into direct contact with them. Twenty years back pupils gave all teachers their due respects.

7) As far as teachers are concerned I should say there has been no significant changes. They are still a dedicated lot.

8) I cannot pick out my most precious memories associated with the M.B.S. Sentul for the simple reason that life in this school was very enjoyable from my first day to my last day in school. However I wish to mention two things that I shall never forget all my life. (a) The co-operation given me by one and all in the school throughout my teaching career and (b) The very grand Farewell Send-off given me by the H.M. the staff, the pupils and old boys.

9) I thank the Almighty for the good health He has given me. In order to keep fit I am at present working in the F.I.T. (Federal Institute of Technology) as an Administrator in the Electrical and Electronic Department.

10) To the present pupils I say Believe in God. Put into practice the principles of your religion. Work hard, work with sincerity and I am sure you'll not only be successful in life but you'll also have that Eternal Peace which everyone searches for.

REFLECTIONS

(By Mr. William David)

When I sit back and reminise about my early days, I really wonder how time has flown. Including my Railways days I have been working for a period of thirty-eight years.

I began my career in July 1939 by joining the Malayan Railways (formerly known as the F.M.S. Railways) as an Apprenctice Electrician. Later I was promoted to Electrical Fitter and continued working during the war years until the end of the Japanese Occupation.

With the British re-occupation in the later part of 1945 there was the thirst for education and that was when I decided to change my career.

From here on I shall try to recollect my days as a teacher under the various Heads.

At this time schools were being re-organised and there was an urgent need for teachers. The late Mr. William Dudley was given the task of re-organising the Methodist Boys' Primary School in Sentul and I was one of those recruited. Another who joined with me on November 1st 1945 and who stuck on till he retired was Mr. Arthur G. Lee, P.J.K. I can still picture this man in his full suit with hat cycling on his 24 inch silvery bicycle all the way from Sungei Besi Road - Colonialism at its height depicted.

Mr. Dudley had a tough job ahead of him i.e. to get the school going. One thing that he did and which I can never forget was the way he went about getting our playing field back to shape. The field during the war years had been paved with granite stones. Certain areas too had been cemented for parking armoured cars, lorries, etc. With the help of the pupils who worked like ants, he gradually got rid of these obstructions and the field was ready for use.

In January 1946 Mr. Lim Chin Kheng a veteran teacher was appointed Headmaster. He was one who gave us a lot of encouragement espceially at the time when we knew nothing about teaching. During his term of office there was an increase in the intake of pupils resulting in a shortage of classrooms and I was one of those unfortunate ones who had to teach under a tree in the open air.

Mr. Lim left the school to join Government Service and Mr. William Dudley took over the school again as Acting Headmaster.

In January 1948 the late Mr. T.K. Cheong was posted as Headmaster. He left our school after two years. He carried out his duties in a very business-like manner. It was no wonder that he was always seen carrying with him a salesmanlike bag and walking very briskly. During Mr. Cheong's time a block of temporary huts was put up adjoining the Government Tamil School playground. This was a gift from the Railway authorities.

In 1950 the late Mr. J.A.P. Oswald took over as Headmaster when the M.B.S. Sentul was still a Feeder to the Methodist Boys' School, Kuala Lumpur. At the end of 1950 the K.L school was unable to provide places for all our pupils who were promoted to Standard Six. Mr. Oswald took up the challenge and started expanding the school. By 1951 he had added two classrooms to the Tower Block and a Science Laboratory just above the Staff Room. In 1952 six semi-permanent classrooms were put up providing more room for more pupils.

Not only did Mr. Oswald take a keen interest in providing accomodation, he was also trying his best to improve the sports and extra-curricular activities of the school. With the co-operation of a tin-mining company, he almost succeeded in filling the deep valley (beside the existing field) to that of the present field level but unfortunately the result was the formation of 'Lake Oswald' which later claimed one life. This school will never forget him because of his fore-sightedness.

Next in line was Mr. K.V. Thaver who followed in the footsteps of his predecessor. He got rid of the temporary attap block and in its place put up an imposing building of twelve classrooms, an office, a library etc. This man was also responsible for obtaining the grant from the Government ot build a workshop for which equipment and machinery were supplied under the Colombo Plan Scheme.

Mr. Thaver was a serious but kind man. One could always know when he was angry. This would be when he looked at you over the rim of his spectacles and growled. He retired in 1957 after serving the school for more than five eventful years. The first group of pupils to sit for the Cambridge School Leaving Certificate was during this period.

Mr. Kok Ah Too's period of leadership was short – about two years. He resigned to go into the share-market business in early 1960.

The next Princiapl was Mr. Kwong Sea Khoon – an unassuming person who headed the school for a record period of 16 years. These years saw much progress. A new block of 4 classrooms and a Science Laboratory were built. The staff room was renovated and made more spacious. A concrete volley-ball cum sepak-raga court and a concrete basket-ball cum tennis court were made. The pupil population of our school almost doubled and in 1970 an afternoon session for the Lower Secondary was introduced. Progress was also seen in the field of sports.

Just before my retirement I had the opportunity of serving Mr. K.G; Zachariah the present Head who is doing his best for the pupils and teachers of this school. I wish Mr. Zachariah and his team of teachers every success in all that they undertake.

In concluison I wish to state that I have had no regrets having been a teacher for more than 30 years. In fact, life in this school was very enjoyable because I have had the co-operation of everyone young and old. The numerous pupils who have gone through my hands were truly sincere in whatever they did – though occasionally I had to use the Rod on some of them. There is ample proof to what I say because whenever old pupils whom I can't recognise bump into me they extend their greetings with sincerity. Then we talk about their days in school and their fears and respects for us. This in itself is reward enough for a humble schoolmaster like me.

KERANA DOANYA

Dari tadi aku hanya menunggu masa yang agak baik untuk meluahkan maksudku pada ayah dan ibu untuk keluar bersama-sama Aida pada hari ini. Hari ini aku tidak kemana-mana dan tidak ada kerja sekolah yang mesti aku habiskan. Kami sekeluarga sedang minum pagi girang menyanyi bagaikan tahu bagaimana gembiranya hatiku.

Ayah masih lagi membaca suratkhabar. Sudah menjadi kelazimannya tiap-tiap pagi. Ibu pula sedang menyapu mentega pada roti bakar yang telah siap bersaji di hadapan ku.

"Bu, Mus nak keluar hari ini." Mataku tertumpu pada tajuk berita di surat-khabar 'MASAALAH DADAH DI KALANGAN KANAK–KANAK SEKOLAH.'

"Kau ni Mus asyik sangat nak keluar, takkah kau boleh duduk di rumah dan membaca buku-buku kau? Kan periksa dah dekat! "Ibu memarahiku sedangkan tangannya maseh pada roti yang akan di taroh mentega.

"Mus hanya kerumah Aida sekejap." Balasku, inginkan simpati dari ibu. Ibu tahu yang aku berkawan dengan Aida tapi dia tak tahu bagaimana sayangnya aku pada Aida.

"Balik-balik soal Aida yang kau bincangkan. Adakah dia yang akan menolong kau kalau kau tidak lulus nanti?" Tiba-tiba aku teringat pada Aida. Bagaimana mula-mula dulu dia ku temui apabila dia menjemput adiknya sekolah dua tahun yang lepas.

"Saudara, boleh saya tahu di mana tingkatan lima sains?" tanyanya padaku. Itulah kata-kata yang pertama darinya. Aku tidak dapat bercakap. Aku sendiri hairan yang aku tidak boleh mengeluarkan perkataan dari mulutku. Aku hanya menunjukkan saja di mana tingkatan lima itu. Dia mengucapkan ribuan terimakasih sebelum pergi tapi sekali lagi aku tidak dapat menyambut kata-katanya. Aku hanya memerhatikan dia pergi. Dua hari kemudian dia datang lagi mengatakan yang adiknya tidak dapat datang ke sekolah dan menyuruh aku menyampaikan surat pada guru tingkatan adiknya itu. Aku tidak tahu yang tiba-tiba mulutku dapat menyatakan sesuatu padanya.

"Boleh saya melihat adik saudari?" tanya ku terus terang.

"Boleh,apa salahnya," balasnya dengan hormat sekali. Lepas sekolah pada hari itu aku terus kerumahnya dan itulah pertama kali aku dapat memerhatikan keadaan hidupnya. Aida hanya anak seorang kerani di pejabat tanah di Kuala Lumpur. Tiba-tiba lamunanku terhenti apabila aku mendengar ayah memanggil namaku.

"Mus, ayah benarkan kau pergi tapi jangan balik terlalu lewat," ayahku menyatakan keizinannya sambil dia menghirup kopi panas. Aku segera berlari ke bilikku dan keluar sebentar kemudian. Aku mengambil satu bungkusan kecil dari dalam mejaku dan aku masukkan ke dalam beg sandangku.

Aku mengeluarkan motosikal ku dan burung kesayanganku begitu girang

sekali apabila aku lalu di bawahnya. Aku menunggang dengan penuh harapan untuk menemui Aida. Pada hari itu aku membawa Aida bersiar-siar di sekitar Kuala Lumpur sehingga Aida mencadangkan untuk ke taman bunga.

"Aku harap kau berjaya Mus," kata Aida

"Aku akan tetap berjaya kalau kau yang menjadi gurunya," balasku sambil mencubit hidungnya yang mancung itu. Kami ketawa seketika.

"Mus, tidakkah orang tua mu melarang persahabatan kita?" kata-kata ini sungguh menyinggung perasaanku.

"Aida, Aida, kan dah ku katakan yang aku berhak mencampuri semua orang yang aku mahu," aku melihat mukanya muram sambil dia mencabut rumput rampai yang melekat di seluarnya.

"Mus, kau anak seorang pengurus dan aku hanya seorang kerani," Aida bertambah sangsi.

"Aida, lupakan itu semua. Oh, ya, aku baru teringat yang hari ini harijadimu. Nah! ini, dia hadiah yang dapat aku hadiahkan," sambil aku mengeluarkan bungkusan yang aku bawa dari rumah tadi. "Aku harap janganlah kau menolak." Aku membuka bungkusan itu dan mengeluarkan rantai dari dalam kotak kecil dan aku sendiri yang mengalungkan pada leher Aida. Aida gembira dan aku lebeh dari itu.

Kini peperiksaan telah aku lalui dan hari ini keputusan akan keluar. Aku agak keberatan untuk membawa Aida pergi sama tapi dia mendesak juga. Aku mengambil keputusan dengan hati yang risau sekali. Apabila keputusan telahku ketahui aku hanya menyorokkanya dari Aida.

"Mus, apa yang kau dapat?" tanya Aida tidak sabar lagi. Aku memberikan kertas keputusan pada Aida dan tiba-tiba dia memelukku. "Oh! Bang, kau berjaya juga." Itulah pertama kali dia memanggilku abang dan hari itu juga aku menerima hadiah yang paling istimewa dari Aida.

Aku pulang dengan penuh harapan yang ibu tidak akan meleterkan aku lagi seperti biasa. Ibu ku menangis apabila mendengar keputusanku.

"Ya, ibu, Mus berjaya adalah kerana Aida," aku mengatakan perasaanku yang terpendam selama ini. Ibu memeluk Aida dan hari itu juga aku dengar yang ibu memanggil Aida anak. Aku menalipun ayah dan ayah pulang beberapa minit kemudian dan sekali ini aku menyatakan lagi yang aku lulus adalah kerana Aida dan doanya. Sejak dari hari itu ibu tersangat sayang Aida libih daripadaku.

AKU MASIH BERSAMA MU (Khas untuk M)

Pabila malam mendatang
Aku masih bersama mu
dicelah angin bayu
dibibir bulan yang ayu
menari dan menyanyi mengikut alunan suara mu
dan berkhayal didalam pelukkan kasih shahdu

Pabila siang menjelma kembali
Aku masih bersama mu dipinggir kali
Bersama hayunan cangkul mu yang acap kali
mencangkul, menggorek dan menggali
dibawah sinaran cahaya mentari
diatas bumi pertiwi

Pabila kau tenat
Aku segera menghampiri dekat
Aku tetap bersama mu
Bersama nafas mu yang sayu
Bersama mata mu yang layu
Menangis dan tersedu
bersama mulut mu
dan mengikut penyiksaan terakhir mu
Seraya kau merayu
"Aku masih sayang pada mu"

Pabila kau kaku
Aku masih bersama mu
Bagaikan lumut lekat dibatu
dan bau tubuh ku
bersama bau mu, bau gaharu
dan kini cinta murni ku
tertulis terus diatas pusara mu

FIRE

It was last Monday afternoon. I was walking round a corner in one of those busy streets in town when I heard a faint sound of Ding! Ding! from somewhere in a distance growing louder each moment. I stopped and turning around, wow! to my astonishment, a thick mass of black smoke, down the road was slowly rising into the blue beautiful sky. It was a fire!

Simultaneously, a fire-engine whose Ding! Ding! had by this time grown loudest rushed past me down the road. I did not hesitate in following the engine. I saw a friend of mine on a bicycle and rode pillion to the fire.

As we drew nearer to the fire, people seemed to come from everywhere. There was heavy traffic which had lined up along the road to watch the fire. Cyclists seemed to appear from nowhere and people walked and ran hurriedly down the the road.

The "Sin Heng" building was on fire. It was a seven storey building. The fire was busily burning somewhere in the 4th and 5th floors. By now, the smoke produced by the fire into the sky was much thicker and darker. The fire was a huge a fury one and red tongues of flames started shooting up occasionally. There were the cracking sounds of the window panes which broke into a thousand pieces as they dropped down on the road below.

Down on the road, members of the riot squad had arrived and started controlling the growing crowd. We were only allowed to witness the dreadful fire from about some three hundred yards.

The fire grew stronger and because of a wind which started blowing, the fire kept changing directions with the wind. The firemen from the fire-engine could do nothing much and so more 'red-trucks' arrived. But it was in vain, as the fire burned furiously and seemed to be the master. The huge flames produced an intensive amount of heat which forced the men fighting the 'red-building' to do so from quite a distance.

More firemen and more members of the riot squadand traffic policemen arrived. Reporters from many different tongues too arrived and were eagerly trying to obtain a statement or two from the fire-chief.

The firemen seemed lost and it was evident that they would never be able to put out the fire which had by this time spread to other floors above. And the next moment the most dreadful thing happened. The walls of the building had become so weak that the top floors suddenly collapsed to the ground below

Oh boy! the people started scattering away in many directions immediately. The ground floor too caught fire. The wind started blowing more violently. A drizzle started to fall and to the utter surprise of the crowd, the drizzle only made the fire grow worse.

The fire-chief instructed the men to spray water on the nearby buildings and the valuables from those buildings were removed. He also instructed the members of the riot squad to push the crowd back another two hundred yards. Traffic was diverted to another side and soon the building or the skeleton rather, was left to burn down by itself.

After about an hour or so, the fire started to die and the firemen started to put out the remaining flickering flames with their hoses. And so, the fire was finally brought to an end. The people, split up as they were not allowed any nearer to the remains of the building.

It was a total wreck. I returned home as I did not have the desire to buy my boots after seeing the dreadful fire. The source of the fire was established and appeared in the morning papers the next day.

THE PROBLEMS OF DRUG ADDICTION

In recent years, drug addiction has become a social problem faced by many nations of the world. What is worse is that it affects young people in particular, young people, whose talents and idealism the future of the world will depend upon.

Not all drugs endanger man's mental and physical health. The drugs a doctor perscribe to kill pain or to induce sleep are useful, provided one adheres to the physician's instructions. However, there are the harmful drugs, the ones that can wreck a young life, presenting a picture of ill-health not only physically but also mentally, emotionally and psychologically.

Common drugs include heroin, opium, cocaine, morphine LSD and marijuana commonly known as ganja, pot, grass, tea, maryjane, boo, a joint or a roach. Most of these are smuggled from countries such as Turkey, Pakistan, Hong Kong and Lebanon.

Almost all drugs produce severe withdrawal symtoms when drug use is eliminated. These include anxiety, tiredness, anger, tension, diversion, loss of apetite and feeling of despair under which the addicts would do anything to get their drug. Apart from withdrawal symtoms, drug use can also lead to serious consequences such as damage to the nervous system and the brain and even death.

Failure in examinations, disappointment in love affairs and other failures in life contribute to some of the factors leading to the use of drugs. Many young people are disillusioned and depressed. They join gangs where they find people of the same mind who take drugs as a practice to forget worries, loneliness, frustrations and to find peace and comfort. There are individuals who take to drugs out of curiousity and later become addicted. Yet others take drugs because they are either bored with life or trying to escape human misery and social disorder through them. Broken homes is another important factor for drug abuse. Divorce, constant friction between the parents, poverty, lack of guidance,result in feelings of loneliness and misery. Western cultural influence and hippism also lead to drug abuse. Hippies take to drugs as a means of problem solving and for body enjoyment, mental stimulation, excitement, exaltation and relaxation. Lack of opposition for healthy, creative and constructive activities, unemployment, too much or lack of discipline all tend to frustrate youngsters who resort to drugs to escape society. Still others take drugs as a form of rebellion against authority. The active persuasion of pushers, lack of appreciation for spiritual values and the easy obtaining of drugs also contribute to the drug menace.

Persistent use of drugs can affect our physical health adversely. Experiments have shown that continued use of drugs particularly ganja can lead to brain damage. However, the dangers are not only confined to the physical side but also the social and moral point of view such as divorce and moral disintegration. Many drugs especially heroin, ganja, LSD and cocaine have the effect of illusions or hallucinations. Under certain circumstances hallucinations make the drug users lose control of themselves, especially their reasoning power. When this occurs, the user is likely to commit crimes like murder and robbery.

Drugs are easy to transport and their trade even in small quantities is usually very profitable, making detection generally very difficult. Therefore, international cooperation is vital for the successful containment of the drug menace.

The drug menace can be curbed by resorting to certain measures, which include the launching of campaigns with the aim of making all parties concerned, realise the seriousness and dangers of drug abuse through talks, films and the mass media. Producers and pedlers of drugs should be liable to the most severe penalties such as the death penalty or life imprisonment. However a more imortant step is to stop the sources of drug supplies which can be achieved by tightening the security and control at the nation's borders. Youths should be encouraged to take part in useful and constructive activities to occupy their free time, refraining them from taking drugs and getting into mischief. They should also be encouraged to take up sports, games and engage in social and cultural activities. Thus, these measures can help prevent drug abuse by restricting the distribution of drugs and preventing children from being exposed to drug influences.

Meanwhile, to help addicts, more rehabilitaion centres should be set up. In the existing ones, improvements should be made. They should try to provide free treatment for those unable to pay. A special body should be set up to help the addicts from the centres to find employment.

The problem of drug abuse has reached a serious level so much so it is not only a national problem but has become an international one too. The difference in the problems of drug abuse in nations is in their degree of seriousness. Thus, measures against the drug menace has to be carried out on both national and international levels.

REGRET

All along, you've helped and guided me,
Through my most difficult times,
But I was far too blind to see,
The goodness in you .....
I have always been advised and taught,
But now, I truly regret
For being so foolish
As not to give you any thought .....
As I recall the good times we had,
It really makes me feel so sad,

I feel so ashamed
And I know I am to be blamed.....
My heart is heavy, filled with pains,
As I am now standing beside you under the rain,
Shivering under the coldness
Asking for your pardon and forgiveness .....
Watching you slowly go,
With full of agony and pain,
I know one thing for sure though,
You'll never speak to me again .....

THE MAN IN THE GLASS

When you get what you want in your struggle for self,
And the world makes you king for a day,
Just go to the mirror and look at yourself,
And see what that man has to say,
For it isn't your father or mother or wife,
Whose judgement upon you must pass,
The fellow whose verdict counts most in your life
Is the one staring back from the glass,
You may think you're a wonderful guy,
But the man in the glass says you're only a bum
If you can't look him straight in the eyes
He's the fellow to please. . . . . Never mind all the rest,
For he's with you clear to the end,
And you've passed your most dangerous, difficult test
If the man in the glass is your friend
You may fool the whole world down the pathway of yours,
And get pats on the back as you pass,
But your final reward will be heartache and tears
For you've cheated the man in the glass.

BURDENS CAN BE BLESSINGS.

Our father knows what's best for us,
So why should we complain–
We always want the sunshine,
But he knows there must be rain–
We love the sound of laughter,
And the merriment of cheer,
But our hearts would lose their tenderness,
If we never shed a tear . . . .
So whenever troubled,
And life has lost it s song,
It's GOD testing us with burdens
Just to make our spirits strong!

ONE THING IS CERTAIN

We shed tears to secure
a job,
But refuse to sweat
when we get one,
As workers we want
more and more wages,
And as consumers we
want things cheap.
We fight for rights and
ptivileges but ignore our
duties and responsibilities.
We are ready with the
solution even before we
study the problems.
One thing is certain
nowadays
That everything is
uncertain.

"BOYS NEVER CRY"

The door creaked as it opened slowly. Ah San dragged himself in and flung his school bag on the chair. He was perspiring. He walked towards the fridge, took out a bottle of cold water and slumped heavily on the settee. He then emptied the whole bottle. After having felt satisfied, he scrutinized the room.

It was a small, dirty and untidy flat with the kitchen facing the sitting room. Newspapers were strewn all over the floor and heaps of unwashed dishes were stacked up in the sink. The floor was sticky and dirty. He grunted with displeasure and sat back on the couch, thinking.....

It was four years since his parents had been killed in a motor-accident. He remember how loving his parents were to him. He was then a lad of twelve. After their death he was compelled to live with his closest relative, Aunt Foong. She had been working for more than three months then. He remember how excited she had been when she broke the news to him.

"Ah San! I've found a new job at last! I am now a house-keeper and the salary is sufficient to feed both of us. I'll have to leave the house at eight in the morning but I'll be back by nine in the evening....."

Everything was then arranged. Ah San was to leave for school early in the morning and come home for his lunch after school. Early in the morning before leaving the house, his aunt would have prepared his lunch which usually consisted of a few pieces of bread sandwiching some scrambled eggs. Sometimes all he had was just a packet of noodles.

Things did not work out as intended. Ah San felt that there was no "love" in his house. Early in the morning, he could not talk to his aunt about his school life and whereabouts,for she would still be in bed, weary from the previous night's work. When he came home in the afternoon, he would be greeted by the coldness and emptiness of the room. How he hated that. Not a soul around..... no one to talk to.....

He was very lonely. He was beginning to feel that his aunt did not love and care for him anymore. She returned home very late in the evening. There was no communication between them. That night was as any other night.

"Aunty, did you know what happened in school today? I was selected! Isn't it wonderful to be in the...." his sentence was not completed as she snapped at him.

"I have no time to listen to your bragging and nonsense. I am extremely tired and I'm going to take a bath. Asking me to listen to....."

With that the bathroom door slammed shut and the sound of the tap being turned on was heard. Her words were drowned by the sound of the stream of water.

Ah San was indeed disappointed and hurt. All day long, he was patiently waiting for her to return to tell her that he had finally made it into the School Football Team. Tears misted his eyes and he rushed towards his bed. Suddenly, he remembered his father's words — — — "Boys never cry". At once, he fought back his tears and lay on the bed. He thought about how loving his parents would have been to him if they had been alive. They would surely have listened to his woes and achievements unlike his aunt, who often nagged and scolded him.

That incident did not happen just once or twice. He found that whenever, he wanted to tell her something, she would reply that she was very tired.

Soon a hostile relationship stirred up between them. Ah San would seldom talk to his aunt. He deliberately tried to go to bed before his aunt returned. He was angry..... angry with his aunt. How he hated her and many times wished that she did not exist in this world. He cursed God for being so cruel as to kill his parents. He blamed his aunt for everything that went wrong. He despised and resented her deeply and she was just like an enemy to him. How he envied his school mates who had wonderful, loving parents.

It was only the week before when they had a quarrel. He had used harsh words on his aunt just to hurt her feelings and surprisingly he felt satisfied after doing it. Aunt Foong was stunned and dumbfounded. She started to swear at him and Ah San could not tolerate any more. In a couldn't-care-less manner, he left the room, slamming the door behind him. After that dispute, Ah San avoided his aunt. He had a feeling that it was because he was NOT her son that his aunt hated him. He cursed her behind her back and wished that she was dead.....

His thoughts were disturbed by the loud hammerings of the door. Ah San took a glance at his watch. Half past six. How could it be that woman? The excited banging on the door was followed by a voice he knew instinctively, "Ah San! Ah San! Open the door!"

"What is it Mrs. Wong? I'm not deaf, I'm coming."

She was very fond of borrowing things and Ah San wondered what she wanted. He unlatched the door and an elderly lady in her late forties said urgently, "I have just received a phone call from the Chinese Maternity Hospital saying that your aunt had just had an accident.

His face paled. It couldn't be true! He felt panic-striken. Should he go and see her?

It had been two hours since he had been vigilantly waiting outside the emergency room. His neighbour, Mrs. Wong had returned home half an hour earlier. Suddenly he felt uncomfortable. All that while he had been very nasty to her. He kept thinking of the bad things he had said about her. He shook his head remorsefully.

His thoughts were disrupted by the opening of the door of the emergency room. His eyes fell on his aunt being wheeled out. She looked pale and weak. Her face

was grim with the sunken cheekbones blue and black. Her eyes were closed and her mouth, cracked and dry. Her forehead was still bleeding.

Ah San rushed towards the doctor, "How is my aunt, doctor? Is she okay? What's wrong with her?"

"Please try to pacify yourself. How old are you?"
"Sixteen", he replied impatiently, "How is....."
"Does she have any other relations?" interposed the doctor, "If so, kindly contact them for she needs an operation right away"

He panicked. An operation! It had to be something serious. According to the doctor Aunt Foong had just had a severe brain-concussion. What would happen to her? He tried to think calmly admist the terrible thoughts that kept pumping into his mind. Yes! He will contact Mrs. Wong.... He rushed to the phone booth and started dialling.

Outside the operating theatre, Ah San strode up and down. He was exhausted and his eyes were heavy. He tried to push back the strand of hair that kept falling on his forehead. He looked completely dishevelled. For the past few hours, he had been thinking... Suddenly he saw all her good intentions – she worked to support him and had looked after him after the death of his parents. The word 'death' suddenly occurred in his mind. He felt afraid.... so afraid to face the consequences and he prayed hard, "Oh God, please.... please don't let Aunt Foong die...."

The door swung open. His aunt was wheeled out and admitted into one of the rooms. Ah San asked urgently, "How's she, doctor?" The doctor replied hesistantly "We.... we have tried our best....."

There was no need for the doctor to complete his sentence for Ah San knew intuitively what was going to happen. He rushed into the room and looked at his aunt intently. How tired and pale she looked. All that hard work had made her look old. Her face looked kind and her mouth was tightly shut to a thin line.

"Aunt Foong.....Aunt Foong..... can you hear me?" he began softly. He seemed to be calling the dead. He suddenly found that the room was cold and desolate. Slowly, her eyes opened. She could see a blur vision of him. She tried to talk but she felt every inch, every tissue in her hurts. She knew that the time had come to leave the world. She tried to take his hands but her hand felt like lead. Ah San clasped her hand tightly and brought it to her face.

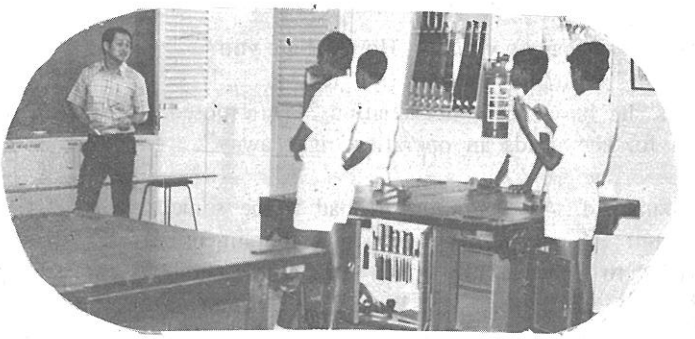

"Aunty....I am sorry....please....please forgive me. Don't leave me aunty...." he implored.

She forced a weary smile and closed her eyes as if to sleep. Slowly and slowly she felt her life being drained away from her. She fell into a deep slumber and he knew that she could never open her. eyes to see him again.

He felt like crying out loudly, shouting his aunt's name on top of his voice to drown his misery but he heard a voice – "Boys never cry"

THE 30TH ANNUAL ATHLETIC MEET

It was three in the afternoon and sure was blazing hot. The green white-lined track surrounded with flags of different colours around its border looked very gay. The surrounding decorated tents were all filled with VIPS, old boys as well as present ones and of course residents of Sentul.

From one end of the field came the Boys' Brigade Band. Marching smartly and dressed in blue, they played some beautiful numbers which received a heavy applause. While they were leaving after their display, and as the clapping and cheering ceased gradually, bang! went the starter's gun. The 30th annual sports had just begun. The boys of class III were sprinting the 100 meters. This was followed by class II and finally by class I. Despite the heavy training they had undergone, this time however, they did not manage to break the old records.

The rest of the scheduled events were gradually run off, though not many records were broken. Prizes were given off to the various victorious participants in between the races by the distinguished guests.

Everything went on smoothly as planned. More spectators arrived, probably residents from Sentul, after hearing the shots!

The guests were provided with refreshments during the interval. During this period, instead of the traditional display by the Aeromodelling club. our scout Band this time, the only of its kind in the Federal Territory displayed their capability in the handling of musical instruments. It was a fine performance indeed. By the loudness of the hadnclapis and the amazing looks, it was evident that the crowd appreciatedthe whole show heartfully.

The inter school Under 18 4x100 relay for boys won by SMJK Jalan Ampang was really a highlight of the day. This was followed by the long-awaited' relay – the inter school relay for girls. This really drew special attention and it was St. Mary's girls who broke the tape admist the eager eyeballs. Another event of great interest was the old boys 800 meters. V. Segaran with a very good time finished first in front of about a score of old boys.

Well, like every great day of the school, this day too had to end. And so, one of the oldest boys, Mr. Chan Weng Chiu, handed the remaining prizes to the victors,and this time it was Red House which walked away with the Peach Trophy.

On the whole, the 30th annual sports was a successful and a memorable one for which a word of THANKS to the 'great one' is mentioned. It is very much hoped that the 31st athletic meet be held in the Merdeka Stadium.

SCHOOL SOCCER TEAM

Front Row Left to Right : Mustapha Kamal, Jamaluddin, Thirukumar, Nadzri Salleh, Azahar Ahmad, Zakaria Idris, Abdul Malik (under-15 Captain), Zulfakar, Ravi Kumar, Paramasivam, Mosses Hon, Chan Weng Hoi.

Back Row Left to Right : Mr. Andrew James (Coach), Arzaman, Shegar, Selvakumar, Satiarajah, Soh Chong Hoon, Yap Yoke Kong, Selvarajah, Lim Fook Wing, Vijayakumar (under-18 Captain), Low Kiang Chooi, Dorayrazy, Liew Kim Hong, Andy Low Kok Weng, Roslan, Kassim, Ganagandran.

This year, the Under-18 school soccer team had quite a successful season. It managed to reach the quarter-finals of the Inter-School Soccer Tournament. On the other hand, it was a sad one for the Under-15 team since it was unable to make it to the quarter-finals. Anyway, the school is proud of its players who so willingly sacrificed their time to represent the school.

The teams would like to express their sincere thanks to Mr. Andrew James and Mr. Yap Yew Kim for their coachings. Though we did not make it to the finals, I am proud to say that we have a number of young players who had shown capabilities of achieving success in the years to come.

The school is indeed very proud to have one of its players, Dorayrazyselected te represent Selangor State in the Soccer Under-18 tournament.

In the match played against the Old Boys Association, we were defeated by the more experienced boys eventhough we tried our very best.

Practice: Twice weekly.

Masters- in - Charge : Mr. Andrew James and Mr. Yap Yew Kim.

Results of the Inter-School Soccer Tournament are as follows:–

UNDER – 18				
	M.B.S. Sentul	vs	Seri Ampang	Won (1-0)
	M.B.S. Sentul	vs	S.M. Teknik	Lost (1-0)

UNDER – 15				
	M.B.S. Sentul	vs	Datuk Lokman	Won (3-2)
	M.B.S. Sentul	vs	La Salle Brickfields	Lost (1-2)
	M.B.S. Sentul	vs	S.M.J.K. Batu	Drew (1-1)
	M.B.S. Sentul	vs	S.M. Sains	Lost (0-3)

I end this report with a word of thanks to the officials and others who were involved, for their help and guidance.

Vijaya Kumar
Captain.

Squatting Left to Right: Lim Lean Seng, Lim Mun Huat, Wong Kim Hoong, Lee Kong Fai, Jonathan Jones, Chew Kian Meng, Lai Wing Siong, Thum Yeow Leon, Loo Kok Kong, Yap Seng Leong.

The year 1076 has been a very successful year for the school volleyball teams, especially that of the Under-18s.

The selection for the Under-15 and Under-18 teams was held towards the end of the third term of 1975. Since then, regular practices and coaching for these boys were carried out four times weekly.

In the Inter-School Tournament, the Under-15 team was left out in the early rounds. However the Under-18 team made it to the finals of both the Wilayah Persekutuan and Selangor State tournaments, capturing the championship of the former and runner-up in the latter. As a result, four players were selected to represent the Under-18 Selangor Combined School team. The Players are:–

Soh Cheong Boon, Low Kiang Chooi, Lim Lean Huat and Ng Soon Kat.

GROUP C	M.B.S. Sentul	vs	Sekolah Temerloh	Won (Walkover)

BLUE HOUSE

Seated Left to Right : Mr. Lee Hung Yen, Miss Pathma Naganather, Miss Karamjit Kaur, Loo Siew Cheong (Sec.), Tan Chai Geok (Capt.), Tan Chee Kien (Trea.), Mrs. Hoo Wong Ching, Mr. Low Han Bon

Standing Left to Right : Low Chin Guan (Asst. Trea.), Chua Tong Heng (Athletics), Mahmud Razmi (Hockey), Cheong Kok Ching (Asst. Sect.), Low Inn Hock (Basketball), Ng Yoong Leong (Badminton), Shegar M. (Soccer), Lee Kong Sang (Tennis), Abdullah Sidique (V. Capt.).

Motto : To act as if it is impossible to fail.

This year was not a very favourable year for Blue House though it put up a much better performance than the previous year. We emerged as champions in the Inter-House Sepak Takraw and Table Tennis events, but were less fortunate, however in the Basketball, Badminton, Volleyball and Hockey as we came out as runner-ups.

Our performances in the Inter-House General Knowledge Quiz and Inter-House Debate were superb as we captured both the championships.

The show put up by the house during the School Annual SPorts was quite satisfactory though we came out third. The best show was put up by Syed Ahmad who won the Class III Individual Championship.

From the performances and keen interest shown by the younger members, I am sure Blue House will regain its invincibility once again in the near future.

Finally, on behalf of the House members, I would like to thank the House Masters and others in charge, for their invaluable advice and guidance.

Loo Sew Cheong

House Assistants : Mr. Amoz, Mrs. Robin Goh, Miss Cheah, Mrs. Y.K. Wong, Mr. Nithianathan, Mr. Awtar Singh, Mr. S. A. Almedia and Puan Normah S.

During the annual general meeting held in February, the following office bearers were appointed by the house master.

Captain	: Peh Hoo Chuan	Vice Captain	: Yap Leong Teck
Secretary	: Selvarajah N.	Asst. Secretary	: Gilbert Koh.
Treasurer	: Seet Chor Cheng	Asst. Treasurer	: Ho Kim Yew.

The encouragement of all the house teachers and house members for the keen interest and participation in the activities of the house was valuable. This was not a favourable year for Green House due to the lack of runners. In the annual cross-country run, we emerged as the overall champion as in the past few years. We also won the team championship which we had held for several years. But, individually we did not do well on the sports day. The house was victorious in the following Inter-House competitions over the year.

- Champion in Basketball Class I, Volleyball Class II, Chess Class I, Carrom Open, and runners-up in Table Tennis Class I and II and Sepak Takraw Open.

If there is any words of thanks, they should rightly go to all the Green House teachers for their invaluable assistance to the House. It is greatly hoped that in the years to come the House will progress considerably when the talents of upcoming Class II and Class III are exploited fully.

In the annual cross-country race, we fared poorly. This was due to poor response from the house members.

However we emerged as champions on the Sports Day thus securing the 'Peach Trophy' for the year 1976. Credit should be given to the Class 2 & 3. One of our promising stars, Wong Kim Hong became the individual Champion for class 2.

Our performance in the games was discouraging but the fighting shown, merits special mention.

With upcoming stars like Ganesan, Wong Kim Hong and others, I predict a bright future for Red House. Last of all, we would like to extend our gratitude to all our teachers in charge, for their invaluable help and guidance.

Motto : Perseverance is success.

Cross-Country:

With potential cross-country runners such as Gunalan of Class II and Selvakumar of Class I, we managed to emerge third in the annual cross-country meet this year, 1976. Gunalan won the individual Class II Championship whilst Selvakumar became the runner-up in the Class I championship. The Class II and Class III boys should also be given credit for their very good attendance during practices and on Cross-Country Day.

Sports Day:

Although we did not have enough preparation for the sports, our house managed to emerge as runner-up in the school annual sports meet. Roslan, Mohd. Zulkarnain, Ganagandran and Selvakumar, the athletic captain should receive the most credit, that should be given to any member of the house. They managed to win a number of gold and silver medals. The participants of the relays should also be given credit for their performance and sportsmanship.

Finally on behalf of the Yellow House members, I would like to thank the house masters and mistresses for their invaluable guidance encouragement, advice and co-operation. I also hope that the house masters and mistresses would continue to carry out their duties, so that the House would do much better in the coming years.

Cross-Country:

In the annual cross country race which was held in April, we emerged runner-up. Vijayakumar emerged first in the Class I section.

Sports Day:

It was not a good year for the whites this year. In spite of untiring efforts the participants had shown, they were unable to beat others. Nevertheless, our house Capatin has emerged the champion in the Class I Individual Championship.

On behalf of the members of the house, I would like to extend my sincere thanks to Mr. Andrew James and all the White House teachers who had spent a great deal of their time in encouraging and guiding us in various activities.

The year 1976 had really been a memorable one. It began with the recruitment of junior prefects. The board consisted of 50 members, 29 from Form V and 21 from Form IV. The Official Installation of the Prefects was held late in February. The captain together with the vice captain was appointed prior to this, while the secretary and the treasurer were elected. The captain at this time was Peh Hoo Chun and because he resigned from his post, the vice-captain Teh Onn Seng was appointed as Captain. The secretary became the vice-captain and a new secretary was elected.

Under the guidance of the Adviser, Mr. James Amoz, the members of the Board carried out their duties well. These duties were performed during school hours . but when the need arose, were extended to school functions. With the implementation of the afternoon duty the prefects sacrified their time and ensured that discipline was enforced in the Afternoon Session.

This year our school had the pleasure of being able to sent 15 prefects to attend the birthday of the Yang DiPertuan Agong at the Istana Negara. Representatives from our board were also sent to attend other school functions.

On behalf of the Board, I would like to take the opportunity to thank our adviser, Mr. James Amoz, and the Principal, Mr. K.G. Zachariah for their invaluable advice, guidance and support rendered. And also the board would like to thank the pupils and teachers of this school for their cooperation offered during this year.

The year 1976 began with the recruitment of Librarians from various Form 4 classes. After undergoing a probationary period of 2 months they were installed. During this period, they were taught how to mend torn books and were given simple responsibilities. They were also taught how to maintain general order and discipline. With the addition of these new librarians there are now 40 Librarians in the board.

Almost $3000 worth of new books were purchased for the library. Emphasis was placed mainly on Bahasa Malaysia and Reference books. With the aid of Dewey Decimal

Classification, books were arranged and classified according to their subject matter.

To benefit the students further, our Librarians visited other school libraries to exchange view on improving the library. As a result of this visits, we established a better relationship with the librarians of the other schools. More than $1000 were spent in exchange views on improving the library. As a result of these visits, we established a better relationship with the librarians of the other schools. More than $1,000 were spent in purchasing books and revision course books for Form 3 and 5 pupils to do exercises on.

The hamper sale which began in April, brought us a profit of $60. Just before the end of the Second Term, two important events took place for the librarians. First was the Librarian Nite and the second, the Inter-Librarian Games. In the 3rd Inter-Librarian Games, our Librarians combined with M.G.S. participated in Carrom, Football, Table Tennis, Volleyball, Chess and Netball, and won in Carrom and Football (Runners up in Table Tennis). We managed to be the overall champions this year.

On behalf of the board of Librarians, I take this opportunity to thank Mr. James Amoz for his invaluable guidance and assistance in running the library and also all the librarians for their cooperation.

Other speakers such as Mr. Mohd. Yunus Noor of the Fakulti Pendidikan, Universiti Malaya and Chief Inspector Ibrahim of the Police Training College were also sent invitation to give talks on the various job opportunities for school leavers.

Our club representatives also took part in the various activities organised by the Careers Club of other schools. We attended a one day symposium on Careers which was held in the M.B.S. Kuala Lumpur. We also took part in the sale of the Malaysian Vocational Guidance Association lottery tickets. We are active members of the Selangor Vocational Guidance Association and are at the moment preparing a Careers' Day. In addition, we also participated in the Fourth Annual Careers Club Trophy Competition but sad to say luck was not on our side. Anyway we hope that next year our juniors will be able to win it.

Before the close of the year we intend to put up an exhibiton and a few film shows on careers.

In conclusion, on behalf of all the club members, I would like to extend my sincere thanks to our advisers for their invaluable help and guidance.

Karamjit Singh,
(Hon. Secretary.)

THE SCHOOL CHAPEL GROUP

Sitting Left to Right : Albert Soo, Eddie Teh, Mrs. Hoo W. Ching, Mrs. Robin Goh, Mr. Zachariah (Principal), Mr. Das, Peter Ghee, Aloysius.

Standing Left to Right : Sugumaran, Gilbert Koh, Rudy Chew, Richard Tan, Charles Ratnasingam, Edmund Masden, Johnny Foo, Yap Foo Fai, Sim Heng Siong.

Aim : 'Reaching Forth For Christ'.

Service : Every Friday at 12.30 p.m. in the School Hall.

Programme : 1st Term – "Outreach" (gospel messages)
2nd Term– "Answers to Problems".
3rd Term – "Spiritual Growth".

Activities:

We held our inaugural meeting on the 9th of January to elect the committee. The S.U. committee voluntarily took up the responsibility to serve in the Chapel too. Immediately, programmes were planned. A theme for the first term, that is "OUTREACH" was derived during the meeting. Pastor Song, Pastor Derick, Koh Kim Law and Micky Cheah gave inspiring messages on God's word. Students in the afternoon were given the opportunity to listen to God's salvation. Towards the end of the term we had a Religious Emphasis week from 21st – 24th March. An 'evangelistic team' from Singapore led by Dr. George Wan gave the messages. The committee members were given training in counselling before the R.E. Week.

The committee with Mr. Boon Kok San met with Mrs. Robin Goh during the First Term Holidays and follow-up programmes were planned. Our theme was "Answer to Problems". Speakers, Mr. Goh Ah Hong, Mr. Boon Kok Fui, from the Wesley M.Y.F. Mr. Boon Kok San and S.U. workers shared their experiences in Christian Life. The 'Come Together' team gave a performance on the 21st May and the committee was actively involved in it.

Lastly the committee would like to convey their gratitude and thanks to the Headmaster Mr. Zachariah and our Adviser Mrs. Robin Goh for their support and unceasing interest in the Chapel Service.

"Man should not live by bread alone but by every command that proceeds from the mouth of God". (Matt 4:4)

Yours In Christ
Secretary of the Chapel Committee.

THE SCHOOL CHRISTIAN UNION

Sitting Left to Right : Mrs. Hoo Wong Ching, Aloysius, Albert Soo, Eddie Teh, Sugumaran, Peter Ghee, Mrs. Robin Goh.

Standing Left to Right : Rudy Chew, Richard Tan, Gilbert Koh, Charles Ratnasingam, Edmund Masden, Johnny Foo, Yap Foo Fai, Sim Heng Siong.

Aim : To Know Christ And To Make Him Known".

Meeting : Weekly after school on Wednesdays.

Activities :

The year 1976 has seen growth in members, commitment and dedication. The Committee Board had its first meeting on 12th January and a list of speakers like Peter Ong, Calvary Quartet and Sister Cheery shared God's Word with us. We had a combined meeting with the former C.B.N. committee, to exchange ideas and discuss ways to improve meetings. During the first term holidays, four members attended the school of Witnessing – a training session organised by Scripture Union.

The beginning of the second term showed a great change in our meetings and the members. Many have voluntarily taken up the 'CROSS' and dedicated themselves to his service. A junior Committee was selected and the installation was held on a moderate scale in the school hall on the 26th of May. It was witnessed by the students and teacher-advisers.A series of solid and serious Bible Study were conducted by Mr. Boon Kok San (President of the M.Y.F.) who dedicated his time to helping and guiding us during the first half of the second term which also coincided with his long vacation. Follow-up classes were also carried out for new converts.

In conclusion, the Committee wishes to express its heartful gratitude and appreciation to its adviser, Mrs. Robin Goh and Mr. Boon Kok San for their invaluable advice and assistance rendered and the principal for his unfailing interest and support.

"Consequently my beloved Brother,
be steadfast immovable at all time,
abounding in the Lord's Service,
aware that your labour in the Lord
is not futile" (I Cor. 15:58)

Yours In Christ
Secretary
(S.U. Committee)

Absent : Khor Poh Seng (Vice-President), Rajathuraj (Com. member).

Motto : To promote interest in History and Geography.

Meetings : Held fortnightly.

Membership : 70

Activities:

The society held its first general meeting on 23rd February during which the committee was elected.

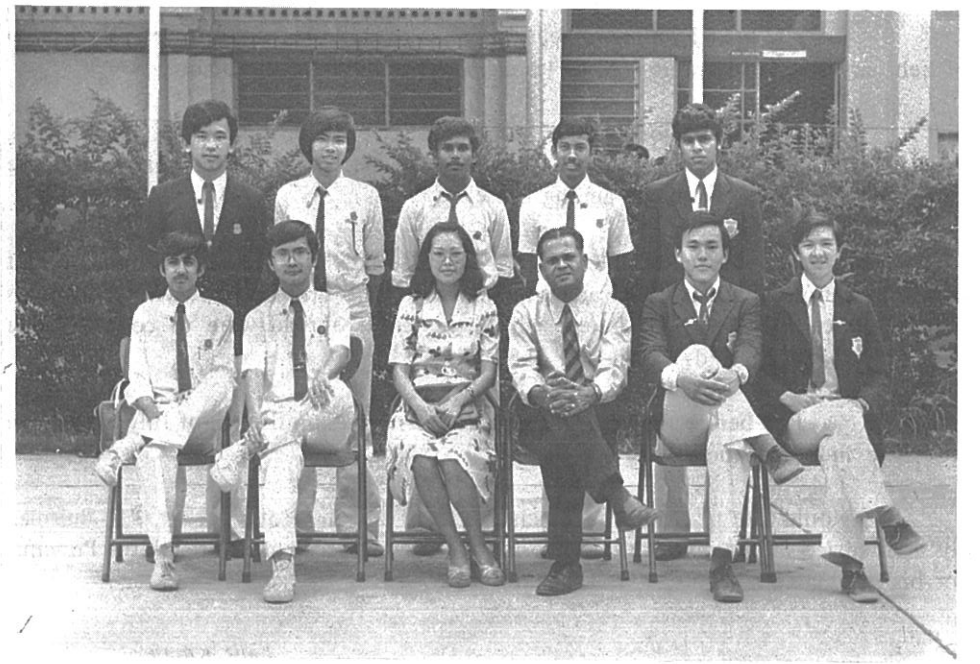

On 1st March, the society formulated its own constitution. In addition, the actual aims and programmes for the year were drawn up.

Various educational projects such as quizes, competition were organised. In the Interclass Form 5 Historical quiz organised by our society, Form 5 Commerce I emerged as the champion and Form 5 Arts I as runner-up. Similarly, we organised an Interclass Form 5 Geographical quiz in which Form 5 Arts I emerged as the champion. We were also given a geographical room but we could not develop it due to the shortage of funds. A Visual Aid competition was also organised. The main aim of introducing this competition was to make the members more active in the functioning of the society.

Last but not least, on behalf of the society, I would like to extend my sincere thanks to our advisers for their invaluable guidance and assistance.

Tan Chee Kien
Secretary.

President	:	**Yap Soon Thai**
V. President	:	**Tan Boon Seng**
Secretary	:	**Lalit Kumar**
Treasurer	:	**Yap Chee Wan**
Directors	:	**Community Service – Vijaya Kumar**
		Funding – R.Kanasmooethi
		I. U. – Teo Say Boon
		Sargeant-at-arms – Low Kiang Chooi.

Motto : "Service above self"

Meeting : Fortnightly on Tuesdays.

Membership : 70

Activities:–

1) COMMUNITY SERVICE: We helped to sell flags, book-marks and tickets for charitable organisations. Our main project was the cleaning up of the Zoo. on the 13th of March. Almost all the 70 members were present. The project started at 10 am and lasted for 2½ hours. We made several visits to orphanages and retarded homes.. As for the school we repaired broken furniture and fixed metal plates to the empty frames on the doors of the Hall.

2) FUNDING: Other than minor ones, we had 3 Major Funding Projects.

Our first Funding project was the sale of Interact tiepins.

The next Funding project was a hamper sale. This took place in the month of February and tickets were sold to teachers and students of the school.

Our last major Funding project was the collection of old newspapers. Though we failed to get the permission from the Ministry to carry out this project, we collected quite a large amount among ourselves.

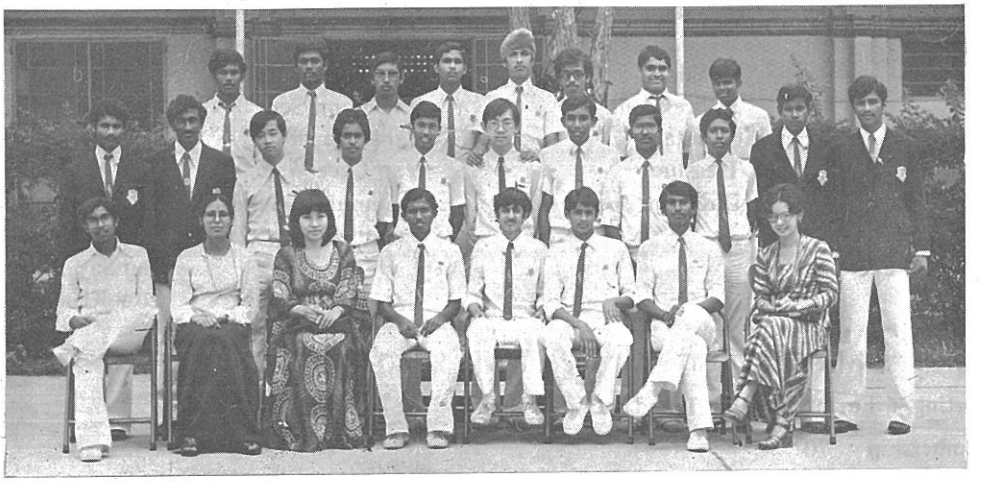

3) I.U. (INTERNATIONAL UNDERSTANDING) We sent a number of latters to various Interact Clubs at home and abroad to promote I.U. with the various schools concerned. The I.U. letters which were sent abroad were to countries like Argentina, New Zealand, Japan and U.S.A.

Just before the end of the second term i. e. on the 9th of July we held an I.U. Nite in our school.

I would like to thank the Teacher Advisor and the Rotarian, Mr. J.S. Buisman for their advice and unfailing devotion to the club.. I would also like to thank the Principal for his invaluable guidance and co-operation in running the club.

Secretary.

LITERARY & DEBATING SOCIETY

Sitting Left to Right : Jose Bachik, Miss Karamjit Kaur (Adviser), Mrs. Wong (Adviser), Selvakumar (President), Lalit Kumar (Secretary), Charles, Sevendran, Mrs. Tang (Adviser).

Middle Row Left to Right : Daniel Muthiyah (Vice-President), Selvaraja N., Theang Hock Eng, Sheggar, Kanasmoothy, Foh Coo Long, Ravindra Kumar, S. Balasubramaniam, Sri Kumar, Balakrishnan (Treasurer) John Mathai.

Back Row Left to Right : Sathiah, Gunaseelan, Ravi Shanker, Sagadevan, Dalbir Singh, Chivagumaaran, Ashoka, Kumar, Krishnasamy.

Absent : Mike.

Aim : To instill and foster an interest in the Literary Arts.

Meetings : Fortnightly on Mondays.

Membership : 60 Members.

The first event we organised was the Inter-House Quiz which was based on General Knowledge questions. The members showed keen interest throughout the quiz. Blue House was proclaimed the winner for the year 1976.

During the month of February, the L.A.D.S. organised the Inter-House Debate which was also won by Blue House.

On the 17th of May, our society organised a simple programme to celebrate Teachers' Day. On that day there were many friendly matches between the teachers and the boys. Later in the day, the teachers were entertained by the L.A.D.S. to a short Concert in the School Hall.

On the 26th of June, we organised yet another debate. This debate between the L.A.D.S. and the S.A.M.S. (Science and Maths Society) was restricted only to Form Fours. The S.A.M.S. won.

During the middle of the second term the L.A.D.S. organised an Essay Writing Competition. The response was good.

The efforts put in by the L.A.D.S committee members were not in vain. Success of this society was not only due to the efforts of the committee members but also to the invaluable advice given by our Advisers.

THE JUNIOR LITERARY & DEBATING SOCIETY

Seated Left to Right : Koh Kar Chai (Treasurer), Mrs. Lim Hup Sun (Adviser), Mrs. Khoo Soo Jit (Adviser), Hong Boon Gunn (Secretary), Lim Jit Hong (President.)

Standing Left to Right : Wong Keng Chuen, Liang Ting Wang, Pradhaban, Emmanuel Daniel, Loo Kee Heng, Ooi See Hun.

Absent : Puan Noormah (Adviser).

Aim : To instill and foster an interest in literary arts.
Meetings : Fortnightly on Tuesdays.
Membership : 35 members.

Activities:

The Society held its first meeting in February when the programme for the year was drawn up. Throughout the first and second terms, the society organised quizzes, debates, oratorial contest and plays. Prizes were given to those winners who had participated in these activities. We were also shown filmslides.

For the third term, we are holding an essay competition to encourage our members to promote an interest in Essay writing and a talentime for our members to show their talent. We are also planning a visit to one of the factories in Petaling Jaya.

On behalf of the Society, I would like to extend our gratitude to our advisers for their invaluable help, advice and gratitude.

Hong Boon Gunn,
(Secretary).

Absent : Edmund, Edwin, Daniel Muthiyah, Andrew Khor.

This is a new society organised by Miss Cheah (Adviser), in the month of March. It functions only as a body whereby the talents of the students of the school can be discovered through organised talent competitions. Only terminal meetings are held to plan projects.

A talent-time contest was organised in June and the response was encouraging. This particular contest saw the rise of some talented groups and singers. The highlights of this contest were some singers like Edmund, and groups like the 'Bachelors', 'The Entertainers' and the 'Special Brew'.

Members of the society played a major role on the Prize Giving Day. The Society hopes to expand in activities in the near future.

Miss Cheah,
Adviser for the above society.

Activities:

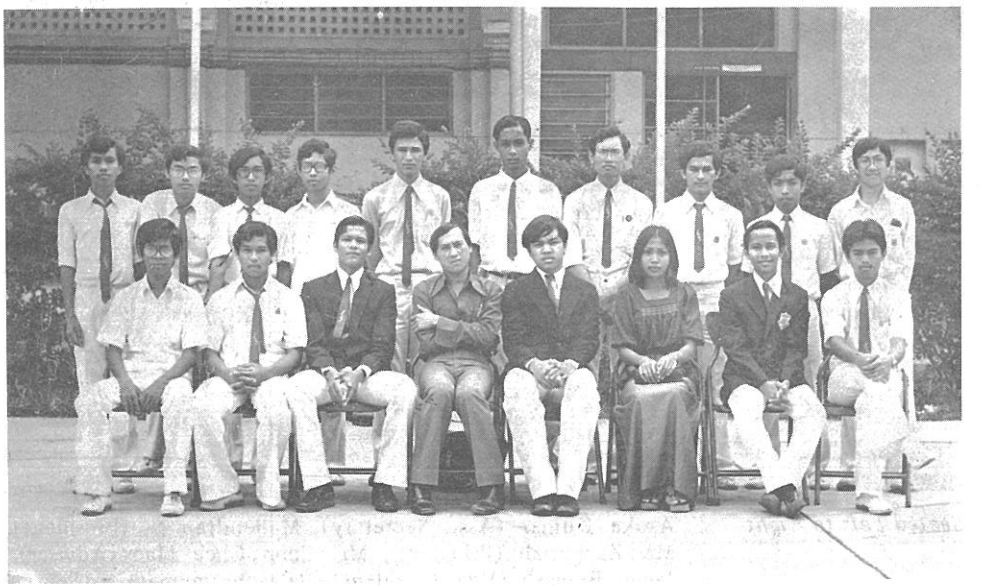

The Road Safety Club of this school was recently formed this year. Although it is a young club in the school, it has a considerable number of members. During the course of the year a number of projects were carried out successfully. We started off with the collection of newspapers and old clothings as our funding project. Twenty of our members were selected as "Officials" for the Malay Mail Big Walk. On our Annual School Sports we displayed sign boards around the school compound and also directed cars and motorcycles to the various parking lots. At the moment a number of projects are underway.

We are also proud to announce that this year two of our committee members were chosen to represent the Kuala Lumpur/Selangor Road Safety Combined School as Service Director. (i.e. the President) and Council Affairs Director (i.e. the Vice President).

Lastly on behalf of the Club we would like to extend our sincere thanks to the President of Kuala Lumpur/Selangor Road Safety Combined School Mr. Santana (Maxwell), the Principal of this school Mr. Zachariah and our club adviser Mr. Chan Chee Man for their invaluable guidance and assistance.

S. Balasubramaniam.

Aim : To promote and instill an interest in Science and Mathematics.

Membership : 85

Meetings : Weekly with occasional 'emergency' committee meetings.

Activities : This year is a fruitful year for us. Our society has proved to be one of the most active societies in the school.

One of our major activities carried out this year included a trip to the Shell Refinery in Port Dickson.

Several prominent persons like Dr. Inder Singh (I.M.R.), Dr. S.H. Tham (Chinese Maternity Hospital, Pudu), Dr. Gurbaks Singh (Department of Agriculture) and Mr. Thomas Commen (Ministry of Health) were called upon to give lectures and talks to our members.

This year, our society joined the Association of Science and Mathematics Societies (ASAMS) to gain more knowledge through exchange during seminars and exhibitions which will benefit our members greatly.

The Inter-House Quiz was held at the end of May and Green House emerged as the champion with Blue house as the runner-up.

Several of our representatives also participated in the Inter-School Quiz organised by the Science and Mathematics Societies of other schools.

We are planning a few film show and a debate before the close of the year.

In conclusion, special thanks goes to all our advisers and last but not least, our principal, for their invaluable advice and guidance.

Another milestone in the progress of our group is the formation of the 33-member scout band. The Group takes the pride of having initiated the scout band in Selangor and Wilayah Persekutuan.

Since its official passing out parade on 3/4/76, the band had performed at 12 official functions. Our band is very popular and the demand is always there. We hope to expand by making it a 60-member band next year.

The other scouting activities are as usual. We held our annual campfire on 29 / 5 / 76. We have organised hikes and camps for our scouts and recruits.

We appreciate the untiring efforts of Encik Zainuddin in training up the band and all those who helped in kind or cash to form the scout band.

ICI paints start brighter and stay brighter.

When you open a can of ICI paint, the first thing that will catch your eye is its wonderfully bright colour. Spread the paint and you'll notice how easily it goes on to give you that bright 'just painted' look. A colourful look which will last even with hard scrubbing and exposure to the sun because of the many extra things we've put into every can of ICI paint. Things like stronger pigments and special anti-fungus ingredients to make sure our paints start brighter and stay brighter.

We do this so that ICI Dulux gloss stays bright and shiny and ICI Pentalite emulsion keeps clean and colourful.
